

Magnus Hansson steps down as CFO of Lime Technologies

Lime Technologies AB (publ)'s Chief Financial Officer (CFO) Magnus Hansson has today announced that he is terminating his employment. Recruitment of a replacer will begin immediately. To ensure an orderly transition, Magnus will continue in his current role until a new CFO is in place. Magnus Hansson has been CFO since 2015 and has, among other things, been part of taking Lime to the stock market in 2018.

"Magnus has played a key role at Lime, not least during the listing process. I have had the privilege of working with Magnus for many years. He has always been a true team player and a valued colleague. I wish Magnus the best of luck", says Nils Olsson, CEO of Lime.

"Lime is about to embark on a new and exciting part of its growth journey as the business evolves in Europe, securing future profitable growth. I am both happy and proud to have been able to be part of Lime's development during these years, but now I have landed that it is time for a new challenge", says Magnus Hansson.
