

Press release

27 March 2023

Nivika has carried out its directed new share issue of class B shares, raising proceeds of approximately SEK 750m

The Board of Directors of Nivika Fastigheter AB (publ) ("Nivika" or the "Company") has, in accordance with the Company's press release earlier today, resolved on its directed new share issue of 19,736,842 shares at a subscription price of SEK 38 per share (the "Share Issue"). Through the Share Issue, the Company raises proceeds of approximately SEK 750m before transaction costs. The subscription price has been determined through an accelerated bookbuilding procedure conducted by ABG Sundal Collier AB ("ABG Sundal Collier"), Arctic Securities AS, filial Sverige ("Arctic Securities"), Danske Bank A/S, Danmark, Sverige Filial ("Danske Bank") and Skandinaviska Enskilda Banken AB ("SEB"), jointly (the "Joint Bookrunners"). A number of professional and institutional investors participated in the Share Issue, including Swedbank Robur, Öhman Fonder, Weland, Santhe Dahl, CEO Niclas Bergman, Benny Holmgren and Håkan Eriksson. The Share Issue is subject to subsequent approval from an extraordinary general meeting (the "EGM"), and a separate notice will be published shortly.

Nivika's Board of Directors (the "**Board**") has, in accordance with the Company's press release earlier today, resolved on its directed new share issue of 19,736,842 shares, at a subscription price of SEK 38 per share, subject to the subsequent approval of the EGM, consequently raising proceeds of approximately SEK 750m before transaction costs. The subscription price corresponds to a premium of approximately 5.7% in relation to the closing price on 27 March 2023. The Company's largest shareholders Santhe Dahl, CEO Niclas Bergman, Benny Holmgren and Håkan Eriksson, together holding 47.1% of the share capital and 78.8% of the votes, have participated in the Share Issue with an amount of SEK 327m. Furthermore, these owners as well as additional existing owners, who together represent 75.6% of the share capital and 95.0% of the votes, have undertaken or intend to vote in favour for the Share Issue at the EGM. The existing owner Weland intends to vote in favour for the Share Issue and has participated in the Share Issue with an amount of SEK 300m. Given Weland's commitment in the Share Issue, some of the main owners in Nivika have undertaken to exchange parts of Weland's class B shares for existing class A shares which after the planned exchange implies that Weland will own 11.6% of the capital and 11.4% of the votes.

Nivika assesses, based on the unforeseen and rapid change in the interest rate environment as well as current market views of future interest rates, that Nivika's growth ambitions are challenged by higher financial costs and the uncertainty around the upcoming bond maturities. Therefore, the Board believes that it is a priority to strengthen the balance sheet and the interest coverage ratio, improve cash flow and increase the financial flexibility through the Share Issue. Furthermore, Nivika is experiencing a strong rental market with good demand from existing and new tenants for both residential and commercial properties and has the ambition to continue working towards a strengthened balance sheet.

The Board has carefully considered the option to raise the proceeds through a rights issue and makes the assessment that there are currently several reasons why it is preferable for the Company and the shareholders to raise the proceeds through its directed new share issue. A rights issue would entail higher total costs for the Company, mainly due to the procurement of a guarantee consortium, especially in the current volatile market environment. Furthermore, a rights issue would be significantly more time consuming, which would have a negative impact on the Company's ability to act and on its financial situation, and thus lead to generally higher risks in the prevailing, volatile, financing market where the Board's and the Company's ambition is to strengthen the financial position. Furthermore, a rights issue would likely lead to higher dilution for non-participating shareholders. Against this background, the Board's overall assessment is that, in this particular case, the reasons for carrying out the Share Issue in this manner outweigh the principal rule that new share issues shall be carried out with pre-emptive rights for existing shareholders, and that a new share issue with deviation from the shareholders' pre-emptive rights is in the interest of the Company and all shareholders.

NOT FOR RELEASE, DISTRIBUTION OR PUBLICATION, IN WHOLE OR IN PART, DIRECTLY OR INDIRECTLY, IN OR INTO AUSTRALIA, CANADA, HONG KONG, JAPAN, NEW ZEELAND, SINGAPORE, SOUTH AFRICA, SWITZERLAND, THE UNITED STATES OR ANY OTHER JURISDICTION IN WHICH THE RELEASE, DISTRIBUTION OR PUBLICATION OF THIS PRESS RELEASE MAY BE UNLAWFUL, WOULD REQUIRE REGISTRATION OR ANY OTHER MEASURES.

The Company's outstanding bonds currently amount to a total of SEK 1,250m with first maturity in September 2023. Nivika intends to use the net proceeds from the Share Issue to repay the bonds up to a corresponding amount and intends to initiate a dialogue with the bondholders to amend the bond terms. This will overall lead to substantially lower financial costs, greater financial flexibility and a strengthened long-term financial position for the Company.

The Share Issue has been carried out with deviation from the shareholders' pre-emptive rights and has been resolved by the Board subject to subsequent approval from the EGM which is planned to be held around the 2 May 2023, but no later than 11 May 2023, and that the increase in the share capital is registered with the Swedish Companies Registration Office no later than 23 May 2023. The Company intends to prepare a prospectus regarding the admission to trading of the new class B shares which are issued (the "**Prospectus**"). The Prospectus is subject to approval from the Swedish Financial Supervisory Authority. A separate notice to the EGM will be published shortly. At least nine-tenths of both the votes and the shares represented at the EGM will apply as a majority requirement for the Share Issue's approval at the EGM. The subscription price and the total number of new class B shares was determined through an accelerated bookbuilding procedure conducted by the Joint Bookrunners. Admission to trading of the new class B shares is planned for after the approval from the EGM and the Swedish Financial Supervisory Authority's approval of the Prospectus. By establishing the subscription price through an accelerated bookbuilding procedure to professional and institutional investors, it is the assessment of the Board that the subscription price accurately reflects current market conditions and demand. The Board therefore makes the assessment that the subscription price has been determined in such a way that market terms have been ensured.

The Company's board members and senior executives have, towards the Joint Bookrunners, subject to customary exemptions, agreed to not divest any shares in Nivika during a period of 180 calendar days from the first settlement date of the Share Issue.

Participants in the Share Issue were a number of professional and institutional investors, including Swedbank Robur, Öhman Fonder, Weland, Santhe Dahl, CEO Niclas Bergman, Benny Holmgren and Håkan Eriksson.

The Share Issue implies that the total number of shares in Nivika increases by 19,736,842, from 58,170,205 to 77,907,047, the total number of votes increases by 19,736,842, from 282,133,405 to 301,870,247 and that the share capital increases by SEK 9,868,421, from SEK 29,085,102.50 to SEK 38,953,523.50, which implies a dilution effect for existing shareholders of approximately 25.3% based on the total number of shares in Nivika after the Share Issue and approximately 6.5% based on the total number of votes in Nivika after the Share Issue.
