

PRESS RELEASE

Helsingborg 30th April 2010

Nederman's acquisition of Dantherm Filtration complete

The acquired business will be consolidated into the Nederman Group from today, 30 April 2010.

The acquisition means that Nederman Holding AB will double its business and become the global market leader in industrial air filtration. The acquired company, Dantherm Filtration, is a leading industrial air filtration equipment manufacturer. Dantherm Filtration had sales of almost SEK 980 million in 2009 with 900 employees and prior to the acquisition was a business area of the listed Danish Group Dantherm A/S.

The deal is presented in further detail in a press release issued on 26 March 2010. Nederman will notify the future effects to the Group in conjunction with the Q2 report.

Facts about Nederman

Nederman, one of the world's leading environment technology companies, develops, produces and markets products and systems for the extraction of dust, smoke, vehicle exhaust fumes and equipment for industrial cleaning. Nederman also produces and sells a comprehensive range of hose and cable reels.

The company's commitments to customers include everything from pre-studies and project work to installation, operational start-up and service.

Nederman's products and systems are marketed via its own subsidiaries in 25 countries and by agents and distributors in more than 50 countries.

The Group is listed on the OMX Small Cap list, Sweden and has around 760 employees.
