

PRESS RELEASE

Helsingborg, September 1, 2015

Nederman acquires company with leading expertise in industrial process- and air treatment.

Nederman has signed an agreement to acquire 100 % of the shares in Filtac AB, a company active in process- and air treatment for industrial applications.

Filtac holds patents for leading technologies and products targeting oil mist treatment, a residue from metal fabrication. Filtac has a revenue of 50 MSEK and is located in Kinna, Sweden. The company has 15 employees.

"The acquisition of Filtac gives us access to world-leading technology and in-depth knowledge of, for example, capture and filtering of oil mist. Combined with our global sales network, we gain a strong position in this interesting market", says Sven Kristensson, Nederman's President and CEO.

"It is with great pleasure I acknowledge that Filtac now becomes part of the most knowledgeable organization in the area of process- and air treatment. Nederman's organization gives us the Group advantages needed to continue our growth on a broader, international arena", says Johan Bergdahl, founder and President of Filtac.

Filtac is incorporated in the Nederman Group from September 1, 2015.
