

PRESS RELEASE

Helsingborg, October 19, 2015

## **Nederman receives order in China with an order value of SEK 26 million**

**Nederman China has received an order for a boiler flue gas cleaning project. The customer is building district heating in China using environmentally friendly coal fired power plant technology. The order value is SEK 26 million.**

The solution will provide an efficient low emission two-stage system with dust filtration and dry scrubbing for additional emission elimination. Nederman will provide design, manufacturing and installation.

“This is an important breakthrough into the district heating flue gas cleaning market in China and shows how Nederman can bring good solutions that will help China combat air pollution”, said Torbjörn Bäck, SVP Division APAC.

The order was booked in the third quarter of 2015 and deliveries are expected to start in Q4, 2015.
