Proposed guidelines for remuneration and other terms of employment for senior executives (item 14)

The Board proposes that essentially the same principles that were adopted at the 2017 Annual General Meeting are also applied to 2018. The guidelines entail that a fixed salary is paid for satisfactory work. In addition, there is the opportunity for variable compensation linked to the Company's earnings and capital tied up. The variable compensation can amount to a maximum of 30-50 per cent of the annual salary depending on the individual's position of employment with the Company.

The CEO's pension plan is a defined contribution plan with an annual premium equivalent to 35 per cent of the annual basic salary. For other senior executives, pension payments are in accordance with the contractual collective ITP plan, except for two executives for whom pension contributions are made at 8 x the base amount per year and a maximum of 30% of basic salary respectively.

If the CEO tenders his resignation, a 6-month period of notice will apply. If the company terminate the CEO's employment, the CEO will be entitled to a sum equivalent to 18-24 monthly salaries (the last six months with reservation for new employment). For other senior executives, a maximum period of notice of twelve months applies for termination by the Company and six months for resignation by executives. No agreements exist

between Board members or senior executives and Nederman or any of its subsidiaries in regard to benefits after the end of their terms or positions of employment. Nederman's corporate management currently consists of seven persons (including the CEO).

The guidelines do not cover remuneration under such incentive programs as from time to time may be specifically determined by the General Meeting of Shareholders.

Proposed decision for (A) authorisation for the Board to decide on the acquisition of the Company's own shares and (B) the transfer of the Company's own shares (item 15)

The Board of Directors proposes that the Annual General Meeting decides to acquire and transfer respectively the Company's own shares in accordance with that stated below.

Background

The Board believes that situation may arise during the period until the next Annual General Meeting when there will be a need to repurchase shares and to transfer them. For instance, this may arise in the context of industrial acquisitions and other structural developments of the operations of the Nederman Group.

(A) The Board's proposal for a decision to authorise the Board to decide on the acquisition of the company's own shares.

The Board proposes that the AGM authorise the Board to decide, on one or more occasions during the period until the 2019 AGM, to acquire the Company's own shares as follows:

- (i) Acquisition of the Company's own shares can take place on Nasdaq Stockholm at a price within the registered share price interval at any time, the interval being defined as the range between the highest buying price and lowest selling price.
- (ii) Acquisition of the Company's own shares may be made so that the Company's holding of its own shares amounts to a maximum of ten (10) per cent of all shares in Nederman.

(B) The Board's proposal for authorisation to transfer the Company's own shares

The Board proposes that the AGM authorise the Board to decide, on one or more occasions during the period until the 2019 AGM, to transfer the Company's own shares as follows:

- (i) Transfer may be made of a maximum of the number of shares that are held by the Company at the time of the Board's decision and which are not required for the delivery of shares under the Company's incentive programme.
- (ii) Transfer of the Company's own shares can take place on Nasdaq Stockholm at a price within the registered share price interval at any time, the interval being defined as the range between the highest buying price and lowest selling price.
- (iii) Transfer of shares may take place as payment in full or in part of the purchase price for the acquisition of companies or business or in connection with a merger, whereby the payment shall correspond to the assessed market value.
- (iv) Payment for transferred shares may be made in cash, in kind or by set-off of a receivable.
- (v) Transfer may be made with deviation from the shareholders' preferential rights.

The purpose of the authorisations and the reason for the deviation from shareholders' preferential rights is to create a readiness for the Board to fully or partially finance industrial acquisitions with the Company's own shares and to allow other structural development of the operations of the Nederman Group.

The Board's proposed decision under items 15 requires approval of shareholders representing at least two thirds of both the votes cast and the shares represented at the AGM.

Proposed decision on share split (item 16)

The Board of Nederman Holding Aktiebolag proposes, with the purpose to facilitate the trade in the company's shares at Nasdaq Stockholm, that the Annual General Meeting 2018 resolves on a share split as follows:

- (i) to increase the number of shares in the company by dividing every share into three (3) shares (Sw. aktiesplit 3:1),
- (ii) to authorise the Board to determine the record date for the share split, however not later than 31 May 2018, and
- (iii) to authorise the Board, or any person appointed by the Board, to make necessary adjustments to the resolution in order to enable registration of the share split with the Swedish Companies Registration Office (Sw: Bolagsverket) or Euroclear Sweden AB's administration.

The share split will result in an increase of shares in the company from 11,715,340 to 35,146,020. The proposed share split will result in a change of the share's par value from SEK 0.1 to SEK 0.03.
