Resolution regarding Performance Share Plan and sale of bought-back shares under the Plan

The Annual General Meeting decided to introduce a Performance Share Plan, in accordance with the Board's proposal. Participation in the Performance Share Plan 2017 entails, similar to last year's plan and among other things, that the maximum variable salary portion is adjusted downwards. Participants are allotted share rights, which after a vesting period of three years gives the right to shares, provided that certain conditions have been fulfilled, including a financial performance target linked to accumulated earnings per share for Nobia during the 2017 and 2018 fiscal years.

For the Performance Share Plan, the Annual General Meeting resolved, in accordance with the Board's proposal, to sell a maximum of 1,500,000 bought-back Nobia shares to the participants of the Plan.
