# Rejlers signs new agreement with TeliaSonera Norge

Rejlers has signed an agreement with TeliaSonera Norge AS for corrective maintenance for NetCom in Norway. These are central services to enable NetCom to operate its network with an extremely high level of demand for coverage quality and uptime. Rejlers is thus expanding its collaboration with TeliaSonera Norge/NetCom at a time when the company is setting world records for data speeds on commercial mobile networks. The agreement will be valid for three years.

"We are proud of this renewed confidence in us and of the fact that we continue to be an important supplier and cooperation partner of TeliaSonera in Norway," says Morten Thorkildsen, Managing Director of Rejlers Norge.
