Rejlers Embriq signs contract with L&T Infotech about IT- services

Rejlers Embriq has entered into an agreement with the Indian company L&T Infotech regarding the supply of IT-services within infrastructure worth around NOK 60 million. The services will be produced in Norway and supplied in Norway and Sweden.

Infrastructure as a service

The agreement covers infrastructure supplied as a service, Infrastructure as a service (IaaS), including disk and server capacity as well as other high-tech server infrastructure supplied from hybrid data centres. The agreement has a combined value of approx. NOK 60 million spread over the 5-year agreement period. The agreement also includes a range of options for relevant expansions and additional services.
