#### 6% SENIOR CONVERTIBLE NOTES REPAID IN FULL

DRDGOLD announced today that it has repaid in full its outstanding 6% Senior Convertible Notes due 2006.

DRDGOLD had raised the money in November 2002 for new acquisitions and capital expansion programmes.

The most significant of these were:

- the initial purchase of a 19.9% stake in Emperor Mines, which subsequently led to the creation of the third-largest ASX listed gold producer. DRDGOLD’s holding in Emperor Mines is now 78.72%.
- the building of a new surface plant at DRDGOLD South Africa’s Blyvooruitzicht operation, enabling it to re-process vast surface resources. The new surface plant is producing around 30 000 oz of gold annually at below \$300/oz.

By repaying the Notes in cash, DRDGOLD has also lowered its fully diluted share capital by 17.6m shares, the underlying equity of the original Notes.

The aggregate principal amount of the Notes is US\$66 million, plus the accrued original issue discount and interest.

DRDGOLD paid a total of US\$69 630 000 to the holders of the Notes from cash reserves and borrowing facilities when they matured on 12 November 2006. DRDGOLD’s obligations under the Notes have now been satisfied and discharged.

Statements in this announcement may include forward-looking statements within the meaning of the Securities Act and the Exchange Act.
