

The District Court of Helsinki has given its ruling on the case relating to Talvivaara Mining disclosure practices and involving Endomines AB's CEO

Endomines has been informed that the District Court of Helsinki has today given its ruling on the case relating to Talvivaara Mining Company Plc's disclosure practices in 2012 and 2013. The prosecutor had brought charges against three members of Talvivaara's management, and in her role as the former CFO and Board member of Talvivaara, also Saila Miettinen-Lähde was prosecuted under Finnish law in two counts of securities market information offence.

In its ruling, the District Court dismissed the other count concerning Saila Miettinen-Lähde, but imposed a fine on her for the other. The decision is not yet final, and the case may be appealed to the Court of Appeals. On her part, Saila Miettinen-Lähde finds the District Court's ruling erroneous and will appeal the case to the Court of Appeals.

The Board of Endomines has been duly informed of the case and has continuously full confidence in Saila Miettinen-Lähde and her ability to continue acting as the CEO of Endomines.
