

## **Net Insight receives expansion order from leading media operator in Europe**

**Stockholm, Sweden – Net Insight, a leading developer of efficient and scalable transport solutions for media, IP and broadcast networks, has received an expansion order for Nimbra equipment from a leading media operator in Europe for its media network.**

A leading European media operator runs a large multi-service media network based on Net Insight's Nimbra platform for a complete set of professional media services, such as digital terrestrial TV (DVB-T), radio distribution, TV production and contribution from football arenas and studio-to-studio video connectivity. As a result of increased requirements of media transportation the operator expands its Nimbra platform.
