

## European media operator selects Net Insight for international network extension

**Stockholm, Sweden – Net Insight, a leading developer of efficient and scalable transport solutions for media, IP and broadcast networks, has received an expansion order for delivery of additional Nimbra equipment from a media operator in Europe for its contribution network.**

The media operator in Europe operates a contribution network based on Net Insight's Nimbra platform transporting both uncompressed and compressed media. The operator is now expanding the media contribution network with an additional international site.
