

## **Net Insight wins significant order from Network Provider in South Korea**

**STOCKHOLM, Sweden – Net Insight, a leading provider of efficient and scalable transport solutions for media, IP and broadcast networks, today announces that a major network provider has selected the company's Nimbra MSR platform for contribution and distribution services throughout South Korea.**

The contract was won in partnership with Net Insight's premium partner Sanam Technology. The solution offered provides video, audio and data services with hitless protection along with a central management system for monitoring and provisioning, all integrated in a one-box solution.

The order value exceeds SEK 10 million and delivery will take place during Q3 and Q4 2012.

"Once again the Net Insight Nimbra platform is selected by a large network provider and this is the second deployment of the Nimbra platform in South Korea", says Fredrik Trägårdh, CEO of Net Insight.
