Decision regarding the nomination committee for the AGM 2026

The AGM resolved that the Nomination Committee for the 2026 Annual General Meeting shall consist of Bengt Stillström, Lars Johansson, Mats Egeholm and Petter Stillström.

Authorisation for the Board to decide on new issues of shares

The Annual General Meeting granted the Board authorization, during the period until the next Annual General Meeting, on one or more occasions, with or without preferential rights for the shareholders, to make decisions regarding new issues of a maximum of 700,000 shares, corresponding to in total approximately 9.5 percent of the share capital. The decision on a new issue may contain conditions stating that the shares issued may be paid by issue in kind, offsetting, or otherwise under conditions in accordance to the Swedish Companies Act 13 chapter 5§ first paragraph 6. The Board is authorized also to decide on the other terms of a new issue of shares.

The decision was taken with the required majority.

The reason for the authorization is to enable the company to issue shares as payment for acquisitions of companies or shares of companies and/or assets, which the Board deems to be of value to the ProfilGruppen group's activities, or in order to strengthen the company's capital position.

Adoption of statements

The income statement and balance sheet as well as the consolidated income statement and the consolidated balance sheet for the 2024 financial year were adopted. The Board's remuneration report was approved.
