¹ Certain supplemental performance measures are provided in addition to, but not as a substitute for, performance measures determined in accordance with GAAP. These supplemental measures may not be comparable to non-GAAP performance measures of other companies. "Operating Income, as Adjusted," "Net Income attributable to Virtus Investment Partners, Inc., as Adjusted," "Operating Margin, as Adjusted," and "Earnings per Share - Diluted, as Adjusted" are supplemental non-GAAP measures that net the distribution and administration expenses against the related revenue and remove certain non-cash and other identified amounts. For our definition of these terms, as well as a reconciliation to GAAP measures, see "Non-GAAP Information and Reconciliations" in the Supplemental Financial Information, included as an attachment to this annual report after the Form 10-K.

² Consists of multi-asset offerings not included in equity, fixed income, and alternatives.

³ Consists of managed futures, event-driven, real estate securities, infrastructure, long/short, and other strategies.

This report may contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 which, by their nature, are subject to significant risks and uncertainties. Virtus Investment Partners, Inc. intends for these forward-looking statements to be covered by the safe harbor provisions of the federal securities laws relating to forward-looking statements. For a further discussion, see "Special Note About Forward-Looking Statements" of the attached Form 10-K.

Message to Shareholders

To Our Fellow Shareholders:

We continued to execute on our long-term business plan during 2024, resulting in an improvement in financial and operating outcomes from the prior year and considerable progress on foundational strategic activities, but with challenging sales and net flows that reflected industry trends.

The year brought a complex market environment impacted by the challenges of inflation, fluctuating interest rates, and geopolitical tensions which contributed to volatility. Momentum investing dominated U.S. equity markets more than any other factor in 2024 as investors concentrated on U.S. large-cap equity strategies, led by mega cap technology stocks. For fixed income, as interest rates began to decline, there was an increase in investor appetite for credit risk, which benefited the Company with positive flows in fixed income strategies.

We met the market challenges by remaining focused on strategic growth through product quality and diversification, distribution growth and expansion, and enhancing operational efficiencies.

Product Quality and Diversification

Thoughtfully expanding offerings allows us to maintain diversified investment strategies and product structures and increase our competitiveness in key market segments. We completed product launches in focus areas with the introduction of: nine retail separate account strategies from seven different managers; four global funds for non-U.S. investors; and three exchange traded funds (“ETFs”), including two less-correlated products that further leverage the capabilities of our managers. The success of this approach was demonstrated during 2024 as sales of retail separate accounts, ETFs, and global funds increased from the prior year.

- Retail separate account sales increased by 29% to \$8.6 billion with positive net flows that increased by 135% to \$1.7 billion;
- ETF sales increased by 243% to \$1.5 billion and assets under management (“AUM”) increased by 97% to \$3 billion as of December 31, 2024, the largest percentage increase in AUM for any product category for the year; and
- Global funds sales and net flows both increased by 32%, leading to total global funds AUM of \$5.2 billion as of December 31, 2024.

Our investment managers maintained strong relative investment performance across products and strategies, with 84% of retail separate account assets and 52% of institutional assets outperformed their respective benchmarks on a five-year basis and 72% of rated U.S. retail fund assets received a 5- or 4-star Overall Morningstar™ Rating at December 31, 2024.¹

Total Shareholder Return²

January 1, 2009 – December 31, 2024

¹ Additional information regarding mutual fund investment performance is included as an attachment to this annual report after the Form 10-K.

² The companies that comprise our peer group for TSR comparison are listed in an attachment to this annual report after the Form 10-K.

³ The referenced non-GAAP measures are described and reconciled to GAAP reported amounts in an attachment to this annual report after the Form 10-K.

Distribution Growth and Expansion

We employ a comprehensive, dedicated multi-market and multi-channel distribution approach to provide one-point access to distinctive investment capabilities. Total sales of \$26.8 billion increased by 3% from \$25.9 billion in 2023 and included meaningful increases in retail separate accounts, ETFs, and global funds.

- We had positive net flows for retail separate accounts in seven of the last eight quarters and our wealth management business had positive net flows for each quarter in the past six years; and
- We continued to expand non-U.S. opportunities. Global distribution efforts resulted in 18% of year-end AUM held by international clients, compared with 10% three years prior. Sales to non-U.S. clients had a 1.1% net flow rate compared with net outflows for U.S.-based clients.

Enhancing Operational Efficiencies

Our operating model provides shared support services that enhance the effectiveness and leveragability of the business. We have also maintained a disciplined focus on expense management that led to flat other operating expenses over the past three years, even with investments in the business and the addition of new investment managers.

- The common operating platform deployment continued with the build-out of additional performance and risk analytics and enhanced client reporting capabilities;
- The wholesaler coverage model was realigned to increase productivity and expand support for the RIA channel; and
- The structure of international operations was transitioned to support distribution activities in the U.K. and E.U. countries.

Financial and Operating Results

The Company reported strong financial results in net income, as adjusted, and diluted earnings per share (“EPS”) compared to the prior year. The positive outcomes reflected market appreciation and the management of expenses, resulting in margin expansion of 100 basis points.

- We ended the year with AUM at \$175.0 billion, a 2% increase over AUM of \$172.3 billion at December 31, 2023, as positive market performance across asset classes offset total net outflows;

- Our net income attributable to Virtus Investment Partners, Inc. was \$121.7 million compared with \$130.6 million in 2023, with related operating margins of 20.1% and 17.9%, respectively. Net income attributable to Virtus Investment Partners, Inc., as adjusted, improved by 17% to \$189.8 million from \$161.8 million and the related operating margin improved to 32.6% from 31.6%;³ and
- EPS, diluted, of \$16.89 compared with \$17.71 in 2023 and EPS, diluted, as adjusted, of \$26.33 increased 20% from \$21.93 in 2023.

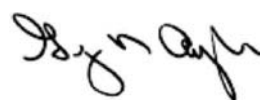

“We have the strategy, resources – and an unwavering commitment to our clients – to further grow our business.”

Our balanced and prudent approach to capital management allowed us to invest in growth initiatives, return meaningful capital to shareholders, and maintain appropriate levels of working capital and leverage. We increased the quarterly cash dividend by 18% to \$2.25 during the year, the seventh consecutive annual increase of the dividend, and repurchased \$45.0 million of common shares. As a result, we returned \$117.4 million to shareholders.

The unwavering dedication of everyone in our organization helped us execute across each primary strategic objective on behalf of our clients and shareholders. We delivered on key initiatives ranging from targeted product introductions for diversification into higher demand areas, repositioning of distribution resources and strategy to expand opportunities for our clients, and rationalization of functions and entities to facilitate future profitable growth.

As we move into 2025, we are optimistic about the opportunities that lie ahead and remain steadfast in our mission to be a distinctive and trusted provider of asset management solutions for individual and institutional investors. We thank you for your investment in our Company as we stay focused on strategic priorities, the long-term growth of the business, and delivering value to shareholders.

Sincerely,

George R. Aylward
President and Chief Executive Officer

Timothy A. Holt

PART I

SPECIAL NOTE ABOUT FORWARD-LOOKING STATEMENTS

This Annual Report on Form 10-K contains statements that are, or may be considered to be, forward-looking statements within the meaning of federal securities laws, including Section 27A of the Securities Act of 1933, as amended (the "Securities Act"); and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"); and the Private Securities Litigation Reform Act of 1995, as amended. All statements that are not historical facts, including statements about our beliefs or expectations, are "forward-looking statements." These statements may be identified by such forward-looking terminology as "expect," "estimate," "intent," "plan," "intend," "believe," "anticipate," "may," "will," "should," "could," "continue," "project," "opportunity," "predict," "would," "potential," "future," "forecast," "guarantee," "assume," "likely," "target" or similar statements or variations of such terms.

Our forward-looking statements are based on a series of expectations, assumptions and projections about the Company and the markets in which we operate, are not guarantees of future results or performance, and involve substantial risks and uncertainty, including assumptions and projections concerning our assets under management, net asset inflows and outflows, operating cash flows, business plans and ability to borrow, for all future periods. All forward-looking statements contained in this Annual Report on Form 10-K are as of the date of this Annual Report on Form 10-K only.

We can give no assurance that such expectations or forward-looking statements will prove to be correct. Actual results may differ materially. We do not undertake or plan to update or revise any such forward-looking statements to reflect actual results, changes in plans, assumptions, estimates or projections, or other circumstances occurring after the date of this Annual Report on Form 10-K, even if such results, changes or circumstances make it clear that any forward-looking information will not be realized. If there are any future public statements or disclosures by us that modify or impact any of the forward-looking statements contained in or accompanying this Annual Report on Form 10-K, such statements or disclosures will be deemed to modify or supersede such statements in this Annual Report on Form 10-K.

Our business and our forward-looking statements involve substantial known and unknown risks and uncertainties, including those discussed under "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" in this Annual Report on Form 10-K, resulting from: (i) reduction in our assets under management; (ii) inability to achieve the expected benefits of strategic transactions; (iii) withdrawal, renegotiation or termination of investment management agreements; (iv) damage to our reputation; (v) inability to satisfy financial debt covenants and required payments; (vi) inability to attract and retain key personnel; (vii) challenges from competition; (viii) adverse developments related to unaffiliated subadvisers; (ix) negative changes in key distribution relationships; (x) interruptions, breaches, or failures of technology systems; (xi) loss on our investments; (xii) lack of sufficient capital on satisfactory terms; (xiii) adverse regulatory and legal developments; (xiv) failure to comply with investment guidelines or other contractual requirements; (xv) adverse civil litigation, government investigations, or proceedings; (xvi) unfavorable changes in tax laws or limitations; (xvii) impediments from certain corporate governance provisions; (xviii) losses or costs not covered by insurance; (xix) impairment of goodwill or other intangible assets; and other risks and uncertainties. Any occurrence of, or any material adverse change in, one or more risk factors or risks and uncertainties referred to in this Annual Report on Form 10-K and our other periodic reports filed with the SEC could materially and adversely affect our operations, financial results, cash flows, prospects and liquidity.

Certain other factors that may impact our continuing operations, prospects, financial results and liquidity, or that may cause actual results to differ from such forward-looking statements, are discussed or included in the Company's periodic reports filed with the SEC and are available on our website at www.virtus.com under "Investor Relations." You are urged to carefully consider all such factors.

Item 1. Business.

Organization

Virtus Investment Partners, Inc. (the "Company"), a Delaware corporation, commenced operations on November 1, 1995 and became an independent publicly traded company on December 31, 2008.

Our Business

We provide investment management and related services to institutions and individuals. We use a multi-manager, multi-style approach, offering investment strategies from our investment managers, each having its own distinct investment style, autonomous investment process and individual brand, as well as from select unaffiliated managers for certain of our funds. By offering a broad array of products, we believe we can appeal to a greater number of investors and have offerings across market cycles and through changes in investor preferences. Through our multi-manager model, we provide our investment managers with distribution, business and operational support.

We offer investment strategies for institutional and individual investors in different investment products and through multiple distribution channels. Our investment strategies are available in a diverse range of styles and disciplines, managed by differentiated investment managers. We have offerings in various asset classes (equity, fixed income, multi-asset and alternatives), geographies (domestic, global, international and emerging), market capitalizations (large, mid and small), styles (growth, core and value) and investment approaches (fundamental and quantitative). Our institutional strategies are offered to a variety of institutional clients through institutional separate and commingled accounts, including subadvisory services to other investment advisers. Our retail investment strategies are provided to individual investors through products consisting of: mutual funds registered pursuant to the Investment Company Act of 1940, as amended that include U.S. retail funds, exchange-traded funds ("ETFs"); Undertaking for Collective Investment in Transferable Securities and Qualifying Investor Funds ("global funds" and collectively with U.S. retail funds and ETFs the "open-end funds"); closed-end funds (collectively with open-end funds, the "funds"); retail separate accounts sold through intermediaries and wealth advisory services to high-net-worth clients through our wealth management business.

Our Investment Managers

We provide investment management services through our investment managers who are registered as investment advisers under the Investment Advisers Act of 1940, as amended (the "Investment Advisers Act"). The investment managers are responsible for portfolio management activities for our retail and institutional products operating under advisory, subadvisory or collateral management agreements. We also use the investment management services of select unaffiliated managers to sub-advise certain of our open- and closed-end funds. We monitor our managers' services by assessing their performance, style and consistency and the discipline with which they apply their investment process.

Our investment managers, their respective investment styles and assets under management as of December 31, 2024 were as follows:

Investment Manager	Location	Investment Style	Assets (in billions)
AlphaSimplex	Boston, MA	Systematic Alternatives	\$ 6.1
Ceredex Value Advisors	Orlando, FL	Value Equity	\$ 5.2
Duff & Phelps Investment Management	Chicago, IL	Listed Real Assets	\$ 12.3
Kayne Anderson Rudnick Investment Management	Los Angeles, CA	Quality-Focused Equity	\$ 67.9
Newfleet Asset Management	Hartford, CT	Multi-Sector Fixed Income	\$ 15.3
NFJ Investment Group	Dallas, TX	Global Value Equity	\$ 5.8
Seix Investment Advisors	Park Ridge, NJ	Specialty Fixed Income	\$ 12.6
Silvant Capital Management	Atlanta, GA	Growth Equity	\$ 2.4
Stone Harbor Investment Partners	New York, NY	Emerging Markets Debt	\$ 5.4
Sustainable Growth Advisers	Stamford, CT	Global Growth Equity	\$ 24.9
Virtus Multi-Asset	Hartford, CT	Global Multi-Asset	\$ 0.1
Virtus Systematic	San Diego, CA	Global Equity	\$ 0.5
Westchester Capital Management	Valhalla, NY	Event-Driven Alternatives	\$ 2.7
Zevenbergen Capital Investments (1)	Seattle, WA	Disruptive Growth Equity	\$ 2.1

(1) Affiliated through ownership of a minority interest.

Summary information regarding our select unaffiliated subadvisers, their respective investment styles and assets under management as of December 31, 2024 was as follows:

Unaffiliated Subadviser	Investment Style	Assets (in billions)
Voya Investment Management	Income & Growth and Convertible	\$ 9.4
Other	Various	\$ 2.3

Our Investment Products

Our assets under management are in open-end funds, closed-end funds, retail separate accounts and institutional accounts. Our earnings are primarily from asset-based fees charged for services relating to these various products, primarily investment management, but certain products include fund administration, distribution and shareholder services.

Assets Under Management by Product as of December 31, 2024

Products	(in billions)
Open-end funds (1)	\$ 56.1
Closed-end funds	10.2
Retail separate accounts (2)	49.5
Institutional accounts (3)	59.2
Total Assets Under Management	\$ 175.0

(1) Represents assets under management of U.S. retail funds, global funds and exchange traded funds.

(2) Includes investment models provided to managed account sponsors.

(3) Represents assets under management of institutional separate and commingled accounts including structured products.

Open-End Funds

Our U.S. retail funds are offered in a variety of asset classes, market capitalizations (large, mid and small), styles (growth, core and value) and investment approaches (fundamental and quantitative). Our ETFs are offered in a range of actively managed and index-based investment capabilities across multiple asset classes. Our global funds are offered in select investment strategies to non-U.S. investors. Summary information about our open-end funds by asset class as of December 31, 2024 was as follows:

(in millions)	Total Assets			Management Fee Range % (1)
	U.S. Retail Funds	ETFs	Global Funds	
Equity				
Domestic equity	\$ 19,692	\$ 161	\$ 607	2.50 - 0.29
International equity	2,558	12	4	2.50 - 0.49
Specialty equity	2,875	35	26	1.80 - 0.68
Global equity	363	—	1,858	1.85 - 0.55
Fixed Income				
Leveraged finance	2,683	301	46	1.70 - 0.38
Multi-sector	6,291	231	2,208	1.85 - 0.21
Hybrid	1,350	1,407		0.80 - 0.57
Emerging markets debt	260	12	383	1.60 - 0.55
Investment grade	624	16		0.50 - 0.17
Multi-Asset (2)	5,535	52	—	0.75 - 0.45
Alternatives (3)	5,583	824	76	1.65 - 0.45
Total Open-End Funds	\$ 47,814	\$ 3,051	\$ 5,208	

(1) Represents management fees earned as a percentage of average daily net assets. The percentages represent the range of management fees paid by the funds, from the highest to the lowest and includes the impact of breakpoints at which the fees for certain funds decrease as assets in such funds increase. Subadvisory fees paid on funds managed by unaffiliated subadvisers are not reflected.

(2) Consists of multi-asset offerings not included in equity, fixed income and alternatives.

(3) Consists of managed futures, event-driven, real estate securities, infrastructure, long/short and other strategies.

Closed-End Funds

Our closed-end funds are offered in a variety of asset classes, each of which is traded on the New York Stock Exchange. Summary information about our closed-end funds as of December 31, 2024 was as follows:

Asset Class	Total Assets (in millions)	Management Fee Range % (1)
Multi-Asset (2)	\$ 7,309	1.50 - 0.50
Fixed Income	1,375	1.00 - 0.50
Equity	911	1.25
Alternatives (3)	630	1.00
Total Closed-End Funds	\$ 10,225	

- (1) Represents management fees earned as a percentage of average daily net assets. The percentages represent the range of management fees paid by the funds, from the highest to the lowest and includes the impact of breakpoints at which the fees for certain funds decrease as assets in such funds increase. Subadvisory fees paid on funds managed by unaffiliated subadvisers are not reflected.
- (2) Consists of multi-asset offerings not included in equity, fixed income and alternatives.
- (3) Consists of managed futures, event-driven, real estate securities, infrastructure, long/short and other strategies.

Retail Separate Accounts

Intermediary-Sold Managed Accounts

Intermediary-sold managed accounts are individual investment accounts that are contracted through intermediaries as part of investment programs offered to retail investors.

Wealth Management Accounts

Wealth management accounts are investment accounts offered by certain of our investment managers directly to individual investors and include wealth advisory services and may utilize third-party investment services.

The following table summarizes our retail separate accounts by asset class as of December 31, 2024:

(in millions)	Total Assets	
	Intermediary-Sold Managed Accounts	Wealth Management Accounts
Equity		
Domestic equity	\$ 38,558	\$ 515
International equity	77	—
Global equity	443	2
Specialty equity	—	38
Fixed Income		
Leveraged finance	1,394	—
Investment grade	200	420
Emerging markets debt	16	—
Multi-Asset (1)	130	7,742
Alternatives (2)	1	—
Total Retail Separate Accounts	\$ 40,819	\$ 8,717

- (1) Consists of multi-asset offerings not included in equity, fixed income and alternatives.
- (2) Consists of managed futures, event-drive, real estate securities, infrastructure, long/short and other strategies.

Institutional Accounts

Our institutional clients include corporations, multi-employer retirement funds, public employee retirement systems, foundations and endowments. We also provide subadvisory services to unaffiliated mutual funds. In addition, we act as collateral manager for collateralized loan obligations ("CLOs").

The following table summarizes our institutional accounts by asset class as of December 31, 2024:

<i>(in millions)</i>	Total Assets	
	Separate Accounts	Commingled Accounts
Equity		
Domestic equity	\$ 21,336	\$ 446
International equity	1,025	283
Global equity	8,720	247
Fixed Income		
Leveraged finance	1,105	3,083
Multi-sector	1,165	—
Emerging markets debt	4,498	—
Investment grade	8,628	—
Alternatives (1)	7,171	1,054
Multi-Asset (2)	406	—
Total Institutional Accounts	\$ 54,054	\$ 5,113

(1) Consists of managed futures, event-driven, real estate securities, infrastructure, long/short and other strategies.

(2) Consists of multi-asset offerings not included in equity, fixed income and alternatives.

Other Fee Earning Assets

Other fee earning assets include assets for which we provide services for an asset-based fee but do not serve as the investment adviser. Other fee earning assets are not included in our assets under management. At December 31, 2024, we had \$2.3 billion of other fee earning assets.

Our Investment Management, Administration and Shareholder Services

Our investment management, administration and shareholder service fees earned in each of the last three years were as follows:

<i>(in thousands)</i>	Years Ended December 31,		
	2024	2023	2022
Open-end funds	\$ 317,990	\$ 305,238	\$ 335,585
Closed-end funds	59,184	58,136	63,841
Retail separate accounts	209,467	171,357	171,509
Institutional accounts	187,189	176,744	157,404
<i>Total investment management fees</i>	773,830	711,475	728,339
Administration fees	53,257	52,858	61,344
Shareholder service fees	21,037	20,999	24,518
Total	\$ 848,124	\$ 785,332	\$ 814,201

Investment Management Fees

We provide investment management services through our investment managers (each an "Adviser") pursuant to investment management agreements. For our funds, we earn fees based on each fund's average daily or weekly net assets with certain fee schedules providing for rate declines or "breakpoints" as asset levels increase to certain thresholds. For funds managed by subadvisers, the day-to-day investment management of the portfolio is performed by the subadviser, which receives a fee based on a percentage of the management fee. Each fund bears all expenses associated with its operations. In some cases, to the extent total fund expenses exceed a specified percentage of a fund's average net assets, the Adviser has agreed to reimburse the fund's expenses in excess of that level.

For intermediary sold retail separate accounts and institutional accounts, investment management fees are negotiated and based primarily on portfolio size and complexity, individual client requests and investment strategy capacity, as appropriate. In certain instances, institutional fees may include performance-related fees, generally earned if the returns on the portfolios exceed agreed upon periodic or cumulative return targets, primarily benchmark indices. Fees for CLOs are generally calculated at a contractual fee rate applied against the end of the preceding quarter par value of the total collateral being managed. Fees for wealth management accounts are generally based on a standard fee schedule that provides for rate declines or "breakpoints" as asset levels increase to certain thresholds.

Administration Fees

We provide various administrative services to our U.S. retail funds, ETFs and certain closed-end funds. We earn fees based on each fund's average daily or weekly net assets. These services include: record keeping, preparing and filing documents required to comply with securities laws, legal administration and compliance services, client service, supervision of the activities of the funds' service providers, tax services and treasury services as well as providing office space, equipment and personnel that may be necessary for managing and administering the business affairs of the funds.

Shareholder Service Fees

We provide shareholder services to our U.S. retail funds. We earn fees based on each fund's average daily net assets. Shareholder services include maintaining shareholder accounts, processing shareholder transactions, preparing filings and performing necessary reporting, among other things.

Our Distribution Services

Our products are offered through various retail and institutional distribution channels.

Retail

Our retail distribution resources in the U.S. consist of regional sales professionals, a national account relationship group and specialized teams for retirement and ETFs. Our U.S. retail funds, ETFs and intermediary sold retail separate accounts are distributed through financial intermediaries. We have broad distribution access in the U.S. retail market, with distribution partners that include national and regional broker-dealers, independent broker-dealers and registered investment advisers, banks and insurance companies. In many of these firms, we have a number of products that are on preferred or "recommended" lists and on fee-based advisory programs.

Our wealth management business is marketed directly to individual clients by financial advisory teams at our Advisers.

Institutional

Our institutional distribution resources include affiliate-specific institutional sales teams primarily focused on the U.S. market, supported by shared consultant relations and U.S. and non-U.S. institutional sales distribution. Our institutional products are marketed through relationships with consultants as well as directly to clients. We target key market segments, including foundations and endowments, corporations, public and private pension plans, sovereign wealth funds and subadvisory relationships.

Our Broker-Dealer Services

We operate a broker-dealer that is registered under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and is a member of the Financial Industry Regulatory Authority ("FINRA"). Our broker-dealer serves as the principal underwriter and distributor of our funds, provides market advisory services to sponsors of retail separate accounts, and is also a program manager and distributor of a qualified tuition plan under Section 529 of the Internal Revenue Code. Our broker-

dealer is subject to, among others, the net capital rule of the Securities and Exchange Commission (the "SEC"), which is designed to enforce minimum standards regarding the general financial condition and liquidity of broker-dealers.

Our Competition

The financial services industry is a highly competitive global business. We face significant competition from a wide variety of financial institutions, including other investment management companies. We also face competition from proprietary products offered by our distribution partners such as banks, broker-dealers and financial planning firms. Competition in our businesses is based on several factors, including, among others, product mix and offerings, investment performance, fees charged, access to distribution channels, service quality and innovation. Our competitors, many of which are larger than us, offer a wide range of financial and investment management services and products to the same retail, institutional and high-net-worth investors and accounts that we are seeking to attract.

Our primary source of distribution for retail products is through intermediaries that include third-party financial institutions such as: major wire-houses; national, regional and independent broker-dealers and financial advisors; banks and financial planners; and registered investment advisers. Because we rely on these intermediaries, we do not control the ultimate recommendations given to them by clients and they may recommend competing products. For more information on our competitive risks, refer to "Risk Factors – Risks Related to Our Industry, Business and Operations."

Our Regulatory Matters

The financial services industry is highly regulated, regulations are complex, and failure to comply with related laws and regulations can result in the revocation of registrations, the imposition of censures or fines and the suspension or expulsion of a firm and/or its employees from the industry. In the U.S., we are subject to regulation by the SEC, the U.S. Commodity Futures Trading Commission ("CFTC"), other federal and state agencies, as well as FINRA and the National Futures Association ("NFA").

Each of our Advisers is registered as an investment adviser with the SEC under the Investment Advisers Act. The Investment Advisers Act imposes numerous obligations on registered investment advisers, including fiduciary duties, compliance and disclosure obligations, and operational and recordkeeping requirements. Certain of our Advisers are also members of the NFA and are regulated by the CFTC with respect to the management of funds and other products that utilize futures, swaps, or other CFTC regulated instruments.

Our Advisers manage registered and unregistered funds in the U.S. and other jurisdictions and are subject to the regulatory requirements in the jurisdiction where those funds are sponsored or offered. In the U.S., the open-end funds, ETFs and closed-end funds we offer are subject to the Investment Company Act of 1940, as amended (the "Investment Company Act"). The Investment Company Act governs the operations of registered funds and imposes obligations on their advisers, including investment restrictions and other governance, compliance, reporting and fiduciary obligations with respect to the management of those funds.

Our Advisers operating outside of the U.S. are also subject to regulation by various regulatory authorities and exchanges in the relevant jurisdiction such as directives and regulations in the European Union and other jurisdictions related to funds, including the Undertakings for the Collective Investment of Transferable Securities ("UCITS") Directive and the Alternative Investment Fund Managers Directive ("AIFMD"), with respect to depository functions, remuneration policies and sanctions and other matters. Our global funds are registered with and subject to regulation by the Central Bank of Ireland.

Our broker-dealer, VP Distributors, LLC, is subject to SEC and FINRA rules and regulations, including extensive regulatory requirements related to sales practices, registration of personnel, compliance and supervision and compensation and disclosure. Sales and marketing activities of investment management services are also subject to regulation by non-U.S. authorities in the jurisdictions in which investment management products and services are offered. The ability to transact business in these jurisdictions and to conduct cross-border activities, is subject to the continuing availability of regulatory authorizations and exemptions. We have distribution teams that operate in the United Kingdom and Singapore and are subject to regulation by the Financial Conduct Authority and Monetary Authority of Singapore, respectively.

Virtus Fund Services, LLC is an SEC-registered transfer agent and is subject to the Exchange Act and the rules and regulations promulgated thereunder. These laws and regulations grant the SEC broad administrative powers to address non-compliance with regulatory requirements.

We may be considered a fiduciary under the Employee Retirement Income Security Act, as amended (“ERISA”) and related regulations with respect to certain assets that we manage for benefit plans subject to ERISA. ERISA, the regulations promulgated thereunder, and the applicable provisions of the Internal Revenue Code impose certain duties on persons who are fiduciaries under ERISA, prohibit certain transactions involving ERISA plan clients, and impose monetary penalties for violations of these provisions. The U.S. Department of Labor, which administers ERISA and regulates, among others, investment advisers who service retirement plan clients, has been active in proposing and adopting additional regulations applicable to the investment management industry, some of which are under legal challenge.

Due to the extensive laws and regulations to which we and our Advisers are subject, we devote substantial time, expense, and effort to remain current on, and to address, legal and regulatory compliance matters. We have established compliance programs to address regulatory compliance, and we have experienced legal and compliance professionals in place to address these requirements. We also have established legal and regulatory service providers in each of the countries where we conduct business. New regulations or interpretations of existing laws may result in enhanced disclosure obligations. Increased regulations generally increase our costs, and we could continue to experience higher costs if new laws require us to spend more time, hire additional personnel, or purchase new technology to comply effectively. For more information about our regulatory environment, refer to “Risk Factors – Legal and Regulatory Risks.”

Our officers, directors and employees may, from time to time, own securities that are also held by one or more of our funds or strategies offered to clients.

Human Capital

As of December 31, 2024, we employed 805 employees and operated offices throughout the U.S., and in the U.K. and Singapore. We strive to attract and retain talented individuals by creating an environment of excellence and opportunity that serves as a foundation for all employees to reach their potential and make meaningful contributions to the organization.

We offer competitive salaries and a comprehensive suite of benefits, including programs that support wellness, financial security, and professional development. As part of our offerings, we:

- Regularly assess and benchmark our compensation and benefit practices and conduct internal and external pay comparisons to assist us in ensuring that employees are compensated fairly, equitably and competitively.
- Offer career enhancement opportunities to maximize each employee's potential and develop leaders throughout the organization.
- Provide an education assistance program with tuition reimbursement for employees who wish to continue their education to secure increased responsibility and growth within the organization and in their careers.
- Offer benefits that promote financial and personal security including comprehensive medical, dental, prescription, disability and life insurance coverages as well as an employee assistance program; company match to employees' 401(k) contributions; and an employee stock purchase plan.
- Provide wellness programs that include health screenings and wellness earned premium rebates, as well as paid time off for vacation, illness, bereavement, parental and family care leave, and volunteer activities.

We rely upon key personnel to manage our business, including senior executives, portfolio managers, securities analysts, wealth advisers, sales personnel and other professionals. The retention of senior executives and key investment personnel is material to the management of our business.

Our value as a company derives from the talents and diversity of all employees, and we are committed to creating and maintaining an environment where every employee is treated with dignity and respect. The collective sum of employees' backgrounds, unique skills, and life experiences creates an environment where they and the company can achieve the highest levels of performance. Programs and practices - including those supporting workforce diversity, an inclusive culture, employee involvement in community activities and corporate philanthropy - are designed to help us deliver on our commitment to maintaining an organization that is diverse and inclusive for all employees.

- As an employer, we prohibit any form of discrimination and have no tolerance for harassment in any form or any behavior that may contribute to a hostile, intimidating, unwelcoming, and/or inaccessible work environment.
- Collaborative efforts with organizations, institutions, and referral sources support us in identifying diverse talent pools, increasing the diversity of backgrounds and experiences of potential candidates, and engaging with employees across the organization to raise the awareness of and advance our inclusion efforts.
- Community engagement is ingrained into our culture. The Company and employees have supported a wide

range of philanthropic activities that help to enrich and sustain the communities in which we have a business presence.

Available Information

Our Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, and all amendments to these reports filed or furnished pursuant to Section 13(a) or 15(d) of the Exchange Act, as well as proxy statements, are available free of charge on our website located at www.virtus.com as soon as reasonably practicable after they are filed with, or furnished to, the SEC. Reports, proxy and other information statements and other information regarding issuers that file electronically with the SEC, including our filings, are also available to the public on the SEC's website at <http://www.sec.gov>.

A copy of our Corporate Governance Guidelines, our Code of Conduct and the charters of our Audit Committee, Compensation Committee, and Governance Committee are posted on our website at <http://ir.virtus.com> under "Corporate Governance" and are available in print without charge to any person who requests copies by contacting Investor Relations by email to: investor.relations@virtus.com or by mail to Virtus Investment Partners, Inc., c/o Investor Relations, One Financial Plaza, Hartford, CT 06103. The Company may use its website as a distribution channel of material company information. Financial and other important information regarding the Company is routinely posted on and accessible through the Company's website at <http://ir.virtus.com>. In addition, you may automatically receive email alerts and other information about the Company when you enroll your email address by visiting <http://ir.virtus.com>. Information contained on the website is not incorporated by reference or otherwise considered part of this document.

Item 1A. Risk Factors.

This section describes some of the potential risks relating to our business. The risks described below are some of the more important factors that could affect our business. You should carefully consider the risks described below, together with all of the other information included in this Annual Report on Form 10-K, in evaluating the Company and our common stock. If any of the risks described below actually occur, our business, revenues, profitability, results of operations, financial condition, cash flows, reputation and stock price could be materially adversely affected.

RISKS RELATED TO OUR INDUSTRY, BUSINESS AND OPERATIONS

We earn substantially all of our revenues based on assets under management that fluctuate based on many factors, and any reduction would negatively impact our revenues and profitability.

The majority of our revenues are generated from asset-based fees from investment management products and services to individuals and institutions. Therefore, if assets under management decline, our fee revenues would decline, reducing profitability as certain of our expenses are fixed or have contractual terms. Assets under management could decline due to a variety of factors including, but not limited to, the following:

- **General domestic and global economic, political and other conditions.** Capital, equity and credit markets can experience substantial volatility. Changes in interest rates, the availability and cost of credit, inflation rates, economic uncertainty, changes in laws, trade barriers and tariffs, commodity prices, currency exchange rates, national and international political circumstances and conflicts, public health issues and other conditions may impact the capital, equity and credit markets. Employment rates, economic weakness and budgetary challenges in parts of the world, uncertainty regarding governmental regulations and international trade policies, conflicts such as in Ukraine and the Middle East, concern over prospects in China and emerging markets, and growing debt for certain countries all indicate that economic and political conditions remain unpredictable. Portfolios that we manage that are focused on certain geographic markets or industry sectors may be particularly vulnerable to political, social and economic events in those markets and sectors. Negative, uncertain or diminishing investor confidence in the markets and/or adverse market conditions as a result of the conditions listed herein, among others, may decrease investor risk tolerance and negatively impact security prices. Such impacts could prompt investors to reduce their rate of investment or to partially or fully withdraw from markets, which could reduce our overall assets under management and have an adverse effect on our revenues, earnings and growth prospects. In the event of extreme circumstances, including economic, political or business or public health crises, such as a widespread systemic failure in the global financial system, failures of firms that have significant obligations as counterparties, we may suffer significant declines in our assets under management and severe liquidity or valuation issues.
- **Real or perceived negative absolute or relative performance.** Sales and redemptions of our investment strategies can be

affected by investment performance relative to established benchmarks or other competing investment strategies. Negative absolute performance as a result of price declines in securities may also negatively impact our sales and redemptions and the value of our assets under management. Our investment management strategies are rated, ranked or assessed by independent third-parties, distribution partners and industry periodicals and services. Third party financial intermediaries, advisers or consultants may remove our investment products from recommended lists due to poor performance or for other reasons. These assessments often influence the investment decisions of clients and may lead to increased withdrawals of assets by existing clients and the inability to attract additional investments from new and existing clients.

We may engage in strategic transactions that could pose financial or business risks.

We have executed several inorganic transactions over the past years and we regularly evaluate potential transactions, including acquisitions, consolidations, joint ventures, strategic partnerships, or similar transactions, some of which could be significant. Our past acquisitions and strategic transactions have led to a significant increase in our assets under management and an expansion of our product and service offerings. Any transaction may also involve a number of risks, including underperforming relative to expectations, the loss of customers or personnel, additional demands on our staff, unanticipated problems regarding integration of operating facilities, technologies and new employees, and the existence of liabilities or contingencies not disclosed to, or otherwise unknown by, us prior to closing a transaction. Additionally, we cannot provide assurance that we will continue to be successful in closing on transactions or that we will achieve the anticipated benefits from a transaction, including such things as revenue, tax benefits or cost synergies.

Our investment management agreements are subject to renegotiation or termination on short notice, which could negatively impact our business.

Our clients include our sponsored fund investors, represented by boards of trustees or directors (the "fund boards"), managed account program sponsors, institutional clients, and individual private clients. Our investment management agreements with these clients may be terminated on short notice and without penalty. As a result, there would be little impediment for these clients to terminate our agreements. Our clients may renegotiate their investment contracts, or reduce the assets we manage for them, due to a number of reasons including, but not limited to: poor investment performance; loss of key investment personnel; a change in the client's or third-party distributors' decision makers; and reputational, regulatory or compliance issues. The fund boards may deem it to be in the best interests of a fund's shareholders to make decisions adverse to us, such as reducing the compensation paid to us, requesting that we subsidize fund expenses over certain thresholds, or imposing restrictions on our management of the fund. Under the Investment Company Act, investment management agreements automatically terminate in the event of an assignment, which may occur if, among other events, the Company undergoes a change in control, such as any person acquiring 25% of the voting rights of our common stock. If an assignment were to occur, we cannot be certain that the funds' boards and shareholders would approve a new investment management agreement. In addition, investment management agreements for the separate accounts we manage may not be assigned without the consent of the client. If an assignment occurs, we cannot be certain that the Company will be able to obtain the necessary approvals or client consents. The withdrawal, renegotiation or termination of any investment management agreement relating to a material portion of assets under management would have an adverse impact on our results of operations and financial condition.

Our business could be harmed by any damage to our reputation and lead to a reduction in our revenues and profitability.

Maintaining a positive reputation with existing and potential clients, the investment community and other constituencies is critical to our success. Our reputation is vulnerable to many threats that can be difficult or impossible to control, and costly or impossible to remediate even if they are without merit or satisfactorily addressed. Our reputation may be impacted by many factors including, but not limited to: poor performance; litigation; conflicts of interests; regulatory inquiries, investigations or findings; operational failures (including cyber breaches); intentional or unintentional misrepresentation of our products or services by us or our third-party service providers; material weaknesses in our internal controls; or employee misconduct or rumors. Any damage to our reputation could impede our ability to attract and retain clients and key personnel, adversely impact relationships with clients, third-party distributors and other business partners, and lead to a reduction in the amount of our assets under management, any of which could adversely affect our results of operations and financial condition.

Our debt agreements contain covenants, required principal repayments and other provisions that could adversely affect our financial condition or results of operations.

We incur indebtedness for a variety of business reasons, including in relation to financing acquisitions and transactions. The indebtedness we incur can take many forms including, but not limited to, term loans or revolving lines of

credit that customarily contain covenants.

At December 31, 2024, we had \$236.1 million of total debt outstanding under its credit agreement, excluding debt of consolidated investment products ("CIP"), and had no borrowings outstanding under our \$175.0 million revolving credit facility. Under our credit agreement, we are required to use a portion of our cash flow to service interest and make required annual principal payments, which may restrict our cash flow available for other purposes. The credit agreement also contains covenants that may limit our ability to return capital to shareholders. We cannot provide assurances that at all times in the future we will satisfy all such covenants or obtain any required waiver or amendment, in which event all indebtedness could become immediately due. Any or all of the above factors could adversely affect our financial condition or results of operations.

We may need to obtain additional capital that may not be available to us in sufficient amounts or on acceptable terms, which could have an adverse impact on our business.

Our ability to meet our future cash needs is dependent upon our ability to generate or have short-term access to cash. Although we have generated sufficient cash in the past, we may not do so in the future. We had unused capacity under our revolving credit facility of \$175.0 million as of December 31, 2024. Our ability to access capital markets efficiently depends on a number of factors, including the state of credit and equity markets, interest rates and credit spreads. At December 31, 2024, we had \$236.1 million in debt outstanding, excluding the notes payable of our CIP for which risk of loss to the Company is limited to our \$111.1 million investment in such products. (See Note 19 of our consolidated financial statements for additional information on the notes payable of the CIP). We may need to raise capital to fund new business initiatives in the future, and financing may not be available to us in sufficient amounts, on acceptable terms, or at all. If we are unable to access sufficient capital on acceptable terms our business could be adversely impacted.

Our business relies on the ability to attract and retain key employees, and the loss of such employees could negatively affect our financial performance.

The success of our business is dependent to a large extent on our ability to attract and retain key employees, such as senior executives, portfolio managers, securities analysts and sales personnel. There is significant competition in the job market for these professionals and compensation levels in the industry are highly competitive. Our industry is also characterized by the movement of investment professionals among different firms.

If we are unable to continue to attract and retain key employees, or if compensation costs required to attract and retain key employees increase, our performance, including our competitive position, could be adversely affected. Additionally, we utilize equity awards as part of our compensation plans and as a means for recruiting and retaining key employees. Declines in our stock price would result in deterioration of the value of equity awards granted, thus lessening the effectiveness of using stock-based awards to retain key employees.

In certain circumstances, the departure of key investment personnel could cause higher redemption rates in certain strategies or the loss of certain client accounts. Any inability to retain key employees, attract qualified employees or replace key employees in a timely manner could lead to a reduction in the amount of our assets under management, which would have an adverse effect on our revenues and profitability. In addition, there could be additional costs to replace, retain or attract new talent that could result in a decrease in our profitability and have an adverse impact on our results of operations and financial condition.

We operate in a highly competitive industry that may require us to reduce our fees or increase amounts paid to financial intermediaries, which could result in a reduction of our revenues and profitability.

We face significant competition from a wide variety of financial institutions, including other investment management companies, as well as from proprietary products offered by our distribution partners such as banks, broker-dealers and financial planning firms. Competition in our businesses is based on several factors, including investment performance, fees charged, access to distribution channels and service to financial advisors and clients. Our competitors, many of which are larger, often offer similar products, use the same distribution sources, offer less expensive products, maintain greater access to key distribution channels, and have greater resources, geographic footprints and name recognition. Additionally, certain products and asset classes that we do not currently offer, such as passive or index-based products, are popular with investors. Existing clients may withdraw their assets in order to invest in these products, and we may be unable to attract additional investments from existing and new clients, which would lead to a decline in our assets under management and market share.

Our profits are highly dependent on the fees we earn for our products and services. Competition could cause us to reduce the fees that we charge. If our clients, including our fund boards, were to view our fees as being inappropriately high

relative to the market or the returns generated by our investment products, we may choose, or be required, to reduce our fee levels, or we may experience significant redemptions in our assets under management, which could have an adverse impact on our results of operations and financial condition.

We utilize unaffiliated firms to provide investment management services and any matters that adversely impact them or any change in our relationships with them could adversely affect our revenues and profitability.

We utilize unaffiliated subadvisers as investment managers for certain of our retail funds. Because we have no ownership interests in these firms, we do not control their business activities. Problems stemming from the business activities of those firms may negatively impact or disrupt their operations or expose them to disciplinary action or reputational harm. Furthermore, any such matters at these unaffiliated firms may have an adverse impact on our business or reputation or expose us to regulatory scrutiny, including with respect to our oversight of such firms.

We periodically negotiate provisions and renewals of these relationships, and we cannot provide assurance that such terms will remain acceptable to us or the unaffiliated firms. These relationships can also be terminated upon short notice without penalty. In addition, the departure of key employees at unaffiliated subadvisers could cause higher redemption rates for certain assets under management. An interruption or termination of unaffiliated firm relationships could affect our ability to market our products and result in a reduction in assets under management, which would have an adverse impact on our results of operations and financial condition.

We distribute our products through intermediaries and changes in key distribution relationships could reduce our revenues, increase our costs and adversely affect our profitability.

Our primary source of distribution for retail products is through intermediaries that include third-party financial institutions such as: major wire-houses; national, regional and independent broker-dealers and financial advisors; banks and financial planners; and registered investment advisers. We are highly dependent on access to these distribution systems to raise and maintain assets under management. These distributors are generally not contractually required to distribute our products and typically offer their clients various investment products and services, including proprietary products and services, in addition to, and in competition with, our products and services. While we compensate these intermediaries pursuant to contractual agreements, we may not be able to retain access to these channels at all or at similar pricing. Increasing competition for these distribution channels could cause our distribution costs to rise, which could have an adverse effect on our business, revenues and profitability. To the extent that existing or future intermediaries prefer to do business with our competitors, the sales of our products as well as our market share, revenues and profitability could decline.

We and our third-party service providers rely on numerous technology systems and any business interruption, security breach, or system failure could negatively impact our business and profitability.

Our technology systems, and those of third-party service providers, are critical to our operations. The ability to consistently and reliably obtain accurate securities pricing information, process client portfolio and fund shareholder transactions, and provide reports and other services to clients is an essential part of our business. Any delays or inaccuracies in obtaining pricing information, processing such transactions or reports, other breaches and errors, and any inadequacies in other client service could result in reimbursement obligations or other liabilities or alienate clients and potentially give rise to claims against us. Any failure or interruption of third-party systems, whether resulting from technology or infrastructure breakdowns, defects or external causes such as fire, natural disaster, computer viruses, acts of terrorism or power disruptions, or public health events could result in financial loss, negatively impact our reputation and negatively affect our ability to do business. Although we and our third-party service providers have business continuity and disaster recovery plans in place, we may nonetheless experience interruptions if a natural or man-made disaster, prolonged power outage, or other business interruption event were to occur, which could have an adverse impact on our business and profitability.

In addition, our computer systems are regularly the target of viruses or other malicious codes, unauthorized access, cyber-attacks or other computer-related penetrations. The sophistication of cyber threats continues to increase, including through the use of "ransomware" and phishing attacks, and our controls and the preventative actions we take to reduce the risk of cyber incidents and protect our information systems may be insufficient to detect or prevent unauthorized access, cyber-attacks or other security breaches to our systems or those of third parties with whom we do business. Our third-party service providers' systems may also be affected by, or fail, as a result of, catastrophic events, such as fires, floods, hurricanes and tornadoes. A breach of our systems, or of those of third-party service providers, through cyber-attacks or failure to manage and sufficiently secure our technology environment could result in interruptions or malfunctions in the operations of our business, loss of valuable information, liability for stolen assets or information, remediation costs to repair damage caused by a breach or to recover access to our systems, additional costs to mitigate against future incidents, and litigation costs resulting from an incident. Any of these conditions could have an adverse impact on our business and profitability.

We and certain of our third-party service providers receive and store personal information as well as non-public business information. Although we and our third-party service providers take precautions, we may still be vulnerable to hacking or other unauthorized use. A breach of the systems or hardware could result in unauthorized access to our proprietary business or client data or release of this type of data, which could subject us to legal liability or regulatory action under data protection and privacy laws, which may result in fines or penalties, the termination of existing client contracts, costly mitigation activities and harm to our reputation. The occurrence of any of these risks could have an adverse impact on our business and profitability.

We have significant capital invested in marketable securities, which exposes us to earnings volatility as the value of these investments fluctuate, as well as risk of capital loss.

We use capital to incubate new investment strategies, introduce new products or to enhance distribution access of existing products. At December 31, 2024, we had \$282.4 million of such investments, comprising \$171.3 million of marketable securities and \$111.1 million of net investments in CLOs. These investments are in a variety of asset classes, including alternatives, fixed income and equity strategies and first-loss tranches of CLO equity. Many of these investments employ a long-term investment strategy with an optimal investment period spanning several years. Accordingly, during this investment period, the capital held in these investments may not be available for other corporate purposes without significantly diminishing our investment return. We cannot provide assurance that these investments will perform as expected. Increases or decreases in the value of these investments could increase the volatility of our earnings, and an other-than-temporary or permanent decline in the value of these investments could result in the loss of capital and have an adverse impact on our results of operations and financial condition.

LEGAL AND REGULATORY RISKS

We are subject to an extensive and complex regulatory environment and changes in regulations or failure to comply with them could adversely affect our revenues and profitability.

The investment management industry in which we operate is subject to extensive and frequently changing regulation. We are subject to regulation by the SEC, other federal and state agencies, certain international regulators, as well as FINRA and other self-regulatory organizations. Each of our investment management subsidiaries and unaffiliated subadvisers is registered with the SEC under the Investment Advisers Act. There are various regulatory reform initiatives in the U.S. and other jurisdictions and new regulations or interpretations of existing laws may result in enhanced disclosure obligations which could negatively affect us or materially increase our regulatory burden. Increased regulations generally increase our costs, and we could continue to experience higher costs if new laws require us to spend more time, hire additional personnel, or purchase new technology to comply effectively.

Although we spend extensive time and resources to ensure compliance with all applicable laws and regulations, if we fail to properly adhere to our policies or modify and update our compliance procedures in a timely manner in this changing and highly complex regulatory environment, we may be subject to various legal proceedings, including civil litigation, governmental investigations and enforcement actions that could result in fines, penalties, suspensions of individual employees, or limitations on particular business activities, any of which could have an adverse impact on our revenues and profitability.

We manage assets under agreements that have investment guidelines or other contractual requirements and failure to comply could result in claims, losses, or regulatory sanctions, which could negatively impact our revenues and profitability.

The agreements under which we manage client assets often have established investment guidelines or other contractual requirements with which we are required to comply in providing our investment management services. Although we maintain various compliance procedures and other controls to prevent, detect and correct such errors, any failure or allegation of a failure to comply with these guidelines or other requirement could result in client claims, reputational damage, withdrawal of assets and potential regulatory sanctions, any of which could have an adverse impact on our revenues and profitability.

We could be subject to civil litigation and government investigations or proceedings, which could adversely affect our business.

Many aspects of our business involve substantial risks of liability, and there have been substantial incidences of litigation and regulatory investigations in the financial services industry in recent years, including customer claims as well as class action suits seeking substantial damages. From time to time, we and/or our sponsored funds may be named as defendants or co-defendants in lawsuits or be involved in disputes that involve the threat of lawsuits seeking substantial damages. We and/or our sponsored funds are also involved from time to time in governmental and self-regulatory

organization investigations and proceedings. (See Item 3. "Legal Proceedings" for further information.)

Any lawsuits, investigations or proceedings could result in reputational damage, loss of clients and assets, settlements, awards, injunctions, fines, penalties, increased costs and expenses in resolving a claim, diversion of employee resources and resultant financial losses. Predicting the outcome of such matters is inherently difficult, particularly where claims are brought on behalf of various classes of claimants or by a large number of claimants, when claimants seek substantial or unspecified damages, or when investigations or legal proceedings are at an early stage. A substantial judgment, settlement, fine or penalty could be material to our operating results or cash flows for a particular period, depending on our results for that period, or could cause us significant reputational harm, which could harm our business prospects.

We depend to a large extent on our business relationships and our reputation to attract and retain clients. As a result, allegations of improper conduct by private litigants, including investors in our funds, or regulators, whether the ultimate outcome is favorable or unfavorable to us, as well as negative publicity and press speculation about us, our investment activities or the asset management industry in general, whether or not valid, may harm our reputation. We may incur substantial legal expenses in defending against proceedings commenced by a client, regulatory authority or other private litigant. Substantial legal liability levied on us could cause significant reputational harm and have an adverse impact on our results of operations and financial condition.

We are subject to multiple tax jurisdictions and any changes in tax laws or unanticipated tax obligations could have an adverse impact on our financial condition, results of operations and cash flow.

We are subject to income as well as non-income-based taxes and are subject to ongoing tax audits, in various jurisdictions in which we operate. Tax authorities may disagree with certain positions we have taken that may result in the assessment of additional taxes and/or penalties and interest. We regularly assess the appropriateness of our tax positions and reporting. We cannot provide assurance that we will accurately predict the outcomes of audits and the actual outcomes of these audits could be unfavorable. Any changes to tax laws could impact our estimated effective tax rate and tax expense and could result in adjustments to our treatment of deferred taxes, including the realization or value thereof, which could have an adverse effect on our business, financial condition and results of operations.

RISKS RELATED TO OWNERSHIP OF OUR COMMON STOCK

We have corporate governance provisions that may make an acquisition of us more difficult.

Certain provisions in our certificate of incorporation and bylaws and Delaware law could discourage, delay or prevent a merger, acquisition or other change in control even if certain shareholders may consider a change of control to be beneficial. These provisions could have the effect of making it more difficult for a third party to acquire, or discourage a third party from attempting to acquire, control of the Company without negotiating with our board of directors. Such provisions could also limit the price that certain investors might be willing to pay in the future for shares of our common stock, thereby depressing the market price of our common stock. These provisions, among other things:

- Allow our board of directors to issue preferred stock and determine the powers, preferences and rights thereof without shareholder approval;
- Prohibit the Company's ability to engage, under certain circumstances, in business combinations with any interested shareholder for three years following the date that the shareholder became an interested shareholder;
- Require that special meetings of shareholders be called only by the chairperson of our board of directors; and
- Contain advance notice procedures that shareholders must comply with to nominate candidates to our board of directors or present proposals.

GENERAL RISK FACTORS

Our insurance policies may not cover all losses and costs to which we may be exposed, which could adversely impact our results of operations and financial condition.

We carry insurance in amounts and under terms that we believe are appropriate. Our insurance may not cover all liabilities and losses to which we may be exposed. Certain insurance coverage may not be available or may be prohibitively expensive in future periods. As our insurance policies come up for renewal, we may need to assume higher deductibles or pay higher premiums, which could have an adverse impact on our results of operations and financial condition.

We have goodwill and other intangible assets on our balance sheet that could become impaired, which could impact our results of operations and financial condition.

As of December 31, 2024, the Company had \$775.3 million in intangible assets and goodwill. We cannot be certain that we will realize the value of such intangible assets. Our intangible assets may become impaired as a result of a variety of factors which could adversely affect our financial condition and results of operations.

Item 1B. Unresolved Staff Comments.

None.

Item 1C. Cybersecurity

Cybersecurity Strategy and Risk Management

We maintain a cybersecurity and information protection program that is supported by policies and procedures designed to protect our systems and assets and the Company's sensitive or confidential business information, including that entrusted to us by our clients and business partners. Identifying and assessing cybersecurity risk is integrated into our overall enterprise risk management ("ERM") processes. Our ERM processes consider cybersecurity threat risks alongside other company risks as part of our overall management activities. Cybersecurity risks related to our business are identified and managed through a multi-faceted approach utilizing various systems, controls, and processes. Our cybersecurity systems, controls and processes are overseen by our cybersecurity information technology team which is managed by our CISO.

We maintain a layered security architecture as a key part of our infrastructure design and utilize our employees and managed third-party service providers to help ensure a secure environment and safeguard against a variety of threats including malware, systems intrusions, unauthorized access, data loss and other security risks. We have implemented various technology products and associated procedures, including, among others, the following:

- Firewall protection, operating system security patches, and multi-factor authentication;
- System security agent software, which includes encryption, malware protection, patches and virus definitions;
- Monitoring of computer systems for unauthorized use of or access to sensitive information;
- Web content filtering;
- Web and network vulnerability assessments and penetration testing;
- Monitoring emerging laws and regulations related to data protection and information security;
- Hosting in-house production systems in geographically dispersed locations that are backed up to alternate locations; and
- Employee cybersecurity awareness training that includes regular phishing simulations.

As part of the above processes, we engage various professional services firms that use external third-party tools to assess our internal cybersecurity programs and compliance with applicable practices and standards. Our use of these third parties allows us to leverage specialized knowledge, insights and industry best practices.

The Company's processes to identify material risks from cybersecurity threats associated with our use of third-party service providers are included within our service provider management policy. The policy provides guidelines in performing cyber risk assessments on our critical and material third party service providers during onboarding and periodically thereafter.

The assessment of cybersecurity incidents are integrated as part of the Company's business continuity and disaster recovery program ("BCDR"). Our BCDR includes an incident response protocol that provides a framework for the assessment, response, and recovery phases for any business disruption, including cybersecurity incidents. It also incorporates various event, incident and response teams that comprise the Company's information security, risk management, compliance, legal and other functions as needed in response to any cybersecurity incidents. Our incident response protocol also provides for reporting mechanisms to senior management and our Board of Directors ("Board") in the event of a material cybersecurity incident.

We have not had a cybersecurity incident that has materially affected, or was reasonably likely to, materially affect, our business strategy, results of operations or financial condition. There are risks from cybersecurity threats that if they were to occur could materially affect our business strategy, results of operations or financial condition which are further discussed in Item 1A. "Risk Factors—Risks Related to our Industry, Business and Operations—*We and our third-party service providers*

rely on numerous technology systems and any business interruption, security breach, or system failure could negatively impact our business and profitability” of this Annual Report on Form 10-K, which should be read in conjunction with the information in this section.

Cybersecurity Governance

Our Board oversees our risk management processes, including our risks from cybersecurity threats. As part of its ongoing responsibilities, the Board receives recurring reports from management on the Company’s cybersecurity risk environment and regularly meets with management to review the risk landscape and discuss the steps taken by management to monitor and mitigate cyber exposures. In addition, from time to time, our Chief Technology Officer and Chief Information Security Officer (“CISO”) brief the Board on the cyber-threat landscape, our information security program and other related information technology topics.

The Company maintains an Enterprise Risk Committee (“ERC”), comprising the Company executives who lead day-to-day risk management, and whose efforts are supplemented by specific risk-related committees or teams. The ERC is a cross-functional committee that focuses on identifying and managing operational risk throughout the organization, including cybersecurity threats. The ERC has integrated cybersecurity into key elements of the Company’s ERM framework, including our BCDR planning program and service provider management policy, and personnel from our information security, risk management, compliance and legal groups are a part of the assessment and response team for cybersecurity incidents and the evaluation of third-party cybersecurity risk.

Item 2. Properties.

We lease our principal offices, which are located at One Financial Plaza, Hartford, CT 06103. In addition, we lease office space in California, Connecticut, Florida, Georgia, Illinois, Massachusetts, New Jersey, New York, Texas, Singapore and the U.K.

Item 3. Legal Proceedings.

The information set forth in response to Item 103 of Regulation S-K under "Legal Proceedings" is incorporated by reference from Part II, Item 8. "Financial Statements and Supplementary Data," Note 12 "Commitments and Contingencies" of this Annual Report on Form 10-K.

Item 4. Mine Safety Disclosures.

Not applicable.

PART II

Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities.

Our common stock is traded on the New York Stock Exchange under the trading symbol "VRTS." As of February 7, 2025, we had 6,967,534 shares of common stock outstanding that were held by approximately 38,000 holders of record.

In making decisions regarding our quarterly dividend, we consider general economic and business conditions, our strategic plans and prospects, our businesses and investment opportunities, our financial condition and operating results, working capital requirements and anticipated cash needs, contractual restrictions and obligations, legal, tax, regulatory and other restrictions that may have implications on the payment of distributions by us to our common shareholders or by our subsidiaries to us, and such other factors as we may deem relevant. We cannot provide any assurances that any distributions, whether quarterly or otherwise, will continue to be paid in the future.

On February 26, 2025, the Company declared a quarterly cash dividend of \$2.25 per common share to be paid on May 14, 2025 to shareholders of record at the close of business on April 30, 2025.

Issuer Purchases of Equity Securities

An aggregate of 5,680,045 shares of our common stock have been authorized to be repurchased under a share repurchase program, initially approved in 2010 by our Board of Directors. As of December 31, 2024, 403,312 shares remained available for repurchase. Under the terms of the program, we may repurchase shares of our common stock from time to time at our discretion through open market repurchases, privately negotiated transactions and/or other mechanisms, depending on price, prevailing market and business conditions. The program, which has no specified term, may be suspended or terminated at any time.

During the year ended December 31, 2024, we repurchased a total of 201,233 common shares for \$45.1 million. The following table sets forth information regarding our share repurchases in each month during the quarter ended December 31, 2024:

Period	Total number of shares purchased	Average price paid per share (1)	Total number of shares purchased as part of publicly announced plans or programs	Maximum number of shares that may yet be purchased under the plans or programs
October 1—31, 2024	—	\$ —	—	455,488
November 1—30, 2024	27,525	\$ 239.20	27,525	427,963
December 1—31, 2024	24,651	\$ 239.92	24,651	403,312
Total	52,176		52,176	

(1) Average price paid per share is calculated on a settlement basis and excludes commissions and taxes.

Unregistered Sales of Equity Securities

There were no unregistered sales of equity securities during the fourth quarter of fiscal 2024. Shares of our common stock purchased by participants in our Employee Stock Purchase Plan were delivered to participant accounts via open market purchases at fair value by the third-party administrator under the plan. We do not reserve shares for this plan or discount the purchase price of the shares.

Stock Performance Graph

The following graphs compare the five-year and since inception cumulative total shareholder return ("TSR") of the Company with the performance of the Standard & Poor's 500 ("S&P 500") Stock Index and a peer group index that consists of several peer companies (referred to as the "Financial Peer Group") as defined below. The graphs assume an equal investment in our common stock, the S&P 500 and the Financial Peer Group on December 31, 2019 (five-year TSR) and January 2, 2009 (since inception TSR), respectively, reflect reinvested dividends, and are weighted on a market capitalization basis. Each reported data point below represents the last trading day of each calendar year. The comparisons in the graphs below are based upon historical data and are not indicative of, nor intended to forecast, future performance.

Five-year TSR Among Virtus, S&P 500 Index and Financial Peer Group

Since Inception TSR Among Virtus, S&P 500 Index and Financial Peer Group

Financial Peer Group: Affiliated Managers Group, Inc., AllianceBernstein Holding L.P., Artisan Partners Asset Management Inc.*, Acadian Asset Management Inc. (formerly BrightSphere Investment Group Inc.)*, Cohen & Steers, Inc., Federated Hermes, Inc., Franklin Resources, Inc., Invesco Ltd., Janus Henderson Group Plc*, T. Rowe Price Group, Inc. and Victory Capital Holdings, Inc.*

*Companies excluded from the since inception TSR table due to lack of comparative performance periods.

Item 6. Reserved

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Overview

Our Business

We provide investment management and related services to institutions and individuals. We use a multi-manager, multi-style approach, offering investment strategies from investment managers, each having its own distinct investment style, autonomous investment process and individual brand, as well as from select unaffiliated managers for certain of our retail funds. By offering a broad array of products, we believe we can appeal to a greater number of investors and have offerings across market cycles and through changes in investor preferences. Our earnings are primarily from asset-based fees charged for services relating to these various products, including investment management, fund administration, distribution, and shareholder services.

We offer investment strategies for institutional and individual investors in different investment products and through multiple distribution channels. Our investment strategies are available in a diverse range of styles and disciplines, managed by differentiated investment managers. We have offerings in various asset classes (equity, fixed income, multi-asset and alternatives), geographies (domestic, global, international and emerging), market capitalizations (large, mid and small), styles (growth, core and value) and investment approaches (fundamental and quantitative). Our institutional products are offered to a variety of institutional clients through institutional separate accounts and commingled accounts, including subadvisory services to other investment advisers and Company sponsored structured products. Our retail products include open-end funds, closed-end funds and retail separate accounts.

Our institutional distribution resources include affiliate-specific sales teams primarily focused on the U.S. market, supported by shared consultant relations and U.S. and non-U.S. institutional sales distribution. Our institutional products are marketed through relationships with consultants as well as directly to clients. We target key market segments, including foundations and endowments, corporations, public and private pension plans, sovereign wealth funds and subadvisory relationships.

Our retail distribution resources in the U.S. consist of regional sales professionals, a national account relationship group and specialized teams for retirement and ETFs. Our U.S. retail funds and retail separate accounts are distributed through financial intermediaries. We have broad distribution access in the U.S. retail market, with distribution partners that include national and regional broker-dealers, independent broker-dealers and registered investment advisers, banks and insurance companies. In many of these firms, we have a number of products that are on preferred "recommended" lists and on fee-based advisory programs. Our wealth management business is marketed directly to individual clients by financial advisory teams at our Advisers.

Market Developments

The financial markets have a significant impact on the value of our assets under management and on the level of our sales and net flows. The capital and financial markets experience fluctuation, volatility and declines, which impact investment returns and asset flows of our investment offerings as well as in investor choices and preferences among investment products. The changes in our assets under management may also be affected by the factors discussed in Item 1A. "Risk Factors" of this Annual Report on Form 10-K.

The U.S. and global equity markets increased in value in 2024, as evidenced by increases in major indices as noted in the following table:

<i>Index</i>	December 31,		As of Change
	2024	2023	%
MSCI World Index	3,708	3,169	17.0 %
Standard & Poor's 500 Index	5,882	4,770	23.3 %
Russell 2000 Index	2,250	2,027	11.0 %
Morningstar / LSTA Leveraged Loan 100 Index	2,958	2,721	8.7 %

Financial Highlights

- Total revenues were \$906.9 million in 2024, an increase of \$61.7 million, or 7.3%, compared to total revenues of \$845.3 million in 2023.
- Operating income was \$182.5 million, in 2024, an increase of \$31.0 million, or 20.5%, compared to \$151.5 million in 2023.
- Net income per diluted share was \$16.89 in 2024, a decrease of \$0.82, or 4.6%, compared to net income per diluted share of \$17.71 in 2023.

Assets Under Management

Total sales were \$26.8 billion in 2024, an increase of \$0.9 billion, or 3.5%, from \$25.9 billion in 2023. Net flows were \$(10.4) billion in 2024 compared to net flows of \$(7.2) billion in 2023.

At December 31, 2024, total assets under management were \$175.0 billion, representing an increase of \$2.7 billion, or 1.6%, from December 31, 2023. The change in total assets under management from December 31, 2023 included \$15.8 billion from positive market performance, partially offset by \$(10.4) billion of net outflows.

Assets Under Management by Product

The following table summarizes our assets under management by product:

(in millions)	As of December 31,		Change	
	2024	2023	\$	%
Open-End Funds (1)	\$ 56,073	\$ 56,062	\$ 11	— %
Closed-End Funds	10,225	10,026	199	2.0 %
Retail Separate Accounts (2)	49,536	43,202	6,334	14.7 %
Institutional Accounts (3)	59,167	62,969	(3,802)	(6.0)%
Total	\$ 175,001	\$ 172,259	\$ 2,742	1.6 %
Average Assets Under Management (4)	\$ 176,653	\$ 161,482	\$ 15,171	9.4 %

(1) Represents assets under management of U.S. retail funds, global funds and ETFs.

(2) Includes investment models provided to managed account sponsors.

(3) Represents assets under management of institutional separate and commingled accounts including structured products.

(4) Averages are calculated as follows:

- Funds - average daily or weekly balances
- Retail Separate Accounts - prior-quarter ending balances
- Institutional Accounts - average of month-end balances

Asset Flows by Product

The following table summarizes asset flows by product:

<i>(in millions)</i>	Years Ended December 31,	
	2024	2023
Open-End Funds (1)		
Beginning balance	\$ 56,062	\$ 53,000
Inflows	12,420	11,188
Outflows	(16,532)	(18,526)
Net flows	(4,112)	(7,338)
Market performance	4,949	8,160
Other (2)	(826)	2,240
Ending balance	\$ 56,073	\$ 56,062
Closed-End Funds		
Beginning balance	\$ 10,026	\$ 10,361
Inflows	1	24
Outflows	(41)	—
Net flows	(40)	24
Market performance	1,112	453
Other (2)	(873)	(812)
Ending balance	\$ 10,225	\$ 10,026
Retail Separate Accounts (3)		
Beginning balance	\$ 43,202	\$ 35,352
Inflows	8,621	6,680
Outflows	(6,957)	(5,972)
Net flows	1,664	708
Market performance	4,667	7,141
Other (2)	3	1
Ending balance	\$ 49,536	\$ 43,202
Institutional Accounts (4)		
Beginning balance	\$ 62,969	\$ 50,663
Inflows	5,715	7,965
Outflows	(13,660)	(8,579)
Net flows	(7,945)	(614)
Market performance	5,101	9,077
Other (2)	(958)	3,843
Ending balance	\$ 59,167	\$ 62,969
Total		
Beginning balance	\$ 172,259	\$ 149,376
Inflows	26,757	25,857
Outflows	(37,190)	(33,077)
Net flows	(10,433)	(7,220)
Market performance	15,829	24,831
Other (2)	(2,654)	5,272
Ending balance	\$ 175,001	\$ 172,259

- (1) Represents assets under management of U.S. retail funds, global funds and ETFs.
- (2) Represents open-end and closed-end fund distributions net of reinvestments, the net change in assets from cash management strategies, and the impact of non-sales related activities such as asset acquisitions/(dispositions), seed capital investments/(withdrawals), current income or capital returned by structured products and the use of leverage.
- (3) Includes investment models provided to managed account sponsors.
- (4) Represents assets under management of institutional separate and commingled accounts including structured products.

Assets Under Management by Asset Class

The following table summarizes assets under management by asset class:

(in millions)	As of December 31,		Change		% of Total	
	2024	2023	\$	%	2024	2023
Asset Class						
Equity	\$ 100,792	\$ 96,703	\$ 4,089	4.2 %	57.6 %	56.2 %
Fixed Income	37,696	37,192	504	1.4 %	21.5 %	21.6 %
Multi-Asset (1)	21,174	21,411	(237)	(1.1)%	12.1 %	12.4 %
Alternatives (2)	15,339	16,953	(1,614)	(9.5)%	8.8 %	9.8 %
Total	<u>\$ 175,001</u>	<u>\$ 172,259</u>	<u>\$ 2,742</u>	<u>1.6 %</u>	<u>100.0 %</u>	<u>100.0 %</u>

(1) Consists of multi-asset offerings not included in equity, fixed income, and alternatives.

(2) Consists of managed futures, event-driven, real estate securities, infrastructure, long/short, and other strategies.

Average Assets Under Management and Average Fees Earned

The following table summarizes the average management fees earned in basis points and average assets under management:

	Years Ended December 31,			
	Average Fee Earned (expressed in basis points)		Average Assets Under Management (in millions) (4)	
	2024	2023	2024	2023
Products				
Open-End Funds (1)	50.0	49.5	\$ 57,039	\$ 55,226
Closed-End Funds	58.6	57.8	10,092	10,060
Retail Separate Accounts (2)	43.4	43.7	46,575	37,601
Institutional Accounts (3)	31.1	31.7	62,947	58,595
All Products	42.0	42.2	<u>\$ 176,653</u>	<u>\$ 161,482</u>

(1) Represents assets under management of U.S. retail funds, global funds and ETFs.

(2) Includes investment models provided to managed account sponsors.

(3) Represents assets under management of institutional separate and commingled accounts including structured products.

(4) Averages are calculated as follows:

- Funds - average daily or weekly balances
- Retail Separate Accounts - prior-quarter ending balances
- Institutional Accounts - average of month-end balances

Average fees earned represent investment management fees, net of revenue-related adjustments, and excluding the impact of consolidated investment products ("CIP") divided by average net assets. Revenue-related adjustments are based on specific agreements and reflect the portion of investment management fees passed-through to third-party client intermediaries for services to investors in sponsored investment products. Fund fees are calculated based on average daily or weekly net assets. Retail separate account fees which includes wealth management accounts are calculated based on the end of the preceding or current quarter's asset values or on an average of month-end balances. Institutional account fees are calculated based on an average of month-end balances, an average of current quarter's asset values or on a combination of the underlying cash flows and the principal value of the product. Average fees earned will vary based on several factors, including the asset mix and expense reimbursements to the funds.

The average fee rate earned on all products was flat for 2024 compared to the prior year.

Investment Performance

The following table presents a summary of investment performance by asset class measured by the percentage of assets under management exceeding their relevant benchmarks as of December 31, 2024:

Asset Class	Percentage of Assets Under Management (1) Beating Benchmark (2)			
	1-Year	3-Year	5-Year	10-Year
Equity	25%	18%	55%	75%
Fixed Income	81%	58%	79%	72%
Alternatives	54%	49%	91%	96%

- (1) Excludes closed-end funds, wealth management accounts, structured products and certain other multi-asset strategies.
(2) Percentage beating benchmark is reported as the percentage of assets under management that have outperformed benchmarks across the indicated periods and does not include assets without benchmarks. Performance is presented on an average annual total return basis for products with a one-, three-, five-, and/or ten-year track record, is net of fees for open-end funds, and is measured on a consistent basis relative to the most appropriate benchmarks. Benchmark indices are unmanaged, their returns do not reflect any fees, expenses or sales charges, and they are not available for direct investment. Past performance is not indicative of future results.

As of December 31, 2024, 32 of 70, or 46%, of our rated U.S. retail funds received an overall rating of 4 or 5 stars representing 71% of our total U.S. retail fund assets under management ⁽¹⁾. By comparison, 32.5% of Morningstar's fund population is given a 4- or 5-star rating ⁽²⁾.

- (1) Assets under management excludes non-rated funds. Based on institutional-class shares, except for funds without I shares, for which A shares were used, or if A share rating is higher than I shares. Past performance is not indicative of future results.
(2) Morningstar ratings are based on risk-adjusted returns. Strong ratings are not indicative of positive fund performance.

Results of Operations - December 31, 2024 compared to December 31, 2023

A discussion of our results of operations for the year ended December 31, 2023 compared to the year ended December 31, 2022 may be found in "Management's Discussion and Analysis of Financial Condition and Results of Operations" in Part II, Item 7 of our *Form 10-K for the fiscal year ended December 31, 2023*, which specific discussion is incorporated herein by reference.

Summary Financial Data

(in thousands)	Years Ended December 31,		Change	
	2024	2023	\$	%
Investment management fees	\$ 773,830	\$ 711,475	\$ 62,355	8.8 %
Other revenue	133,119	133,793	(674)	(0.5)%
Total revenues	906,949	845,268	61,681	7.3 %
Total operating expenses	724,459	693,784	30,675	4.4 %
Operating income (loss)	182,490	151,484	31,006	20.5 %
Total other income (expense), net	(8,510)	3,681	(12,191)	(331.2)%
Total interest income (expense), net	33,896	31,399	2,497	8.0 %
Income (loss) before income taxes	207,876	186,564	21,312	11.4 %
Income tax expense (benefit)	55,423	45,088	10,335	22.9 %
Net income (loss)	152,453	141,476	10,977	7.8 %
Noncontrolling interests	(30,707)	(10,855)	(19,852)	182.9 %
Net Income (Loss) Attributable to Virtus Investment Partners, Inc.	\$ 121,746	\$ 130,621	\$ (8,875)	(6.8)%
Earnings (loss) per share-diluted	\$ 16.89	\$ 17.71	\$ (0.82)	(4.6)%

In 2024, total revenues increased \$61.7 million, or 7.3%, to \$906.9 million from \$845.3 million in 2023, and operating income increased by \$31.0 million, or 20.5%, to \$182.5 million in 2024 from \$151.5 million in 2023, primarily as a result of increased average assets under management during the current year partially offset by an increase in operating expenses.

Revenues

Revenues by source were as follows:

(in thousands)	Years Ended December 31,		Change	
	2024	2023	\$	%
Investment management fees				
Open-end funds	\$ 317,990	\$ 305,238	\$ 12,752	4.2 %
Closed-end funds	59,184	58,136	1,048	1.8 %
Retail separate accounts	209,467	171,357	38,110	22.2 %
Institutional accounts	187,189	176,744	10,445	5.9 %
Total investment management fees	773,830	711,475	62,355	8.8 %
Distribution and service fees	54,692	56,153	(1,461)	(2.6)%
Administration and shareholder service fees	74,294	73,857	437	0.6 %
Other income and fees	4,133	3,783	350	9.3 %
Total Revenues	<u>\$ 906,949</u>	<u>\$ 845,268</u>	<u>\$ 61,681</u>	<u>7.3 %</u>

Investment Management Fees

Investment management fees are earned based on a percentage of assets under management and are paid pursuant to the terms of the respective investment management agreements, which generally require monthly or quarterly payments. Investment management fees increased by \$62.4 million, or 8.8%, for the year ended December 31, 2024 compared to the prior year, primarily due to the increase in average assets under management.

Distribution and Service Fees

Distribution and service fees are sales- and asset-based fees earned from open-end funds for marketing and distribution services. Distribution and service fees decreased by \$1.5 million, or 2.6%, for the year ended December 31, 2024 compared to the prior year, primarily due to lower sales and average assets under management for open-end funds in share classes that have sales- and asset-based distribution and service fees.

Administration and Shareholder Service Fees

Administration and shareholder service fees represent fees earned for fund administration and shareholder services from our U.S. retail funds, ETFs and closed-end funds. Fund administration and shareholder service fees remained consistent for the year ended December 31, 2024 compared to the prior year.

Other Income and Fees

Other income and fees primarily represent fees related to other fee-earning assets and marketing fees earned on certain ETFs. Other income and fees increased \$0.4 million, or 9.3%, for the year ended December 31, 2024 compared to the prior year, primarily due to increased marketing fees earned during the current year.

Operating Expenses

Operating expenses by category were as follows:

(in thousands)	Years Ended December 31,		Change	
	2024	2023	\$	%
Operating expenses				
Employment expenses	\$ 432,587	\$ 404,742	\$ 27,845	6.9 %
Distribution and other asset-based expenses	96,223	96,802	(579)	(0.6)%
Other operating expenses	127,526	125,871	1,655	1.3 %
Other operating expenses of CIP	6,987	4,224	2,763	65.4 %
Change in fair value of contingent consideration	(5,608)	(5,510)	(98)	1.8 %
Restructuring expense	1,487	824	663	80.5 %
Depreciation expense	8,958	5,804	3,154	54.3 %
Amortization expense	56,299	61,027	(4,728)	(7.7)%
Total operating expenses	<u>\$ 724,459</u>	<u>\$ 693,784</u>	<u>\$ 30,675</u>	<u>4.4 %</u>

Employment Expenses

Employment expenses consist of fixed and variable compensation and related employee benefit costs. Employment expenses of \$432.6 million increased \$27.8 million, or 6.9%, from the prior year primarily due to an increase in profit- and sales-based compensation and the addition of AlphaSimplex in April 2023.

Distribution and Other Asset-Based Expenses

Distribution and other asset-based expenses consist primarily of payments to third-party client intermediaries for providing services to investors in sponsored investment products. These payments are primarily based on assets under management. Distribution and other asset-based expenses remained consistent during the year ended December 31, 2024 compared to the prior year.

Other Operating Expenses

Other operating expenses primarily consist of investment research and technology costs, software application and development expenses, professional fees, travel and distribution-related costs, rent and occupancy expenses, and other business costs. Other operating expenses remained consistent during the year ended December 31, 2024 compared to the prior year.

Other Operating Expenses of CIP

Other operating expenses of CIP of \$7.0 million increased \$2.8 million, or 65.4%, from the prior year primarily due to costs incurred related to the refinancing of three CLOs and issuance of one CLO in the current year.

Change in Fair Value of Contingent Consideration

Contingent consideration related to the Company's acquisitions are fair valued on each reporting date incorporating changes in various estimates, including underlying performance estimates, discount rates and amount of time until the conditions of the contingent payments are achieved. The change in fair value is recorded in the current period as a gain or loss. The change in fair value of contingent consideration for the year ended December 31, 2024 was primarily attributable to changes in underlying performance estimates.

Depreciation Expense

Depreciation expense consists primarily of the straight-line depreciation of furniture, equipment and leasehold improvements. Depreciation expense increased \$3.2 million, or 54.3%, for the year ended December 31, 2024 compared to the prior year primarily due to the acceleration of depreciation on leasehold improvements associated with a terminated lease in the current year period, as well as software and equipment purchases and depreciation expense associated with new office space.

Amortization Expense

Amortization expense consists of the amortization of definite-lived intangible assets over their estimated useful lives. Amortization expense decreased \$4.7 million, or 7.7%, for the year ended December 31, 2024 compared to the prior year, primarily due to intangible assets becoming fully amortized during the current year partially offset by the addition of

intangible assets related to the AlphaSimplex acquisition in the second quarter of the prior year.

Other Income (Expense), net

Other Income (Expense), net by category were as follows:

<i>(in thousands)</i>	Years Ended December 31,		Change	
	2024	2023	\$	%
Other Income (Expense)				
Realized and unrealized gain (loss) on investments, net	\$ 3,914	\$ 6,525	\$ (2,611)	(40.0)%
Realized and unrealized gain (loss) of CIP, net	(14,460)	(2,404)	(12,056)	501.5 %
Other income (expense), net	2,036	(440)	2,476	(562.7)%
Total Other Income (Expense), net	<u>\$ (8,510)</u>	<u>\$ 3,681</u>	<u>\$ (12,191)</u>	<u>(331.2)%</u>

Realized and Unrealized Gain (Loss) on Investments, net

Realized and unrealized gain (loss) on investments, net changed during the year ended December 31, 2024 by \$2.6 million as compared to the prior year. The realized and unrealized gains and losses reflect changes in overall market conditions for the year.

Realized and Unrealized Gain (Loss) of CIP, net

Realized and unrealized gain (loss) of CIP, net changed \$12.1 million compared to the prior year primarily due to changes in net unrealized and realized losses of \$38.0 million, due to changes in market values of leveraged loans partially offset by unrealized gains of \$25.9 million related to the value of the notes payable.

Other Income (Expense), net

Other income (expense), net changed by \$2.5 million during the year ended December 31, 2024 compared to the prior year primarily due to changes in the gains and losses on our equity method investments.

Interest Income (Expense), net

Interest Income (Expense), net by category were as follows:

<i>(in thousands)</i>	Years Ended December 31,		Change	
	2024	2023	\$	%
Interest Income (Expense)				
Interest expense	\$ (22,132)	\$ (23,431)	\$ 1,299	(5.5)%
Interest and dividend income	12,488	12,458	30	0.2 %
Interest and dividend income of investments of CIP	204,732	197,707	7,025	3.6 %
Interest expense of CIP	(161,192)	(155,335)	(5,857)	3.8 %
Total Interest Income (Expense), net	<u>\$ 33,896</u>	<u>\$ 31,399</u>	<u>\$ 2,497</u>	<u>8.0 %</u>

Interest Expense

Interest expense decreased \$1.3 million, or 5.5%, for the year ended December 31, 2024, compared to the prior year primarily due to lower average debt outstanding during the current year.

Interest and Dividend Income

Interest and dividend income is earned on cash equivalents and our marketable securities. Interest and dividend income remained consistent during the year ended December 31, 2024 compared to the prior year.

Interest and Dividend Income of Investments of CIP

Interest and dividend income of investments of CIP increased \$7.0 million, or 3.6%, compared to the prior year. The increase is primarily attributable to the addition of a new CLO in the third quarter of 2023 and fourth quarter of 2024, respectively, and higher average interest rates during the current year.

Interest Expense of CIP

Interest expense of CIP represents interest expense on the notes payable of CIP. Interest expense of CIP increased by \$5.9 million, or 3.8%, compared to the prior year. The increase is primarily attributable to the addition of new CLOs in the

third quarter of 2023 and fourth quarter of 2024.

Income Tax Expense (Benefit)

The provision for income taxes reflected U.S. federal, state and local taxes at an estimated effective tax rate of 26.7% and 24.2% for 2024 and 2023, respectively. The higher estimated effective tax rate for 2024 was primarily due to a change in valuation allowances associated with realized losses on the Company's investments as well as lower excess tax benefits associated with stock-based compensation.

Effects of Inflation

Inflationary pressures can result in increases to our costs, especially to the extent that large expense components such as service provider, data and compensation are impacted. To the degree that these expense increases are not recoverable or cannot be counterbalanced through pricing increases due to the competitive environment, our profitability could be negatively impacted. In addition, the value of the assets that we manage may be negatively impacted if inflationary expectations result in a rising interest rate environment. Declines in the values of these assets under management could lead to reduced revenues as management fees are generally earned as a percentage of assets under management.

Liquidity and Capital Resources

Certain Financial Data

The following tables summarize certain financial data relating to our liquidity and capital resources:

<i>(in thousands)</i>	December 31,		Change	
	2024	2023	\$	%

Financing activities	74,947	(356,113)	431,060	(121.0)%

Overview

At December 31, 2024, we had \$265.9 million of cash and cash equivalents and \$119.2 million of investments, which included \$83.8 million of investment securities, compared to \$239.6 million of cash and cash equivalents and \$132.7 million of investments, which included \$97.3 million of investment securities, at December 31, 2023.

Uses of Capital

Our operating expenses consist of employee compensation and related benefit costs and other operating expenses, which primarily consist of costs related to distribution, investment research and data, occupancy, software application and development and professional fees, as well as interest on our indebtedness and income taxes. Annual incentive compensation, our largest annual operating cash expenditure, is paid in the first quarter of the year. In 2024 and 2023, we paid approximately \$146.1 million and \$142.1 million, respectively, in incentive compensation earned during the years ended December 31, 2023 and 2022, respectively.

In addition to operating activities, other uses of cash could include: (i) investments in organic growth, including seeding or launching new products and expanding distribution; (ii) debt principal payments through scheduled amortization or additional paydowns; (iii) dividend payments to common stockholders; (iv) repurchases of our common stock, or

withholding obligations for the net settlement of employee share transactions; (v) investments in our technology infrastructure; (vi) investments in inorganic growth opportunities that may require upfront and/or future payments; (vii) integration costs, including restructuring and severance, related to acquisitions, if any; and (viii) purchases of affiliate equity interests.

Capital and Reserve Requirements

Certain of our subsidiaries are registered with the SEC, Central Bank of Ireland, Financial Conduct Authority or other regulators that subject them to certain rules regarding minimum net capital. Failure to meet these requirements could result in adverse consequences to us, including additional reporting requirements, or interruption of our business. At December 31, 2024, our broker-dealer net capital was significantly greater than the required minimum.

Balance Sheet

Cash and cash equivalents consist of cash in banks and money market fund investments. Investments consist primarily of investments in our sponsored funds. CIP represent investment products for which we provide investment management services and where we have either a controlling financial interest or are considered the primary beneficiary of an investment product that is considered a variable interest entity.

Operating Cash Flow

Net cash provided by operating activities of \$1.8 million for 2024 decreased by \$235.4 million from cash flows provided by operating activities of \$237.2 million in 2023 primarily due to an increase of \$270.7 million in net purchases of investments of CIP in the current year period, partially offset by a \$26.1 million increase in net sales of investments in the current year.

Investing Cash Flow

Cash flows from investing activities consist primarily of capital expenditures and other investing activities related to our business operations. Net cash used in investing activities of \$17.0 million for 2024 decreased by \$112.8 million from net cash used in investing activities of \$129.7 million in 2023 primarily due to the AlphaSimplex acquisition in the prior year.

Financing Cash Flow

Cash flows from financing activities consist primarily of transactions related to our common shares, issuance and repayment of debt by us and CIP, payments of contingent consideration and purchases and sales of noncontrolling interests. Net cash provided by financing activities of \$74.9 million in 2024 changed by \$431.1 million from net cash used in financing activities of \$356.1 million in the prior year primarily due to a \$433.5 million increase in net borrowings of CIP attributable to the refinancing of two CLOs and the launch of a new CLO in the current year.

Credit Agreement

The Company's credit agreement (the "Credit Agreement"), comprises (i) a \$275.0 million term loan with a seven-year term (the "Term Loan") expiring in September 2028, and (ii) a \$175.0 million revolving credit facility with a five-year term expiring in September 2026. The Company repaid \$22.8 million outstanding under the Term Loan during 2024 and had \$236.1 million outstanding under the Term Loan at December 31, 2024. In accordance with ASC 835, *Interest*, the amounts outstanding under the Company's Term Loan are presented on the Consolidated Balance Sheet net of related debt issuance costs, which were \$3.9 million as of December 31, 2024.

Recently Issued Accounting Pronouncements

For a discussion of accounting standards, see Part II, Item 8, "Financial Statements and Supplementary Data," Note 2 "Summary of Significant Accounting Policies."

Critical Accounting Policies and Estimates

Our consolidated financial statements and the accompanying notes are prepared in accordance with accounting principles generally accepted in the United States of America, which requires the use of estimates. Actual results will vary from these estimates. Management believes the following critical accounting policies are important to understanding our results of operations and financial position.

Consolidation

The consolidated financial statements include the accounts of the Company, its subsidiaries and investment products that are consolidated. Voting interest entities ("VOEs") are consolidated when we are considered to have a controlling

financial interest, which is typically present when we own a majority of the voting interest in an entity or otherwise have the power to govern the financial and operating policies of the entity.

We evaluate any variable interest entities ("VIEs") in which we have a variable interest for consolidation. A VIE is an entity in which either (i) the equity investment at risk is not sufficient to permit the entity to finance its own activities without additional financial support or (ii) where, as a group, the holders of the equity investment at risk do not possess: (x) the power through voting or similar rights to direct the activities that most significantly impact the entity's economic performance; (y) the obligation to absorb expected losses or the right to receive expected residual returns of the entity; or (z) proportionate voting and economic interests and where substantially all of the entity's activities either involve or are conducted on behalf of an investor with disproportionately fewer voting rights. If an entity has any of these characteristics, it is considered a VIE and is consolidated by its primary beneficiary, which is the entity that has both the power to direct the activities that most significantly impact the VIE's economic performance and has the obligation to absorb losses of, or the right to receive benefits from, the VIE that could potentially be significant to the VIE.

CIP includes both VOs, made up primarily of open-end funds in which we hold a controlling financial interest, and VIEs, which primarily consist of CLOs of which we are considered the primary beneficiary. The consolidation and deconsolidation of these investment products have no impact on net income (loss) attributable to stockholders. Our risk with respect to these investment products is limited to our beneficial interests in these products. We have no right to the benefits from, and do not bear the risks associated with, these investment products beyond our investments in, and fees generated from, these products.

Noncontrolling Interests

Noncontrolling interests - CIP

Noncontrolling interests - CIP represent third-party investments in the Company's CIP and are classified as redeemable noncontrolling interests on the Consolidated Balance Sheets because investors in those products are able to request withdrawal at any time.

Noncontrolling interests - Investment Manager

Noncontrolling interests - Investment Manager represents the minority interests of a majority owned consolidated investment management subsidiary. These minority interests are subject to holder put rights and Company call rights at pre-established multiples of earnings before interest, taxes, depreciation and amortization and, as such, are considered redeemable at other than fair value. The rights are exercisable at pre-established intervals or upon certain conditions, such as retirement. The put and call rights are not legally detachable or separately exercisable and are deemed to be embedded in the related noncontrolling interests. The Company, in purchasing equity of the investment management subsidiary, has the option to settle in cash or shares of the Company's common stock and is entitled to the cash flow associated with any purchased equity. The minority interests in the investment management subsidiary are recorded at estimated redemption value within redeemable noncontrolling interests on the Company's Condensed Consolidated Balance Sheets, and any changes in the estimated redemption value are recorded on the Condensed Consolidated Statements of Operations within noncontrolling interests.

Goodwill

As of December 31, 2024, the carrying value of goodwill was \$397.1 million. Goodwill represents the excess of the acquisition purchase price over the fair value of identified net assets and liabilities acquired. We have one reporting unit for purposes of assessing the carrying value of goodwill. Goodwill impairment testing is performed at least annually or whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. If we determine that the carrying value of the reporting unit is less than the fair value, a second step of the goodwill impairment test is performed to measure the amount of impairment loss, if any. We completed our annual goodwill impairment assessment as of October 31, 2024, and no impairment was identified. For purposes of this assessment, we considered various qualitative factors including, but not limited to, certain indicators of fair value (e.g., market capitalization and market multipliers for asset managers) and determined that it was more likely than not that the fair value of our reporting unit was greater than its carrying value. Only a significant decline in the fair value of our reporting unit would indicate that an impairment may exist.

Indefinite-Lived Intangible Assets

As of December 31, 2024, the carrying value of indefinite-lived intangible assets was \$42.3 million. Indefinite-lived intangible assets comprise certain fund investment management agreements and trade names. We perform indefinite-lived intangible asset impairment tests annually, or more frequently, should circumstances change, which could reduce the fair value of indefinite-lived intangible assets below their carrying value. We completed our annual impairment assessment of

these assets as of October 31, 2024, and no impairments were identified. For purposes of this assessment, we considered various qualitative factors for the investment management agreement intangible assets including, but not limited to, changes in (i) assets under management, (ii) operating margins, and (iii) net cash flows generated, and we determined that it was more likely than not that the fair value of indefinite-lived intangible assets was greater than their carrying value. Only a significant decline in the fair value of the indefinite-lived intangible assets would indicate that an impairment may exist.

Definite-Lived Intangible Assets

As of December 31, 2024, the carrying value of definite-lived intangible assets was \$335.9 million. Definite-lived intangible assets comprise certain investment management agreements, trade names and non-competition agreements. We monitor the useful lives of definite-lived intangible assets and revise the useful lives, if necessary, based on the circumstances. Significant judgment is required in estimating the period that these assets will contribute to our cash flows and the pattern over which these assets will be consumed. A change in the remaining useful life of any of these assets could have a significant impact on amortization expense. All amortization expense is calculated on a straight-line basis. Impairment testing is performed whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. If we were to determine that the carrying value of the definite-lived intangible assets was less than the sum of the undiscounted cash flows expected to result from the asset, we would quantify the impairment using a discounted cash flow model.

Revenue Recognition

Our revenues are recognized when a performance obligation is satisfied, which occurs when control of the services is transferred to customers. Investment management fees, distribution and service fees, and administration and shareholder service fees are generally calculated as a percentage of average net assets of the investment portfolios managed. The net asset values from which these fees are calculated are variable in nature and subject to factors outside of the Company's control, such as additional investments, withdrawals and market performance. Because of this, these fees are considered constrained until the end of the contractual measurement period (monthly or quarterly), which is when asset values are generally determinable.

Investment Management Fees

We provide investment management services pursuant to investment management agreements through our investment advisers (each an "Adviser"). Investment management services represent a series of distinct daily services that are performed over time. Fees earned on funds are based on each fund's average daily or weekly net assets and are generally calculated and received on a monthly basis. For funds managed by unaffiliated subadvisers, we record investment management fees net of the subadvisory fees since we are deemed to be an agent of the fund as it relates to the services they perform, with our performance obligation being to arrange for the provision of that service and not control the specified service before it is performed. Amounts paid to unaffiliated subadvisers for the years ended December 31, 2024, 2023 and 2022 were \$45.4 million, \$54.7 million and \$77.0 million, respectively.

Retail separate account fees are generally earned based on the end of the preceding or current quarter's asset values. Institutional account fees are generally earned based on an average of month-end balances. In certain instances, institutional fees may include performance related fees that are based on investment returns relative to benchmarks. Fees for structured finance products consist of senior, subordinated and, in certain instances, incentive management fees. Senior and subordinated management fees are based on the end of the preceding quarter par value of the collateral managed with subordinated fees being earned only after certain portfolio criteria are met. Incentive fees on CLOs are typically a percentage of the excess cash flows available to holders of subordinated notes, above a threshold level internal rate of return.

We rely on service providers to provide information for the pricing of the underlying investment securities for the asset values that drive our investment management fees and our assets under management. Our service providers have formal valuation policies and procedures over the valuation of investments.

Distribution and Service Fees

Distribution and service fees are sales- and asset-based fees earned from open-end funds for marketing and distribution services. These fees primarily consist of an asset-based fee that is paid by the fund over a period of years to cover allowable sales and marketing expenses for the fund or front-end sales charges that are based on a percentage of the offering price. Asset-based distribution and service fees are primarily based on percentages of the average daily net asset value and are paid monthly pursuant to the terms of the respective distribution and service fee contracts.

Distribution and service fees represent two performance obligations comprised of distribution and related shareholder servicing activities. Distribution services are generally satisfied upon the sale of a fund share. Shareholder

servicing activities are generally services satisfied over time.

We distribute our open-end funds through third-party financial intermediaries that comprise national, regional and independent broker-dealers. These third-party financial intermediaries provide distribution and shareholder service activities on our behalf. We pay related distribution and service fees to these third-party financial intermediaries for these services as we consider ourselves the principal in these arrangements since we have control of the services prior to the services being transferred to the customer. These payments are classified within distribution and other asset-based expenses.

Administration & Shareholder Service Fees

We provide administrative fund services to our U.S. retail funds, ETFs and closed-end funds and shareholder services to our U.S. retail funds. Administration and shareholder services are performed over time. We earn fees for these services, which are calculated and paid monthly, based on each fund's average daily or weekly net assets. Administrative fund services include: record keeping, preparing and filing documents required to comply with securities laws, legal administration and compliance services, customer service, supervision of the activities of the funds' service providers, tax services and treasury services. We also provide office space, equipment and personnel that may be necessary for managing and administering the business affairs of the funds. Shareholder services include maintaining shareholder accounts, processing shareholder transactions, preparing filings and performing necessary reporting.

Other Income and Fees

Other income and fees primarily represent fees related to other fee-earning assets and contingent sales charges earned from investor redemptions of certain shares sold without a front-end sales charge.

Accounting for Income Taxes

We account for income taxes in accordance with ASC 740, *Income Taxes*, which requires recognition of the amount of taxes payable or refundable for the current year, as well as deferred tax assets and liabilities for temporary differences between the tax basis of assets and liabilities and the reported amounts on the Consolidated Financial Statements. We recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained, based on the technical merits of the position. The tax benefits recognized are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. We record interest and penalties related to income taxes as a component of income tax expense.

Significant judgment is required in determining the provision for income taxes and, in particular, any valuation allowance that is recorded against our deferred tax assets. The methodology for determining the realizability of deferred tax assets includes consideration of taxable income in prior carryback year(s), if carryback is permitted under the tax law, as well as consideration of the reversal of deferred tax liabilities that are in the same period and jurisdiction and are of the same character as the temporary differences that gave rise to the deferred tax assets. Our methodology also includes estimates of future taxable income from operations, as well as the expiration dates and amounts of carryforwards related to net operating losses and capital losses. These estimates are projected through the life of the related deferred tax assets based on assumptions that we believe to be reasonable and consistent with demonstrated operating results. Changes in future operating results not currently forecasted may have a significant impact on the realization of deferred tax assets. Valuation allowances are provided when it is determined that it is more likely than not that the benefit of deferred tax assets will not be realized.

Contingent Consideration

We periodically enter into contingent payment arrangements in connection with our business combinations or asset purchases. In contingent payment arrangements, we agree to pay additional transaction consideration to the seller based on future performance. We estimate the value of future payments of these potential future obligations at the time a business combination or asset purchase is consummated. Liabilities under contingent payment arrangements are recorded within contingent consideration on the Consolidated Balance Sheets.

Contingent payment obligations related to business combinations are remeasured at fair value each reporting date using a simulation model with the assistance of an independent valuation firm (level 3 fair value measurement). The change in fair value is recorded in the current period as a gain or loss. Gains and losses resulting from changes in the fair value of contingent payment obligations are reflected within change in fair value of contingent consideration on the Consolidated Statements of Operations.

Contingent payment obligations related to our asset purchases, if estimable and probable of payment, are initially

recorded at their estimated value and reviewed every reporting period for changes. Any changes to the estimated value are recorded as an update of the initial acquisition cost of the asset with a corresponding change to the estimated contingent payment obligation on the Consolidated Balance Sheets.

Loss Contingencies

The likelihood that a loss contingency exists is evaluated using the criteria of ASC 450, *Contingencies*, and an accrued liability is recorded if the likelihood of a loss is considered both probable and reasonably estimable at the date of the consolidated financial statements.

We believe that we have considered relevant circumstances that we may be currently subject to, and the consolidated financial statements accurately reflect our reasonable estimate of the results of our operations, financial condition and cash flows for the years presented.

Item 7A. Quantitative and Qualitative Disclosures About Market Risk.

Market Risk

Substantially all of our revenues are derived from investment management, distribution and service, and administration and shareholder service fees, which are all based on the market value of assets under management. Accordingly, a decline in the market value of assets under management would cause our revenues and income to decline.

We are also subject to market risk due to a decline in the market value of our investments, which consist of marketable securities and our net interests in CIP. The following table summarizes the impact of a 10% increase or decrease in the fair values of these financial instruments:

<i>(in thousands)</i>	December 31, 2024	
	Fair Value	10% Change
Investment securities - fair value (1)	\$ 83,771	\$ 8,377
Our net interest in CIP (2)	199,720	19,972
Total Investments subject to Market Risk	\$ 283,491	\$ 28,349

- (1) If a 10% increase or decrease in fair values were to occur, it would result in a corresponding increase or decrease in our pre-tax earnings.
- (2) These represent our direct investments in investment products that are consolidated. Upon consolidation, these direct investments are eliminated, and the assets and liabilities of CIP are consolidated on the Consolidated Balance Sheet, together with a noncontrolling interest balance representing the portion of the CIP owned by third parties. If a 10% increase or decrease in the fair values of our direct investments in CIP were to occur, it would result in a corresponding increase or decrease in our pre-tax earnings.

Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. At December 31, 2024, we were exposed to interest rate risk as a result of approximately \$180.1 million of investments in fixed- and floating-rate income products, which include our net interests in CIP. We considered a hypothetical 100 basis point change in interest rates and determined that the fair value of our fixed income investments could change by an estimated \$2.4 million.

At December 31, 2024, we had \$236.1 million outstanding under our Term Loan. The applicable margin on amounts outstanding under the Credit Agreement is 2.25%, in the case of SOFR-based loans, and 1.25%, in the case of an alternate base rate loan. Given our borrowings are floating rate, we considered a hypothetical 100 basis point change in the base rate of our outstanding borrowings and determined that annual interest expense would change by an estimated \$2.4 million, either an increase or decrease, depending on the direction of the change in the base rate.

Item 8. Financial Statements and Supplementary Data.

The audited consolidated financial statements, including the Report of Independent Registered Public Accounting Firm required by this item are presented under Item 15 "Exhibits and Financial Statement Schedules" beginning on page F-1 of this Annual Report on Form 10-K.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure.

None.

Item 9A. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Exchange Act) that are designed to ensure that information required to be disclosed in our reports filed or submitted under the Exchange Act, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and that such information is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. Because of the inherent limitations, any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives.

Our management, with the participation of our Chief Executive Officer and our Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures as of the end of the period covered by this Annual Report on Form 10-K. Based on this evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective at the reasonable assurance level as of December 31, 2024, the end of the period covered by this Annual Report on Form 10-K.

Changes in Internal Controls over Financial Reporting

There have been no changes in our internal control over financial reporting (as defined in Rule 13a-15(f) or 15d-15(f) under the Exchange Act) that occurred during the three months ended December 31, 2024 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Management's Report on Internal Control over Financial Reporting

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Rules 13a-15(f) or 15d-15(f) of the Exchange Act). Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policy or procedures may deteriorate. Under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, our management has conducted an evaluation of the effectiveness of our internal control over financial reporting as of December 31, 2024 based on the criteria established in the *Internal Control-Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this evaluation, our management, including our Chief Executive Officer and Chief Financial Officer, has concluded that our internal control over financial reporting was effective as of December 31, 2024.

The effectiveness of our internal control over financial reporting as of December 31, 2024 has been audited by Deloitte & Touche LLP, our independent registered public accounting firm, as stated in their report, which is included in Item 15 "Exhibits and Financial Statement Schedules" of this Annual Report on Form 10-K.

Item 9B. Other Information.

During the three months ended December 31, 2024, none of the Company's directors or officers (as defined in Rule 16a-1(f) of the Securities Exchange Act of 1934, as amended), adopted, terminated or modified a Rule 10b5-1 trading arrangement or non-Rule 10b5-1 trading arrangement (as such terms are defined in Item 408 of Regulation S-K of the Securities Act of 1933, as amended).

Item 9C. Disclosure Regarding Foreign Jurisdictions that Prevent Inspections.

Not applicable.

PART III

Item 10. Directors, Executive Officers and Corporate Governance.

Information required by this Item 10 is incorporated herein by reference to our definitive proxy statement for our 2025 Annual Meeting of Shareholders to be filed pursuant to Regulation 14A under the Exchange Act (the "2025 Proxy Statement").

We have adopted a written Code of Conduct that applies to all of our directors, officers and employees, including our principal executive officer, principal financial officer and principal accounting officer. We are committed to the highest standards of ethical and professional conduct, and the Code of Conduct provides guidance on how to uphold these standards. The Code of Conduct is available on our website at www.virtus.com, in the Investor Relations section, under the heading "Corporate Governance." We intend to post any substantive amendments to, or waivers of, the Code of Conduct applicable to our principal executive officer, principal financial officer, principal accounting officer, or directors on our website.

We have adopted an insider trading policy regarding securities transactions (the "Insider Trading Policy") that applies to all directors, officers, employees, consultants, and contractors of the Company and its subsidiaries, as well as the Company itself. We believe that the Insider Trading Policy is reasonably designed to promote compliance with insider trading laws, rules and regulations with respect to the purchase, sale and/or other dispositions of our securities, as well as the applicable rules and regulations of the New York Stock Exchange. A copy of the Insider Trading Policy is filed as Exhibit 19 to this Annual Report on Form 10-K.

Item 11. Executive Compensation.

Information required by this Item 11 is incorporated herein by reference to the 2025 Proxy Statement.

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters.

Information required by Item 403 of Regulation S-K is incorporated herein by reference to the 2025 Proxy Statement.

The following table sets forth information as of December 31, 2024 with respect to compensation plans under which shares of our common stock may be issued:

EQUITY COMPENSATION PLAN INFORMATION

	(a)		(b)		(c)
Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights		Weighted-average exercise price of outstanding options, warrants and rights (1)		Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))
Equity compensation plans approved by security holders (2)	317,489	\$	—		828,882
Equity compensation plans not approved by security holders	—		—		—
Total	317,489	\$	—		828,882

(1) The weighted-average exercise price set forth in this column is calculated excluding outstanding restricted stock unit awards ("RSUs")

since recipients of such awards are not required to pay an exercise price to receive the shares subject to these awards.

- (2) Represents shares of our common stock issuable upon the vesting of RSUs outstanding under the Company's Omnibus Incentive and Equity Plan (the "Omnibus Plan"). Of the 3,825,000 maximum number of shares of our common stock authorized for issuance under the Omnibus Plan, 132,159 shares of common stock have been issued on a cumulative basis in the form of direct grants to directors.

Item 13. Certain Relationships and Related Transactions, and Director Independence.

Information required by this Item 13 is incorporated herein by reference to the 2025 Proxy Statement.

Item 14. Principal Accountant Fees and Services.

Information required by this Item 14 is incorporated herein by reference to the 2025 Proxy Statement.

PART IV

Item 15. Exhibits and Financial Statement Schedules.

- (a)(1) *Financial Statements:* The following Report of Independent Registered Public Accounting Firm and Consolidated Financial Statements of Virtus are included in this Annual Report on Form 10-K:
Report of Independent Registered Public Accounting Firm (PCAOB ID No. 34)

Consolidated Balance Sheets as of December 31, 2024 and 2023

Consolidated Statements of Operations for the Years Ended December 31, 2024, 2023 and 2022

Consolidated Statements of Comprehensive Income for the Years Ended December 31, 2024, 2023 and 2022

Consolidated Statements of Changes in Stockholders' Equity for the Years Ended December 31, 2024, 2023 and 2022

Consolidated Statements of Cash Flows for the Years Ended December 31, 2024, 2023 and 2022

Notes to Consolidated Financial Statements

- (a)(2) Financial Statement Schedules:

All financial statement schedules have been omitted because the required information is either presented on the consolidated financial statements or the notes thereto or is not applicable or required.

(a)(3)

Exhibits:

The following exhibits are filed herewith or incorporated herein by reference:

Exhibit Number	Exhibit Description
(2)	<i>Plan of Acquisition, Reorganization, Arrangement, Liquidation or Succession</i>
2.1	Membership Interest Purchase Agreement by and among the Registrant, Westchester Capital Management, LLC, Westchester Capital Partners, LLC, LPC Westchester, LP, MTSWCM Holdings, LLC, RDBWCM Holdings, LLC, and the Individual Equityholders (as defined therein), dated February 1, 2021 (incorporated by reference to Exhibit 2.4 of the Registrant's Annual Report on Form 10-K, filed February 26, 2021).

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the shareholders and the Board of Directors of Virtus Investment Partners, Inc.

Opinions on the Financial Statements and Internal Control over Financial Reporting

We have audited the accompanying consolidated balance sheets of Virtus Investment Partners, Inc. and subsidiaries (the "Company") as of December 31, 2024 and 2023, the related consolidated statements of operations, comprehensive income, changes in stockholders' equity, and cash flow, for each of the three years in the period ended December 31, 2024, and the related notes (collectively referred to as the "financial statements"). We also have audited the Company's internal control over financial reporting as of December 31, 2024, based on criteria established in Internal Control — Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2024 and 2023, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 2024, in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2024, based on criteria established in Internal Control — Integrated Framework (2013) issued by COSO.

Basis for Opinions

The Company's management is responsible for these financial statements, for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Report on Internal Control over Financial Reporting appearing under Item 9A. Our responsibility is to express an opinion on these financial statements and an opinion on the Company's internal control over financial reporting based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud, and whether effective internal control over financial reporting was maintained in all material respects.

Our audits of the financial statements included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures to respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audits also included performing such other procedures as we considered necessary in the circumstances. We believe that our audits provide a reasonable basis for our opinions.

Definition and Limitations of Internal Control over Financial Reporting

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Critical Audit Matters

The critical audit matters communicated below are matters arising from the current-period audit of the financial statements that were communicated or required to be communicated to the audit committee and that (1) relate to accounts or disclosures that are material to the financial statements and (2) involved our especially challenging, subjective, or complex judgments. The communication of critical audit matters does not alter in any way our opinion on the financial statements, taken as a whole, and we are not, by communicating the critical audit matters below, providing separate opinions on the critical audit matters or on the accounts or disclosures to which they relate.

Valuation of Contingent Consideration – Refer to Notes 2 and 7 to the financial statements

Critical Audit Matter Description

The Company periodically enters into contingent payment arrangements in connection with its business combinations or asset acquisitions.

Contingent payment obligations related to business combinations are recorded at fair value upon acquisition and are remeasured at fair value each reporting date. During the year, the contingent payment obligations associated with the 2021 acquisitions of NFJ Investment Group (“NFJ”) and Westchester Capital Management (“Westchester”) were valued to reflect remeasurement and payments made, if applicable, and changes were recorded in the current period as a change in fair value of contingent consideration on the consolidated statements of operations. Management uses simulation models to determine the fair value of the Company's estimated contingent liability given the variable nature of the arrangements and the significant management judgments in estimating revenue growth rates, discount rates, and the market price of risk adjustment.

Contingent payment obligations related to asset acquisitions, if estimable and probable of payment, are initially recorded at their estimated value and reviewed every reporting period for changes. During the year, the contingent payment obligations associated with the 2021 asset acquisition as part of the strategic partnership with Allianz Global Investors (“AllianzGI”) was valued to reflect remeasurement and payments made, if applicable, and changes were recorded in the current period as adjustments to the initial acquisition cost, recorded as intangible assets, on the consolidated balance sheet.

The valuations of the AllianzGI, NFJ and Westchester contingent payment obligations use unobservable inputs and reflect management’s own judgments about the assumptions market participants would use in pricing the liabilities. Auditing the estimates involved a high degree of auditor judgment and an increased extent of effort. With the assistance of our internal fair value specialists, for the fair value of the business combination contingent consideration, we evaluated management’s judgments utilized within the simulation model related to revenue growth rates, discount rates, and the market price of risk adjustment.

How the Critical Audit Matter Was Addressed in the Audit

Our audit procedures related to the valuation of the contingent consideration liability for the AllianzGI, NFJ and Westchester acquisitions included the following, among others:

- We tested the design and operating effectiveness of controls over management’s valuation of the contingent consideration liability.
- We held discussions with accounting personnel and management regarding the revenue projections utilized in the valuation models. We evaluated whether the business assumptions used were appropriate and reasonable and confirmed that the products included in the revenue projections utilized in the valuation models agreed to those within the respective acquisition agreements.
- For the AllianzGI acquisition, we evaluated the methodology used to calculate the estimated value of the contingent payment obligations to confirm it was appropriate for an asset acquisition and confirmed that the amounts recorded were based on the revenue projections and the contractual payment rate. We further evaluated whether the business assumptions used were appropriate and reasonable.

- With the assistance of our internal fair value specialists, we performed the below procedures related to the NFJ and Westchester contingent consideration liability:
 - We evaluated the valuation methodology used by management to determine whether they were consistent with generally accepted accounting policies.
 - We estimated the fair value of the contingent liability through the preparation of independent simulation models developed from the underlying acquisition agreements and using independently sourced input data. We compared the fair value estimate produced by our independent model to the model prepared by management.
 - We evaluated the appropriateness of management’s selection of guideline public companies used for market rate and risk volatility assumptions and the discount rates used by management in the simulation model.
- We evaluated whether the assumptions used were consistent with evidence obtained in other areas of the audit.

Consolidation — Consolidation of Investment Products – Refer to Notes 2 and 19 to the financial statements

Critical Audit Matter Description

The Company is required to consolidate investment products to which it provides investment management services when it (1) has a majority voting interest in an investment product that is a voting interest entity (VOE) or otherwise has the power to govern the financial and operating policies of the entity; or (2) it is considered the primary beneficiary of an investment product that is a variable interest entity (VIE). Management is required to evaluate whether an investment product is a VOE or a VIE upon its initial involvement with the investment product, or the occurrence of a reconsideration event. This assessment involves management’s judgment and is determined based on a variety of factors including the capital structure of the investment product, the investment product’s activities, the equity investment at risk, and the proportionate voting and economic interests of the investors in the investment product including the Company.

For each investment product that is considered a VIE, management performs a primary beneficiary analysis to determine if it holds a controlling financial interest in the investment product. A controlling financial interest is defined as (a) the power to direct the activities of a VIE that most significantly impact the VIE’s economic performance and (b) the obligation to absorb losses of the VIE that could potentially be significant to the VIE or the right to receive benefits from the VIE that could potentially be significant to the VIE. Management’s evaluation of these two criteria involves judgments to analyze the governing documents of the investment product. The level of judgment required may vary in significance based on the complexity of the voting rights and structure economic interests of the investment product and the facts and circumstances of the Company’s investment. This required a high degree of auditor judgment and an increased extent of effort to evaluate management’s conclusions related to the power criterion and the economics criterion, including characterizing rights as protective or participating and evaluating all variable interests for the potential significance of economic exposure in the entity.

How the Critical Audit Matter Was Addressed in the Audit

Our audit procedures related to testing the consolidation assessment of VIEs included the following, among others:

- We tested the design and operating effectiveness of controls over management’s review of the consolidation analysis of new or modified investment products during the year.

- We read and analyzed the governing documents (including the collateral management agreement, preference share subscription agreement and credit agreement, if applicable) of each investment product to assess management's conclusions. Our procedures included evaluating the following:
 - Key facts included in management's consolidation analysis are consistent with the governing documents and the Company's interests in the investment products;
 - Relevant terms impacting the consolidation analysis under GAAP were considered including the evaluation of whether the investment product is a VOE or VIE;
 - Judgments made by management based on the capital structure of the investment product, the investment product's activities, the equity investment at risk, and the proportionate voting and economic interests of the investors in the investment product including the Company were appropriate;
 - The determined primary beneficiary of those investment products possesses both (1) the power to direct activities of the VIE and (2) the obligation to absorb losses or the right to receive benefits from the VIE.

/s/ DELOITTE & TOUCHE LLP

Hartford, Connecticut
February 28, 2025

We have served as the Company's auditor since 2018.

Virtus Investment Partners, Inc.

The accompanying notes are an integral part of these consolidated financial statements.

1. Organization and Business

Virtus Investment Partners, Inc. (the "Company," "we," "us," "our" or "Virtus"), a Delaware corporation, operates in the investment management industry through its subsidiaries.

The Company provides investment management and related services to institutions and individuals. The Company's investment strategies are offered to institutional clients through institutional separate and commingled accounts, including subadvisory services to other investment advisers and Company sponsored structured products. The Company's retail investment management services are provided to individuals through products consisting of: mutual funds registered pursuant to the Investment Company Act of 1940, as amended that include U.S. retail funds, exchange-traded funds ("ETFs"); Undertaking for Collective Investment in Transferable Securities and Qualifying Investor Funds ("global funds" and collectively with U.S. retail funds and ETFs the "open-end funds"); closed-end funds (collectively with open-end funds, the "funds"); retail separate accounts sold through intermediaries and wealth advisory services to high net worth clients through our wealth management business.

2. Summary of Significant Accounting Policies

Principles of Consolidation and Basis of Presentation

The consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The consolidated financial statements include the accounts of the Company, its subsidiaries and investment products that are consolidated. A voting interest entity ("VOE") is consolidated when the Company is considered to have a controlling financial interest, which is typically present when the Company owns a majority of the voting interest in an entity or otherwise has the power to govern the financial and operating policies of the entity.

The Company evaluates any variable interest entity ("VIE") in which the Company has a variable interest for consolidation. A VIE is an entity in which either (i) the equity investment at risk is not sufficient to permit the entity to finance its own activities without additional financial support, or (ii) where, as a group, the holders of the equity investment at risk do not possess any one of the following: (a) the power through voting or similar rights to direct the activities that most significantly impact the entity's economic performance, (b) the obligation to absorb expected losses or the right to receive expected residual returns of the entity, or (c) proportionate voting and economic interests and where substantially all of the entity's activities either involve or are conducted on behalf of an investor with disproportionately fewer voting rights. If an entity has any of these characteristics, it is considered a VIE and is required to be consolidated by its primary beneficiary. The primary beneficiary is the entity that has both the power to direct the activities that most significantly impact the VIE's economic performance and has the obligation to absorb losses of, or the right to receive benefits from, the VIE that could potentially be significant to the VIE. See Note 19 for additional information related to the consolidation of investment products. Intercompany accounts and transactions have been eliminated.

Certain prior period balances on the Consolidated Balance Sheets and Consolidated Statements of Cash Flow have been reclassified to conform to the current period presentation. These changes had no effect on net income, total comprehensive income, total assets, or total liabilities and equity as previously reported:

- Dividends payable has been reclassified to accounts payable and accrued liabilities;
- Operating lease right-of-use assets and Operating lease liabilities have been reclassified from other assets and other liabilities, respectively, as separate financial statement line items; and
- Certain immaterial operating cash flow line items were condensed with other operating cash flow line items

Noncontrolling Interests

Noncontrolling interests - CIP

Noncontrolling interests - CIP represent third-party investments in the Company's CIP and are classified as redeemable noncontrolling interests on the Consolidated Balance Sheets because investors in those products are able to request withdrawal at any time.

Noncontrolling interests - Investment Manager

Noncontrolling interests - Investment Manager represents the minority interests of a majority owned consolidated investment management subsidiary. See Note 18 for further discussion.

Use of Estimates

The preparation of the consolidated financial statements requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures of contingent assets and liabilities at the dates of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. Management believes the estimates used in preparing the consolidated financial statements are reasonable and prudent. Actual results could differ from those estimates.

Segment Information

Accounting Standards Codification ("ASC") 280, *Segment Reporting*, establishes disclosure requirements relating to operating segments in annual and interim financial statements. Operating segments are defined as components of an enterprise about which separate financial information is available that is regularly evaluated by the chief operating decision maker ("CODM") in deciding how to allocate resources to the segment and assess its performance. The Company's Chief Executive Officer is the Company's CODM. The Company operates in one business segment, namely as an asset manager providing investment management and related services for individual and institutional clients. Although the Company provides disclosures regarding assets under management and other asset flows by product, the Company's determination that it operates in one business segment is based on the fact that the same investment professionals manage both retail and institutional products, operational resources support multiple products, such products have the same or similar regulatory framework and the Company's CODM the Company's financial performance on a consolidated level.

Cash and Cash Equivalents

Cash and cash equivalents consist of cash in banks and money market fund investments.

Restricted Cash

The Company considers cash and cash equivalents of CIP and cash pledged or on deposit of CIP to be restricted as it is not available to the Company for its general operations.

Investments***Investment Securities - Fair Value***

Investment securities - fair value consist of investments in the Company's sponsored funds and separately managed accounts and are carried at fair value in accordance with ASC 320, *Investments-Debt and Equity Securities* ("ASC 320"), and Topic 321, *Investments-Equity Securities* ("ASC 321"). These securities are marked to market based on the respective publicly quoted net asset values of the funds or market prices of the equity securities or bonds. Transactions in these securities are recorded on a trade date basis. Any unrealized appreciation or depreciation on investment securities is reported on the Consolidated Statement of Operations within realized and unrealized gain (loss) on investments.

Equity Method Investments

Equity method investments consist of Company investments in noncontrolled entities, where the Company does not hold a controlling financial interest but has the ability to significantly influence operating and financial matters. Equity method investments are accounted for in accordance with ASC 323, *Investments-Equity Method and Joint Ventures*. Under the equity method of accounting, the Company's share of the noncontrolled entities' net income or loss is recorded in other income (expense), net on the Consolidated Statements of Operations. Distributions received reduce the Company's investment. The investment is evaluated for impairment if events or changes indicate that the carrying amount exceeds its fair value. If the carrying amount of an investment does exceed its fair value and the decline in fair value is deemed to be other-than-temporary, an impairment charge will be recorded.

Non-qualified Retirement Plan Assets and Liabilities

The Company has a non-qualified retirement plan (the "Excess Incentive Plan") that allows certain employees to voluntarily defer compensation. Assets held in trust, which are considered investment securities, are included in investments at fair value in accordance with ASC 820, *Fair Value Measurement* ("ASC 820"); the associated obligations to participants, which approximate the fair value of the associated assets, are included in other liabilities on the Consolidated Balance Sheets. See Note 6 for additional information related to the Excess Incentive Plan.

Furniture, Equipment and Leasehold Improvements, Net

Furniture, equipment and leasehold improvements are recorded at cost. Depreciation is computed using the

straight-line method over the estimated useful lives of three to seven years for furniture and office equipment and three years for computer equipment and software. Leasehold improvements are depreciated over the shorter of the remaining estimated lives of the related leases or useful lives of the improvements. Major renewals or betterments are capitalized, and recurring repairs and maintenance are expensed as incurred.

Leases

The Company leases office space and equipment under various leasing arrangements. In accordance with ASC 842, *Leases*, the Company's leases are evaluated and classified as either financing leases or operating leases, as appropriate. The Company recognizes a lease liability and a corresponding right of use ("ROU") asset on the commencement date of any lease arrangement. The lease liability is initially measured at the present value of the future lease payments over the lease term using the rate implicit in the arrangement or, if not readily determinable, the Company's incremental borrowing rate. The Company determines its incremental borrowing rate through market sources, including relevant industry rates. A ROU asset is measured initially as the value of the lease liability plus initial direct costs and prepaid lease payments, and less lease incentives received. Lease expense is recognized on a straight-line basis over the lease term and is recorded within other operating expenses on the Consolidated Statement of Operations.

Goodwill and Other Intangible Assets

Goodwill represents the excess of the purchase price of business combinations over the identified assets and liabilities acquired. In accordance with ASC 350, *Goodwill and Other Intangible Assets*, goodwill is not amortized. The Company has a single reporting unit for the purpose of assessing potential impairments of goodwill. An impairment analysis of goodwill is performed annually or more frequently, if warranted by events or changes in circumstances affecting the Company's business. The Company follows Accounting Standards Update ("ASU") 2011-08, *Testing Goodwill for Impairment*, which provides the option to first assess qualitative factors to determine whether the existence of events or circumstances leads to a determination that it is more likely than not that the fair value of a reporting unit is less than its carrying amount. If, after assessing the totality of events or circumstances, it is determined that it is not more likely than not that the fair value of a reporting unit is less than its carrying amount, then performing the two-step impairment test is unnecessary. The Company's 2024 and 2023 annual goodwill impairment analysis did not result in any impairment charges.

Definite-lived intangible assets are comprised of certain investment management agreements, trade names, non-competition agreements and software. These assets are amortized on a straight-line basis over the estimated useful lives of such assets, which range from 4 to 16 years. Definite-lived intangible assets are evaluated for impairment on an ongoing basis whenever events or circumstances indicate that the carrying value of the definite-lived intangible asset may not be recoverable. The Company determines if impairment has occurred by comparing estimates of future undiscounted cash flows to the carrying value of assets. Assets are considered impaired, and an impairment is recorded, if the carrying value exceeds the expected future undiscounted cash flows.

Indefinite-lived intangible assets are comprised of certain trade names and fund investment management agreements. These assets are tested for impairment annually or when events or changes in circumstances indicate the assets might be impaired. The Company follows ASU 2012-02, *Testing Indefinite-Lived Intangible Assets for Impairment*, which provides the option to perform a qualitative assessment of indefinite-lived intangible assets other than goodwill for impairment to determine if additional impairment testing is necessary. The Company's 2024 and 2023 annual indefinite-lived intangible assets impairment analysis did not result in any impairment charges.

Contingent Consideration

The Company periodically enters into contingent payment arrangements in connection with its business combinations or asset purchases. In contingent payment arrangements, the Company agrees to pay additional transaction consideration to the seller based on future performance. The Company estimates the value of future payments of these potential future obligations at the time a business combination or asset purchase is consummated. Liabilities under contingent payment arrangements are recorded within contingent consideration on the Consolidated Balance Sheets.

Contingent payment obligations related to business combinations are remeasured at fair value each reporting date using a simulation model with the assistance of an independent valuation firm and approved by management (level 3 fair value measurement). The change in fair value is recorded in the current period as a gain or loss. Gains and losses resulting from changes in the fair value of contingent payment obligations are reflected within change in fair value of contingent consideration on the Consolidated Statements of Operations.

Contingent payment obligations related to asset purchases, if estimable and probable of payment, are initially

recorded at their estimated value and reviewed every reporting period for changes. Any changes to the estimated value are recorded as an update of the initial acquisition cost of the asset with a corresponding change to the estimated contingent payment obligation on the Consolidated Balance Sheets.

Treasury Stock

Treasury stock is accounted for under the cost method and is included as a deduction from equity on the Stockholders' Equity section of the Consolidated Balance Sheets. Upon any subsequent resale, the treasury stock account is reduced by the cost of such stock.

Revenue Recognition

The Company's revenues are recognized when a performance obligation is satisfied, which occurs when control of the services is transferred to clients. Investment management fees, distribution and service fees, and administration and shareholder service fees are generally calculated as a percentage of average net assets of the investment portfolios managed. The net asset values from which these fees are calculated are variable in nature and subject to factors outside of the Company's control, such as additional investments, withdrawals and market performance. Because of this, these fees are considered constrained until the end of the contractual measurement period (monthly or quarterly), which is when asset values are generally determinable.

Investment Management Fees

The Company provides investment management services pursuant to investment management agreements through its investment advisers. Investment management services represent a series of distinct daily services that are performed over time. Fees earned on funds are based on each fund's average daily or weekly net assets and are generally calculated and received on a monthly basis. For funds managed by unaffiliated subadvisors, the Company records fees net of the subadvisory fees, as the Company is deemed to be the agent as it relates to the services performed by unaffiliated subadvisors, with the Company's performance obligation being to arrange for the provision of that service and not control the specified service before it is performed. Amounts paid to unaffiliated subadvisors for the years ended December 31, 2024, 2023 and 2022 were \$45.4 million, \$54.7 million and \$77.0 million, respectively.

Retail separate account fees are generally earned based on the end of the preceding or current quarter's asset values. Institutional account fees are generally earned based on an average of daily or month-end balances or the current quarter's asset values. Fees for structured finance products are generally earned at a contractual fee rate applied against the end of the preceding quarter par value of the total collateral being managed.

Distribution and Service Fees

Distribution and service fees are sales- and asset-based fees earned from open-end funds for marketing and distribution services. Depending on the fund type or share class, these fees primarily consist of an asset-based fee that is paid by the fund over a period of years to cover allowable sales and marketing expenses, or front-end sales charges that are based on a percentage of the offering price. Asset-based distribution and service fees are primarily earned as percentages of the average daily net assets value and are paid monthly pursuant to the terms of the respective distribution and service fee contracts.

Distribution and service fees represent two performance obligations comprised of distribution and related shareholder servicing activities. Distribution services are generally satisfied upon the sale of a fund share. Shareholder servicing activities are generally services satisfied over time.

The Company distributes its open-end funds through unaffiliated financial intermediaries that comprise national, regional and independent broker-dealers. These unaffiliated financial intermediaries provide distribution and shareholder service activities on behalf of the Company. The Company passes related distribution and service fees to these unaffiliated financial intermediaries for these services and considers itself the principal in these arrangements since it has control of the services prior to the services being transferred to the customer. These payments are classified within distribution and other asset-based expenses.

Administration and Shareholder Service Fees

The Company provides administrative fund services to its U.S. retail funds, and certain of its closed-end funds and shareholder services to its open-end funds. Administration and shareholder services are performed over time. The Company earns fees for these services, which are calculated and paid monthly, based on each fund's average daily or weekly net assets.

Administrative fund services include: record keeping, preparing and filing documents required to comply with securities laws, legal administration and compliance services, customer service, supervision of the activities of the funds' service providers, tax services and treasury services. The Company also provides office space, equipment and personnel that may be necessary for managing and administering the business affairs of the funds. Shareholder services include maintaining shareholder accounts, processing shareholder transactions, preparing filings and performing necessary reporting.

Other Income and Fees

Other income and fees primarily represent fees related to other fee earning assets and marketing fees earned on certain ETFs.

Stock-based Compensation

The Company accounts for stock-based compensation expense in accordance with ASC 718, *Compensation—Stock Compensation* ("ASC 718"), which requires the measurement and recognition of compensation expense for share-based awards based on the estimated fair value on the date of grant.

Restricted stock units ("RSUs") are stock awards that entitle the holder to receive shares of the Company's common stock as the award vests over time or when certain performance metrics are achieved. The fair value of each RSU award is based on the fair market value price on the date of grant unless it contains a performance metric that is considered a "market condition." Compensation expense for RSU awards is recognized ratably over the vesting period on a straight-line basis. The value of RSUs that contain a performance metric ("PSUs") is determined based on (i) the intrinsic value method for awards that contain a performance metric that represent a "performance condition" in accordance with ASC 718 and (ii) the Monte Carlo simulation valuation model for awards that contain a "market condition" performance metric under ASC 718. Compensation expense for PSU awards that contain a market condition is fixed at the date of grant and will not be adjusted in future periods based upon the achievement of the market condition. Compensation expense for PSU awards with a performance condition is recorded each period based upon a probability assessment of the expected outcome of the performance metric with a final adjustment upon measurement at the end of the performance period.

Income Taxes

The Company accounts for income taxes in accordance with ASC 740, *Income Taxes* ("ASC 740"), which requires recognition of the amount of taxes payable or refundable for the current year as well as deferred tax assets and liabilities for temporary differences between the tax basis of assets and liabilities and the reported amounts on the Consolidated Financial Statements.

The Company's methodology for determining the realizability of deferred tax assets includes consideration of taxable income in prior carryback year(s), if carryback is permitted under the tax law, as well as consideration of the reversal of deferred tax liabilities that are in the same period and jurisdiction and are of the same character as the temporary differences that gave rise to the deferred tax assets. The Company's methodology also includes estimates of future taxable income from its operations as well as the expiration dates and amounts of carry-forwards related to net operating losses and capital losses. These estimates are projected through the life of the related deferred tax assets based on assumptions that the Company believes to be reasonable and consistent with demonstrated operating results. Unanticipated changes in future operating results may have a significant impact on the realization of deferred tax assets. Valuation allowances are provided when it is determined that it is more likely than not that the benefit of deferred tax assets will not be realized.

Comprehensive Income

The Company reports all changes in comprehensive income on the Consolidated Statements of Changes in Stockholders' Equity and the Consolidated Statements of Comprehensive Income. Comprehensive income includes net income (loss) and foreign currency translation adjustments (net of tax).

Earnings (Loss) per Share

Earnings (loss) per share ("EPS") is calculated in accordance with ASC 260, *Earnings per Share*. Basic EPS is computed by dividing net income (loss) attributable to Virtus Investment Partners, Inc. by the weighted-average number of common shares outstanding for the period, excluding dilution for potential common stock issuances. Diluted EPS reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock, including shares issuable upon the vesting of RSUs and stock option exercises using the treasury stock method, as determined under the if-converted method.

Fair Value Measurements and Fair Value of Financial Instruments

ASC 820, *Fair Value Measurement*, establishes a framework for measuring fair value and a valuation hierarchy based upon the transparency of inputs used in the valuation of an asset or liability. The Financial Accounting Standards Board (the "FASB") defines fair value as the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. Classification within the hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The valuation hierarchy contains three levels as follows:

Level 1—Unadjusted quoted prices for identical instruments in active markets. Level 1 assets and liabilities may include debt securities and equity securities that are traded in an active exchange market.

Level 2—Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs and significant value drivers are observable in active markets. Level 2 inputs may include observable market data such as closing market prices provided by independent pricing services after considering factors such as the yields or prices of comparable investments of comparable quality, coupon, maturity, call rights and other potential prepayments, terms and type, reported transactions, indications as to values from dealers and general market conditions. In addition, pricing services may determine the fair value of equity securities traded principally in foreign markets when it has been determined that there has been a significant trend in the U.S. equity markets or in index futures trading. Level 2 assets and liabilities may include debt and equity securities, purchased loans and over-the-counter derivative contracts whose fair value is determined using a pricing model without significant unobservable market data inputs.

Level 3—Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable in active exchange markets.

Recent Accounting Pronouncements***New Accounting Standards Implemented***

In November 2023, the FASB issued ASU 2023-07, *Segment Reporting (Topic 280)*. This standard updates reportable segment disclosure requirements, clarifies circumstances in which an entity can disclose multiple segment measures of profit or loss and provides new segment disclosure requirements for entities with a single reportable segment. This standard is effective for annual filings of fiscal years beginning after December 15, 2023 and interim periods within fiscal years beginning after December 15, 2024. Early adoption is permitted, with the amendments to be applied retrospectively to all prior periods presented in the financial statements. The Company adopted this standard in this annual filing. See Note 17 for a discussion of the Company's segment information.

In March 2024, the FASB issued ASU 2024-01, *Compensation - Stock Compensation (Topic 718)*, *Scope Application of Profits Interest and Similar Awards*. This standard provides clarity regarding whether profits interest and similar awards are within the scope of Topic 718 of the Accounting Standards Codification. This standard is effective for fiscal years beginning after December 15, 2024. Early adoption is permitted. The Company adopted this standard in this annual filing. The adoption of this standard did not have a material impact on the Company's consolidated financial statements.

New Accounting Standards Not Yet Implemented

In December 2023, the FASB issued ASU 2023-09, *Income Taxes (Topic 740)*. This standard updates income tax disclosure requirements by requiring disaggregated information about a reporting entity's effective tax rate reconciliation as well as information on income taxes paid. This standard is effective for fiscal years beginning after December 15, 2024. Early adoption is permitted. The Company has evaluated the impact of adopting this standard and, at this time, does not anticipate it will have a material impact on its consolidated financial statements.

In November 2024, the FASB issued ASU 2024-03, *Income Statement - Reporting Comprehensive Income - Expense Disaggregation Disclosures (Subtopic 220-40)*. The standard requires enhanced disclosures of certain expense captions presented on the face of the Consolidated Income Statement. This standard is effective for fiscal years beginning after December 15, 2026 and interim periods within fiscal years beginning after December 15, 2027. Early adoption is permitted with amendments to be applied either prospectively or retrospectively to any or all prior periods presented in the financial statements. The Company is in the process of evaluating the impact of adopting this standard and, at this time, does not anticipate it will have a material impact on its consolidated financial statements.

3. Revenues

Investment Management Fees by Source

The following table summarizes investment management fees by source:

(in thousands)	Years Ended December 31,		
	2024	2023	2022
Investment management fees			
Open-end funds	\$ 317,990	\$ 305,238	\$ 335,585
Closed-end funds	59,184	58,136	63,841
Retail separate accounts	209,467	171,357	171,509
Institutional accounts	187,189	176,744	157,404
Total investment management fees	\$ 773,830	\$ 711,475	\$ 728,339

No Company clients or sponsored funds provided 10 percent or more of the Company's investment management, administration and shareholder service fee revenues in the preceding three years.

4. Acquisitions

AlphaSimplex Group, LLC

On April 1, 2023, the Company completed the acquisition of AlphaSimplex Group, LLC ("AlphaSimplex"), which was accounted for in accordance with ASC 805, *Business Combinations* ("ASC 805"). The total purchase price paid of \$113.4 million was allocated to the assets acquired and liabilities assumed based upon their estimated fair values at the date of the acquisition. Goodwill of \$48.3 million and intangible assets of \$55.4 million were recorded for the acquisition.

5. Goodwill and Other Intangible Assets

Activity in goodwill was as follows:

(in thousands)	Years Ended December 31,	
	2024	2023
Balance, beginning of period	\$ 397,098	\$ 348,836
Acquisitions	—	48,262
Balance, end of period	\$ 397,098	\$ 397,098

Below is a summary of intangible assets, net:

(in thousands)	Definite-Lived			Indefinite-Lived	Total
	Gross Book Value	Accumulated Amortization	Net Book Value	Net Book Value	Net Book Value
Balances of December 31, 2022	\$ 756,028	\$ (355,807)	\$ 400,221	\$ 42,298	\$ 442,519
Additions	55,400	—	55,400	—	55,400
Adjustments	(4,773)	—	(4,773)	—	(4,773)
Intangible amortization	—	(61,027)	(61,027)	—	(61,027)
Balances of December 31, 2023	806,655	(416,834)	389,821	42,298	432,119
Adjustments	2,409	—	2,409	—	2,409
Intangible amortization	—	(56,299)	(56,299)	—	(56,299)
Balances of December 31, 2024	\$ 809,064	\$ (473,133)	\$ 335,931	\$ 42,298	\$ 378,229

Definite-lived intangible asset amortization for the next five and succeeding fiscal years is estimated as follows:

Fiscal Year	Amount (in thousands)
2025	\$ 51,777
2026	50,797
2027	47,695
2028	42,033
2029	36,440
2030 and thereafter	107,189
Total	\$ 335,931

At December 31, 2024, the weighted average estimated remaining amortization period for definite-lived intangible assets was 7.5 years.

6. Investments

Investments consist primarily of investments in the Company's sponsored products. The Company's investments, excluding the assets of CIP discussed in Note 19, at December 31, 2024 and 2023, were as follows:

(in thousands)	December 31,	
	2024	2023
Investment securities - fair value	\$ 83,771	\$ 97,304
Equity method investments (1)	20,286	22,710
Nonqualified retirement plan assets	15,159	12,682
Total investments	\$ 119,216	\$ 132,696

- (1) The Company's equity method investments are valued on a three-month lag based upon the availability of financial information.

Investment Securities - Fair Value

Investment securities - fair value consist of investments in the Company's sponsored funds and separately managed accounts. The composition of the Company's investment securities - fair value was as follows:

(in thousands)	December 31, 2024		December 31, 2023	
	Cost	Fair Value	Cost	Fair Value
Investment Securities - fair value:				
Sponsored funds	\$ 63,220	\$ 63,296	\$ 80,794	\$ 77,433
Equity securities	17,406	19,019	16,353	19,871
Debt securities	1,457	1,456	—	—
Total investment securities - fair value	\$ 82,083	\$ 83,771	\$ 97,147	\$ 97,304

For the years ended December 31, 2024, 2023 and 2022, the Company recognized net realized gains of \$3.8 million and \$2.1 million, and a net realized loss of \$1.4 million, respectively, related to its investment securities - fair value.

Equity Method Investments

The Company's equity method investments primarily consist of a minority investment in an investment manager and an investment in a limited partnership. For the years ended December 31, 2024, 2023 and 2022, distributions from equity method investments were \$5.4 million, \$2.3 million and \$2.2 million, respectively. The remaining capital commitment for one of the Company's equity method investments at December 31, 2024 was \$0.2 million.

Nonqualified Retirement Plan Assets

The Company's Excess Incentive Plan allows certain employees to voluntarily defer compensation. The Company

holds the Excess Incentive Plan assets in a rabbi trust, which is subject to the claims of the Company's creditors in the event of the Company's bankruptcy or insolvency. Each participant is responsible for designating investment options for their contributions, and the ultimate distribution paid to each participant reflects any gains or losses on the assets realized while in the trust. Assets held in trust are included in investments and are carried at fair value utilizing Level 1 valuation techniques in accordance with ASC 320, Investments - Debt Securities; the associated obligations to participants are included in other liabilities on the Consolidated Balance Sheets.

7. Fair Value Measurements

The Company's assets and liabilities measured at fair value on a recurring basis, excluding the assets and liabilities of CIP discussed in Note 19, as of December 31, 2024 and 2023 by fair value hierarchy level were as follows:

December 31, 2024

(in thousands)

Assets

	Level 1	Level 2	Level 3	Total
Cash equivalents	\$ 225,736	\$ —	\$ —	\$ 225,736
Investment securities - fair value				
Sponsored funds	63,296	—	—	63,296
Equity securities	19,019	—	—	19,019
Debt securities	—	1,456	—	1,456
Nonqualified retirement plan assets	15,159	—	—	15,159
Total assets measured at fair value	\$ 323,210	1,456	\$ —	\$ 324,666

Liabilities

Contingent consideration	\$ —	\$ —	\$ 36,100	\$ 36,100
Total liabilities measured at fair value	\$ —	\$ —	\$ 36,100	\$ 36,100

December 31, 2023

(in thousands)

Assets

	Level 1	Level 2	Level 3	Total
Cash equivalents	\$ 197,240	\$ —	\$ —	\$ 197,240
Investment securities - fair value				
Sponsored funds	77,433	—	—	77,433
Equity securities	19,871	—	—	19,871
Nonqualified retirement plan assets	12,682	—	—	12,682
Total assets measured at fair value	\$ 307,226	\$ —	\$ —	\$ 307,226

Liabilities

Contingent consideration	\$ —	\$ —	\$ 56,200	\$ 56,200
Total liabilities measured at fair value	\$ —	\$ —	\$ 56,200	\$ 56,200

The following is a discussion of the valuation methodologies used for the Company's assets and liabilities measured at fair value.

Cash equivalents represent investments in money market funds. Cash investments in money market funds are valued using published net asset values and are classified as Level 1.

Sponsored funds represent investments in open-end funds and closed-end funds for which the Company acts as the investment manager. The fair values of U.S. retail funds and global funds are determined based on their published net asset values and are categorized as Level 1. The fair value of closed-end funds and ETFs is determined based on the official closing

price on the exchange on which they are traded and are categorized as Level 1.

Equity securities represent securities traded on active markets, are valued at the official closing price (typically the last sale or bid) on the exchange on which the securities are primarily traded and are categorized as Level 1.

Debt securities Debt securities represent investments in corporate and government bonds. The fair values of corporate and government bonds traded on active markets are valued at the official closing price on the exchange on which the securities are primarily traded and are categorized as Level 1. Debt securities for which closing prices are not readily available or are deemed to not reflect readily available market prices, and are valued using an independent pricing service, are categorized as Level 2.

Nonqualified retirement plan assets represent mutual funds within the Company's nonqualified retirement plan whose fair value is determined based on their published net asset value and are categorized as Level 1.

Contingent consideration represents liabilities associated with contingent payment arrangements made in connection with the Company's business combinations. In these contingent payment arrangements, the Company agrees to pay additional transaction consideration to the seller based on future performance. Contingent consideration is remeasured at fair value each reporting date using a simulation model with the assistance of an independent valuation firm and approved by management and are categorized as Level 3.

The following table presents a reconciliation of beginning and ending balances of the Company's contingent consideration liabilities:

<i>(in thousands)</i>	2024	2023
Contingent consideration, beginning of year	\$ 56,200	\$ 78,100
Reduction for payments made	(14,492)	(16,390)
Increase (reduction) of liability related to re-measurement of fair value	(5,608)	(5,510)
Contingent consideration, end of year	\$ 36,100	\$ 56,200

The contingent consideration related to the Westchester Capital Management transaction as of December 31, 2024 was \$1.9 million, measured using an options pricing model valuation technique. The most significant unobservable inputs used relate to revenue growth rates, discount rates (range of 6.3% - 6.4%) and the market price of risk adjustment (7.3%). The NFJ Investment Group contingent consideration liability as of December 31, 2024 was \$34.2 million, measured using an options pricing model valuation technique. The most significant unobservable inputs used relate to the revenue growth rates, discount rates (range of 6.3% - 6.4%) and the market price of risk adjustment (6.5%).

Cash, accounts receivable, accounts payable and accrued liabilities equal or approximate fair value based on the short-term nature of these instruments.

8. Furniture, Equipment and Leasehold Improvements, Net

Furniture, equipment and leasehold improvements, net were as follows:

<i>(in thousands)</i>	December 31,	
	2024	2023
Leasehold improvements	\$ 27,321	\$ 26,710
Furniture and office equipment	17,150	15,459
Computer equipment and software	8,101	6,671
Subtotal	52,572	48,840
Accumulated depreciation and amortization	(29,854)	(22,624)
Furniture, equipment and leasehold improvements, net	\$ 22,718	\$ 26,216

9. Leases

All of the Company's leases qualify as operating leases and consist primarily of leases for office facilities, which have remaining initial lease terms ranging from 0.1 to 13.6 years and a weighted average remaining lease term of 11.3 years. The Company has options to renew certain of its leases for periods ranging from 3.0 to 10.0 years, depending on the lease. None of the Company's renewal options were considered reasonably assured of being exercised and, therefore, were excluded from the initial lease term used to determine the Company's right-of-use asset and lease liability. The Company's right-of-use asset and lease liability on the Consolidated Balance Sheets at December 31, 2024 were \$57.1 million and \$70.0 million, respectively. The weighted average discount rate used to measure the Company's lease liability was 6.8% at December 31, 2024.

Lease expense totaled \$15.1 million, \$14.7 million and \$14.0 million for fiscal years 2024, 2023 and 2022, respectively. Cash payments relating to operating leases during 2024 were \$25.7 million.

Lease liability maturities as of December 31, 2024 were as follows:

Fiscal Year	Amount (in thousands)
2025	\$ 12,187
2026	9,324
2027	8,582
2028	6,399
2029	8,373
Thereafter	61,625
Total lease payments	106,490
Less: Imputed interest	36,453
Present value of lease liabilities	\$ 70,037

10. Income Taxes

The components of the provision for income taxes were as follows:

(in thousands)	Years Ended December 31,		
	2024	2023	2022
Current			
Federal	\$ 37,536	\$ 33,523	\$ 40,113
State	10,767	10,171	19,107
Total current tax expense (benefit)	48,303	43,694	59,220
Deferred			
Federal	5,164	789	(1,506)
State	1,956	605	(454)
Total deferred tax expense (benefit)	7,120	1,394	(1,960)
Total expense (benefit) for income taxes	\$ 55,423	\$ 45,088	\$ 57,260

The following presents a reconciliation of the provision (benefit) for income taxes computed at the federal statutory rate to the provision (benefit) for income taxes recognized on the Consolidated Statements of Operations for the years indicated:

<i>(in thousands)</i>	Years Ended December 31,					
	2024		2023		2022	
Tax at statutory rate	\$ 43,654	21 %	\$ 39,178	21 %	\$ 34,416	21 %
State taxes, net of federal benefit	10,040	5 %	9,240	5 %	14,736	9 %
Excess tax benefits related to share-based compensation	(220)	— %	(1,767)	(1)%	(2,792)	(1)%
Nondeductible compensation	2,246	1 %	2,106	1 %	2,356	1 %
Effect of net (income) loss attributable to noncontrolling interests	(2,348)	(1)%	(2,299)	(1)%	(1,435)	(1)%
Change in valuation allowance	73	— %	(1,547)	(1)%	9,596	6 %
Other, net	1,978	1 %	177	— %	383	— %
Income tax expense (benefit)	\$ 55,423	27 %	\$ 45,088	24 %	\$ 57,260	35 %

The provision for income taxes reflects U.S. federal, state and local taxes at an effective tax rate of 27%, 24% and 35% for the years ended December 31, 2024, 2023 and 2022, respectively. The Company's tax position for the years ended December 31, 2024, 2023 and 2022 was impacted by changes in the valuation allowance related to the unrealized and realized gains and losses on the Company's investments.

Deferred taxes resulted from temporary differences between the amounts reported on the consolidated financial statements and the tax basis of assets and liabilities. The tax effects of temporary differences were as follows:

<i>(in thousands)</i>	December 31,	
	2024	2023
Deferred tax assets:		
Intangible assets	\$ 18,809	\$ 19,206
Net operating losses	9,180	10,754
Compensation accruals	17,173	19,614
Lease liability	17,698	19,009
Investment in sponsored products	8,801	11,643
Capital losses	7,748	6,139
Investment in partnerships	8,058	2,188
Gross deferred tax assets	87,467	88,553
Valuation allowance	(16,612)	(16,539)
Gross deferred tax assets after valuation allowance	70,855	72,014
Deferred tax liabilities:		
Intangible assets	(29,642)	(26,746)
Right of use asset	(14,406)	(15,677)
Fixed assets	(3,042)	(4,197)
Other	(559)	(370)
Gross deferred tax liabilities	(47,649)	(46,990)
Deferred tax assets, net	\$ 23,206	\$ 25,024

At each reporting date, the Company evaluates the positive and negative evidence used to determine the likelihood of realization of its deferred tax assets. The Company maintained a valuation allowance in the amount of \$16.6 million and \$16.5 million at December 31, 2024 and 2023, respectively, relating to deferred tax assets on items of a capital nature as well as certain state deferred tax assets.

As of December 31, 2024, the Company had net operating loss carry-forwards for federal income tax purposes

represented by a \$5.2 million deferred tax asset. The related federal net operating loss carry-forwards are scheduled to begin to expire in the year 2031. As of December 31, 2024, the Company had state net operating loss carry-forwards, varying by subsidiary and jurisdiction, represented by a \$3.9 million deferred tax asset. Certain state net operating loss carry-forwards are scheduled to begin to expire in 2025.

Internal Revenue Code Section 382 ("Section 382") limits tax deductions for net operating losses, capital losses and net unrealized built-in losses after there is a substantial change in ownership in a corporation's stock involving a 50-percentage point increase in ownership by 5% or larger stockholders. At December 31, 2024, the Company had pre-change losses represented by deferred tax assets totaling \$5.7 million that are subject to Section 382 limits. The utilization of these assets is subject to an annual limitation of \$1.1 million.

Activity in unrecognized tax benefits were as follows:

<i>(in thousands)</i>	Years Ended December 31,		
	2024	2023	2022
Balance, beginning of year	\$ 856	\$ 856	\$ 1,235
Decrease related to tax positions taken in prior years	(214)	(214)	(593)
Increase related to positions taken in the current year	214	214	214
Balance, end of year	<u>\$ 856</u>	<u>\$ 856</u>	<u>\$ 856</u>

If recognized, \$0.7 million of the \$0.9 million gross unrecognized tax benefit balance at December 31, 2024 would favorably impact the Company's effective income tax rate. The Company does not expect any significant changes to its liability for unrecognized tax benefits during the next 12 months.

The Company recognizes interest and penalties related to income tax matters within income tax expense. The Company recorded no interest or penalties related to unrecognized tax benefits at December 31, 2024, 2023 and 2022.

The earliest federal tax year that remains open for examination is 2021. The earliest open years in the Company's major state tax jurisdictions are 2010 for Connecticut and 2021 for all of the Company's remaining state tax jurisdictions.

11. Debt

Credit Agreement

The Company's credit agreement, as amended (the "Credit Agreement"), comprises (i) a \$275.0 million term loan with a seven-year term (the "Term Loan") expiring in September 2028, and (ii) a \$175.0 million revolving credit facility with a five-year term expiring in September 2026. The Company repaid \$22.8 million outstanding under the Term Loan in 2024 and had \$236.1 million outstanding at December 31, 2024 under the Term Loan. In accordance with ASC 835, *Interest*, the amounts outstanding under the Company's Term Loan are presented on the Consolidated Balance Sheet net of related debt issuance costs, which were \$3.9 million as of December 31, 2024.

Amounts outstanding under the Credit Agreement bear interest at an annual rate equal to, at the option of the Company, either SOFR (adjusted for reserves) for interest periods of one, three or six months (or, solely in the case of the revolving credit facility, if agreed to by each relevant Lender, 12 months) or an alternate base rate, in either case plus an applicable margin. The applicable margins are 2.25%, in the case of SOFR-based loans, and 1.25%, in the case of alternate base rate loans. Interest is payable quarterly in arrears with respect to alternate base rate loans and on the last day of each interest period with respect to SOFR-based loans (but, in the case of any SOFR-based loan with an interest period of more than three months, at three-month intervals). The Credit Agreement contains SOFR and other subsequent benchmark successor provisions.

The terms of the Credit Agreement require the Company to pay a quarterly commitment fee on the average unused amount of the revolving credit facility. The fee is initially set at 0.50% and following the first delivery of certain financial reports, will range from 0.375% to 0.50%, based on the secured net leverage ratio of the Company as of the last day of the preceding fiscal quarter, as reflected in such financial reports.

The Term Loan amortizes at the rate of 1.00% per annum payable in equal quarterly installments on the last day of each calendar quarter, commencing on December 31, 2021. In addition, the Credit Agreement requires that the Term Loan be

mandatorily prepaid with (i) 50% of the Company's excess cash flow on an annual basis, stepping down to 25% if the Company's secured net leverage ratio declines to 2:1 or below and stepping down to 0% if the Company's secured net leverage ratio declines below 1.5:1; (ii) 50% of the net proceeds of certain asset sales, casualty or condemnation events, subject to customary reinvestment rights; and (iii) 100% of the proceeds of any indebtedness incurred to refinance the term loans or other refinancing indebtedness as well as indebtedness incurred other than indebtedness permitted to be incurred by the Credit Agreement. At any time, upon timely notice, the Company may terminate the Credit Agreement in full, reduce the commitment under the facility in minimum specified increments or prepay loans in whole or in part, subject to the payment of breakage fees with respect to SOFR-based loans and, in the case of any term loans that are prepaid in connection with a "repricing transaction" occurring within the six-month period following the closing date of the Credit Agreement, a 1.00% premium.

The Credit Agreement contains customary affirmative and negative covenants, including covenants that affect, among other things, the ability of the Company and its subsidiaries to incur additional indebtedness, create liens, merge or dissolve, make investments, dispose of assets, engage in sale and leaseback transactions, make distributions and dividends and prepayments of junior indebtedness, engage in transactions with affiliates, enter into restrictive agreements, amend documentation governing junior indebtedness, modify its fiscal year and modify its organizational documents, subject to customary exceptions, thresholds, qualifications and "baskets." In addition, the Credit Agreement contains a financial performance covenant that is only applicable when greater than 35% of the revolving credit facility is outstanding, requiring a maximum leverage ratio, as of the last day of each of the four fiscal quarter periods, of no greater than the levels set forth in the Credit Agreement.

Future minimum Term Loan payments (exclusive of any mandatory excess cash-flow repayments) as of December 31, 2024 were as follows:

Fiscal Year	Amount (in thousands)
2025	\$ 2,750
2026	2,750
2027	2,750
2028	227,813
	<u>\$ 236,063</u>

12. Commitments and Contingencies

Legal Matters

The Company is involved from time to time in litigation and arbitration, as well as examinations, inquiries and investigations by various regulatory bodies, involving its compliance with, among other things, securities laws, client investment guidelines, laws governing the activities of broker-dealers and other laws and regulations affecting its products and other activities.

The Company records a liability when it believes that it is both probable that a liability has been incurred and the amount of the liability can be reasonably estimated. Significant judgment is required in both the determination of probability and the determination as to whether a loss is reasonably estimable. Based on information currently available, available insurance coverage, indemnities and established reserves, the Company believes that the outcomes of its legal and regulatory proceedings are not likely, either individually or in the aggregate, to have a material adverse effect on the Company's results of operations, cash flows or consolidated financial condition. However, in the event of unexpected subsequent developments, and given the inherent unpredictability of these legal and regulatory matters, the Company can provide no assurance that its assessment of any legal matter will reflect the ultimate outcome, and an adverse outcome in certain matters could have a material adverse effect on the Company's results of operations or cash flows in particular quarterly or annual periods.

13. Equity Transactions

Dividends

During the first and second quarters of the year ended December 31, 2024, the Board of Directors declared quarterly cash dividends on the Company's common stock of \$1.90 each. During the third and fourth quarters of the year ended December 31, 2024, the Board of Directors declared quarterly cash dividends on the Company's common stock of \$2.25 each. Total dividends declared on the Company's common stock were \$60.9 million for the year ended December 31, 2024.

At December 31, 2024, \$20.0 million was included as dividends payable in liabilities on the Consolidated Balance Sheet representing the fourth quarter dividends to be paid on February 12, 2025 for common stock shareholders of record as of January 31, 2024.

On February 26, 2025, the Company declared a quarterly cash dividend of \$2.25 per common share to be paid on May 14, 2025 to shareholders of record at the close of business on April 30, 2025.

Common Stock Repurchases

During the year ended December 31, 2024, the Company repurchased 201,233 common shares at a weighted average price of \$222.94 per share, for a total cost, including fees and expenses, of \$45.1 million under its share repurchase program. As of December 31, 2024, 403,312 shares remain available for repurchase. Under the terms of the program, the Company may repurchase shares of its common stock from time to time at its discretion through open market repurchases, privately negotiated transactions and/or other mechanisms, depending on price and prevailing market and business conditions. The program, which has no specified term, may be suspended or terminated at any time.

14. Retirement Savings Plan

The Company sponsors a defined contribution 401(k) retirement plan (the "401(k) Plan") covering all employees who meet certain age and service requirements. Employees may contribute a percentage of their eligible compensation into the 401(k) Plan, subject to certain limitations imposed by the Internal Revenue Code. The Company matches employees' contributions at a rate of 100% of employees' contributions up to the first 5.0% of the employees' compensation contributed to the 401(k) Plan. The Company's matching contributions were \$8.7 million, \$8.3 million and \$7.4 million in 2024, 2023 and 2022, respectively.

15. Stock-Based Compensation

Equity-based awards, including restricted stock units ("RSUs"), performance stock units ("PSUs"), stock options and unrestricted shares of common stock, may be granted to officers, employees and directors of the Company pursuant to the Company's Omnibus Incentive and Equity Plan (the "Omnibus Plan"). At December 31, 2024, 828,882 shares of common stock remain available for issuance of the 3,825,000 shares that are authorized for issuance under the Omnibus Plan.

Stock-based compensation expense is summarized as follows:

<i>(in thousands)</i>	Years Ended December 31,		
	2024	2023	2022
Stock-based compensation expense	\$ 32,841	\$ 26,825	\$ 24,042

Restricted Stock Units

Each RSU entitles the holder to one share of common stock when the restriction expires. RSUs may be time-vested or performance-contingent PSUs that convert into RSUs after performance measurement is complete and generally vest in one to three years. Shares that are issued upon vesting are newly issued shares from the Omnibus Plan and are not issued from treasury stock.

RSU activity, inclusive of PSUs, for the year ended December 31, 2024 is summarized as follows:

	Number of shares	Weighted Average Grant Date Fair Value
Outstanding at December 31, 2023	344,717	\$ 204.48
Granted	128,375	\$ 234.57
Forfeited	(27,210)	\$ 194.76
Settled	(128,393)	\$ 233.20
Outstanding at December 31, 2024	<u>317,489</u>	<u>\$ 205.86</u>

The grant-date intrinsic value of RSUs granted during the year ended December 31, 2024 was \$30.1 million.

<i>(in millions, except per share values)</i>	Years Ended December 31,		
	2024	2023	2022
Weighted-average grant-date fair value per share	\$ 234.57	\$ 160.74	\$ 194.46
Fair value of RSUs vested	\$ 29.9	\$ 24.8	\$ 23.8

For the years ended December 31, 2024, 2023 and 2022, a total of 50,910, 79,516 and 79,471 RSUs, respectively, were withheld by the Company as a result of net share settlements to settle minimum employee tax withholding obligations and for which the Company paid \$11.7 million, \$13.8 million and \$16.8 million, respectively, in minimum employee tax withholding obligations. These net share settlements had the effect of share repurchases by the Company as they reduced the number of shares that would have otherwise been issued as a result of the vesting.

During the years ended December 31, 2024 and 2023, the Company granted 29,276 and 44,583 PSUs, respectively, that contain performance-based metrics in addition to a service condition. Compensation expense for PSUs is generally recognized over a three-year service period based upon the value determined using a combination of (i) the intrinsic value method, for awards that contain a performance metric that represents a "performance condition" in accordance with ASC 718, Stock Compensation ("ASC 718") and (ii) the Monte Carlo simulation valuation model for awards that contain a "market condition" performance metric under ASC 718. Compensation expense for PSU awards that contain a market condition is fixed at the date of grant and will not be adjusted in future periods based upon the achievement of the market condition. Compensation expense for PSU awards with a performance condition is recorded each period based upon a probability assessment of the expected outcome of the performance metric with a final adjustment upon measurement at the end of the performance period.

As of December 31, 2024 and 2023, unamortized stock-based compensation expense for unvested RSUs and PSUs was \$27.9 million and \$30.3 million, respectively, with a weighted average remaining contractual life of 1.1 years and 1.1 years, respectively. The Company did not capitalize any stock-based compensation expenses during the years ended December 31, 2024, 2023 and 2022.

Employee Stock Purchase Plan

The Company offers an employee stock purchase plan that allows employees to purchase shares of common stock on the open market at market price through after-tax payroll deductions. The initial transaction fees are paid for by the Company and shares of common stock are purchased on a quarterly basis. The Company does not reserve shares for this plan or discount the purchase price of the shares.

16. Earnings (Loss) Per Share

The computation of basic and diluted EPS is as follows:

<i>(in thousands, except per share amounts)</i>	Years Ended December 31,		
	2024	2023	2022
Net Income (Loss)	\$ 152,453	\$ 141,476	\$ 106,628
Noncontrolling interests	(30,707)	(10,855)	10,913
Net Income (Loss) Attributable to Virtus Investment Partners, Inc.	<u>\$ 121,746</u>	<u>\$ 130,621</u>	<u>\$ 117,541</u>
Shares (in thousands):			
Basic: Weighted-average number of shares outstanding	7,082	7,249	7,391
Plus: Incremental shares from assumed conversion of dilutive instruments	128	126	191
Diluted: Weighted-average number of shares outstanding	<u>7,210</u>	<u>7,375</u>	<u>7,582</u>
Earnings (Loss) per Share—Basic	\$ 17.19	\$ 18.02	\$ 15.90
Earnings (Loss) per Share—Diluted	\$ 16.89	\$ 17.71	\$ 15.50

The following table details the securities that have been excluded from the above computation of weighted-average number of shares for diluted EPS, because the effect would be anti-dilutive.

<i>(in thousands)</i>	Years Ended Years Ended December 31,		
	2024	2023	2022
Restricted stock units and stock options	1	2	33
Total anti-dilutive securities	<u>1</u>	<u>2</u>	<u>33</u>

17. Segments

ASC 280 establishes disclosure requirements relating to operating segments in annual and interim financial statements. Operating segments are defined as components of an enterprise about which separate financial information is available that is regularly evaluated by the CODM in deciding how to allocate resources to the segment and assess its performance. The Company's Chief Executive Officer is the Company's CODM. The Company operates in one business segment, namely as an asset manager providing investment management and related services for individual and institutional clients. Although the Company provides disclosures regarding assets under management and other asset flows by product, the Company's determination that it operates in one business segment is based on the fact that the same investment professionals manage both retail and institutional products, operational resources support multiple products, such products have the same or similar regulatory framework and the Company's CODM reviews the Company's financial performance on a consolidated level.

The key GAAP measure of segment profit or loss that the CODM uses to evaluate the Company's financial performance and allocate resources of the Company is net income, as reported on the Company's Consolidated Statements of Operations. In addition, the CODM uses net income in deciding whether to reinvest profits or allocate profits to other uses of capital, such as for acquisitions or to pay dividends. All expense categories on the Consolidated Statements of Operations are significant and there are no other significant segment expenses that would require disclosure. Assets provided to the CODM are consistent with those reported on the Consolidated Balance Sheets.

18. Redeemable Noncontrolling Interests*Redeemable noncontrolling interests*

Minority interests held in a majority-owned investment management subsidiary are subject to holder put rights and Company call rights at pre-established multiples of earnings before interest, taxes, depreciation and amortization and, as such, are considered redeemable at other than fair value. The rights are exercisable at pre-established intervals or upon certain conditions, such as retirement. The put and call rights are not legally detachable or separately exercisable and are deemed to be embedded in the related noncontrolling interests. The Company, in purchasing equity of the investment management subsidiary, has the option to settle in cash or shares of the Company's common stock and is entitled to the cash flow associated with any purchased equity. The minority interests in the investment management subsidiary are recorded at estimated redemption value within redeemable noncontrolling interests on the Company's Condensed Consolidated Balance

Sheets, and any changes in the estimated redemption value are recorded on the Condensed Consolidated Statements of Operations within noncontrolling interests.

Redeemable noncontrolling interests for the year ended December 31, 2024 included the following amounts:

<i>(in thousands)</i>	CIP	Noncontrolling Interests - Investment Manager	Total
Balance at December 31, 2023	\$ 30,643	\$ 74,226	\$ 104,869
Net income (loss) attributable to noncontrolling interests	3,267	6,991	10,258
Changes in redemption value (1)	—	19,680	19,680
Total net income (loss) attributable to noncontrolling interests	3,267	26,671	29,938
Affiliate equity sales (purchases)	—	(29,015)	(29,015)
Net subscriptions (redemptions) and other	11,757	(10,267)	1,490
Balance at December 31, 2024	<u>\$ 45,667</u>	<u>\$ 61,615</u>	<u>\$ 107,282</u>

(1) Relates to noncontrolling interests redeemable at other than fair value.

Equity awards of majority-owned investment management subsidiary

The Company also issues equity-based profit-interest awards of the investment manager to certain of its employees, with certain awards having up to a three-year vesting period when issued. These profit-interest awards are subject to holder put rights and Company call rights at established multiples of earnings before interest, taxes, depreciation and amortization, with certain awards also subject to pre-established thresholds. The profit-interest awards are accounted for as cash settled liability awards under ASC 718, with changes in value at each reporting date recognized as compensation expense over the requisite service period if any, in the Company's Consolidated Statements of Operations. The awards are classified as a liability within accrued compensation and benefits on the Consolidated Balance Sheets until the award is settled. Additionally, these profit-interest awards have a right to participate in distributions of the affiliate which are recorded as compensation expense in the Company's Consolidated Statements of Operations.

Accrued compensation associated with these awards was \$19.4 million and \$8.2 million at December 31, 2024 and 2023, respectively. Compensation expense related to these awards totaled \$8.2 million and \$1.1 million for the years ended December 31, 2024 and 2023, respectively.

19. Consolidation

The consolidated financial statements include the accounts of the Company, its subsidiaries and investment products that are consolidated. A VOE is consolidated when the Company is considered to have a controlling financial interest, which is typically present when the Company owns a majority of the voting interest in an entity or otherwise has the power to govern the financial and operating policies of the entity.

In the normal course of its business, the Company sponsors various investment products, some of which are consolidated by the Company. CIP includes both VOEs, made up primarily of U.S. retail funds and ETFs in which the Company holds a controlling financial interest, and VIEs, which consist of collateralized loan obligations ("CLO") and certain global and private funds ("GF") of which the Company is considered the primary beneficiary. The consolidation and deconsolidation of these investment products have no impact on the Company's net income (loss). The Company's risk with respect to these investment products is limited to its beneficial interests in these products. The Company has no right to the benefits from, and does not bear the risks associated with, these investment products beyond the Company's investments in, and fees generated from, these products.

The following table presents the balances of CIP that, after intercompany eliminations, were reflected on the Consolidated Balance Sheets as of December 31, 2024 and 2023:

	As of December 31,					
	2024			2023		
	VOEs	VIEs		VOEs	VIEs	
		CLOs	GFs		CLOs	GFs
<i>(in thousands)</i>						
Cash and cash equivalents	\$ 5,179	\$ 125,995	\$ 3,247	\$ 1,223	\$ 98,101	\$ 2,088
Investments	40,678	2,141,626	88,413	30,985	1,972,342	79,386
Other assets	403	172,707	1,261	174	41,985	1,076
Notes payable	—	(2,171,946)	—	—	(1,922,243)	—
Securities purchased payable and other liabilities	(4,271)	(151,922)	(1,840)	(740)	(89,167)	(616)
Noncontrolling interests	(12,452)	(4,143)	(33,215)	(7,316)	(4,363)	(23,327)
Net interests in CIP	\$ 29,537	\$ 112,317	\$ 57,866	\$ 24,326	\$ 96,655	\$ 58,607

Consolidated CLOs

The majority of the Company's CIP that are VIEs are CLOs. A majority-owned consolidated private fund, whose primary purpose is to invest in CLOs for which the Company serves as the collateral manager, is also included. At December 31, 2024, the Company consolidated seven CLOs. The financial information of CLOs is included on the Company's consolidated financial statements on a one-month lag based upon the availability of their financial information.

Investments of CLOs

The CLOs held investments of \$2.1 billion at December 31, 2024, consisting of bank loan investments that comprise the majority of the CLOs' portfolio asset collateral and are senior secured corporate loans across a variety of industries. These bank loan investments mature at various dates between 2025 and 2033 and generally pay interest at SOFR plus a spread.

Notes Payable of CLOs

The CLOs held notes payable with a total value, at par, of \$2.4 billion at December 31, 2024, consisting of senior secured floating rate notes payable with a par value of \$2.2 billion and subordinated notes with a par value of \$244.9 million. These note obligations bear interest at variable rates based on SOFR plus a pre-defined spread.

The Company's beneficial interests and maximum exposure to loss related to these consolidated CLOs is limited to (i) ownership in the subordinated notes and (ii) accrued management fees. The secured notes of the consolidated CLOs have contractual recourse only to the related assets of the CLO and are classified as financial liabilities. Although these beneficial interests are eliminated upon consolidation, the application of the measurement alternative prescribed by ASU 2014-13, *Consolidation (Topic 810)* ("ASU 2014-13"), results in the net assets of the consolidated CLOs shown above to be equivalent to the beneficial interests retained by the Company at December 31, 2024, as shown in the table below:

	<i>(in thousands)</i>
Subordinated notes	\$ 111,079
Accrued investment management fees	1,238
Total Beneficial Interests	\$ 112,317

The following table represents income and expenses of the consolidated CLOs included on the Company's Consolidated Statements of Operations for the period indicated:

	Year Ended December 31, 2024 (in thousands)
Income:	
Realized and unrealized gain (loss), net	\$ (16,450)
Interest income	197,314
Total Income	<u>\$ 180,864</u>
Expenses:	
Other operating expenses	\$ 6,178
Interest expense	161,192
Total Expense	167,370
Noncontrolling interests	(769)
Net Income (loss) attributable to CLOs	<u><u>\$ 12,725</u></u>

The following table represents the Company's own economic interests in the consolidated CLOs, which are eliminated upon consolidation:

	Year Ended December 31, 2024 (in thousands)
Distributions received and unrealized gains (losses) on the subordinated notes held by the Company	\$ 3,824
Investment management fees	8,901
Total Economic Interests	<u><u>\$ 12,725</u></u>

Fair Value Measurements of CIP

The assets and liabilities of CIP measured at fair value on a recurring basis as of December 31, 2024 and 2023 by fair value hierarchy level were as follows:

As of December 31, 2024

(in thousands)

	Level 1	Level 2	Level 3	Total
Assets				
Cash equivalents	\$ 127,695	\$ —	\$ —	\$ 127,695

Equity investments	22,993	111	1,013	24,117
Total assets measured at fair value	<u>\$ 150,688</u>	<u>\$ 2,240,035</u>	<u>\$ 7,689</u>	<u>\$ 2,398,412</u>
Liabilities				
Notes payable	\$ —	\$ 2,171,946	\$ —	\$ 2,171,946
Short sales	356	—	—	356
Total liabilities measured at fair value	<u>\$ 356</u>	<u>\$ 2,171,946</u>	<u>\$ —</u>	<u>\$ 2,172,302</u>

As of December 31, 2023*(in thousands)*

	Level 1	Level 2	Level 3	Total
Assets				
Cash equivalents	\$ 98,101	\$ —	\$ —	\$ 98,101
Debt investments	241	2,012,760	36,616	2,049,617
Equity investments	32,642	8	446	33,096
Total assets measured at fair value	<u>\$ 130,984</u>	<u>\$ 2,012,768</u>	<u>\$ 37,062</u>	<u>\$ 2,180,814</u>
Liabilities				
Notes payable	\$ —	\$ 1,922,243	\$ —	\$ 1,922,243
Short sales	518	—	—	518
Total liabilities measured at fair value	<u>\$ 518</u>	<u>\$ 1,922,243</u>	<u>\$ —</u>	<u>\$ 1,922,761</u>

The following is a discussion of the valuation methodologies used for the assets and liabilities of the Company's CIP measured at fair value.

Level 1 assets represent cash investments in money market funds and debt and equity investments that are valued using published net asset values or the official closing price on the exchange on which the securities are traded.

Level 2 assets represent most debt securities (including bank loans) and certain equity securities (including non-U.S. securities), for which closing prices are not readily available or are deemed to not reflect readily available market prices, and are valued using an independent pricing service. Debt investments, other than bank loans, are valued based on quotations received from independent pricing services or from dealers who make markets in such securities. Bank loan investments, which are included as debt investments, are generally priced at the average mid-point of bid and ask quotations obtained from a third-party pricing service. Fair value may also be based upon valuations obtained from independent third-party brokers or dealers utilizing matrix pricing models that consider information regarding securities with similar characteristics.

Level 3 assets include debt and equity securities that are not widely traded, are illiquid or are priced by dealers based on pricing models used by market makers in the security. These securities are valued using unadjusted prices from an independent pricing service.

Level 1 liabilities consist of short sales transactions in which a security is sold that is not owned or is owned but there is no intention to deliver, in anticipation that the price of the security will decline. Short sales are recorded on the Condensed Consolidated Balance Sheets within other liabilities of CIP and are classified as Level 1 based on the underlying equity security.

Level 2 liabilities consist of notes payable issued by CLOs and are measured using the measurement alternative in ASU 2014-13. Accordingly, the fair value of CLO liabilities was measured as the fair value of CLO assets less the sum of (i) the fair value of the beneficial interests held by the Company, and (ii) the carrying value of any beneficial interests that represent compensation for services. The fair value of the beneficial interests held by the Company is based on third-party pricing information without adjustment.

The securities purchased payable at December 31, 2024 and 2023 approximated fair value due to the short-term nature of the instruments.

The following table is a reconciliation of assets of CIP for Level 3 investments for which significant unobservable inputs were used to determine fair value:

<i>(in thousands)</i>	Year Ended December 31,	
	2024	2023
Level 3 Investments of CIP (1)		
Balance at beginning of period	\$ 37,062	\$ 43,581
Purchases	2,062	6,213
Sales	(43,179)	(21,784)
Realized and unrealized gains (losses), net	459	(791)
Transfers to Level 2	(120,916)	(120,536)
Transfers from Level 2	132,201	130,379
Balance at end of period	<u>\$ 7,689</u>	<u>\$ 37,062</u>

- (1) The investments that are categorized as Level 3 were valued utilizing third-party pricing information without adjustment. Transfers in and/or out of levels are reflected when significant inputs, including market inputs or performance attributes, used for the fair value measurement become observable/unobservable at period end.

Nonconsolidated VIEs

The Company serves as the collateral manager for other CLOs that are not consolidated. The assets and liabilities of these CLOs reside in bankruptcy remote, special purpose entities in which the Company has no ownership of, nor holds any notes issued by, the CLOs, and provides neither recourse nor guarantees. The Company has determined that the investment management fees it receives for serving as collateral manager for these CLOs did not represent a variable interest as (i) the fees the Company earns are compensation for services provided and are commensurate with the level of effort required to provide the investment management services, (ii) the Company does not hold other interests in the CLOs that individually, or in the aggregate, would absorb more than an insignificant amount of the CLOs' expected losses or receive more than an insignificant amount of the CLOs' expected residual return, and (iii) the investment management arrangement only includes terms, conditions and amounts that are customarily present in arrangements for similar services negotiated at arm's length.

The Company has interests in certain other VIEs that the Company does not consolidate as it is not the primary beneficiary since its interest in these entities does not provide the Company with the power to direct the activities that most significantly impact the entities' economic performance. At December 31, 2024, the carrying value and maximum risk of loss related to the Company's interest in these VIEs was \$27.0 million.

CERTIFICATION UNDER SECTION 302

I, George R. Aylward, certify that:

1. I have reviewed this Annual Report on Form 10-K of Virtus Investment Partners, Inc.;

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

(a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

(b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

(c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

(d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

(a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

(b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Non-GAAP Information and Reconciliations
(in thousands except per share data)

The following are reconciliations and related notes of the most comparable U.S. GAAP measure to each non-GAAP measure.

Non-GAAP financial information differs from financial information determined in accordance with U.S. GAAP as a result of the reclassification of certain income statement items, as well as the exclusion of certain expenses and other items that are not reflective of the earnings generated from providing investment management and related services. Management uses these measures to evaluate the company's financial performance and operational decision-making. Management believes that these non-GAAP financial measures, when presented together with directly comparable U.S. GAAP measures, are useful to investors and other interested parties to provide additional insight, promote transparency and allow for a more comprehensive understanding of the information used by management. Non-GAAP financial information has material limitations and should not be viewed in isolation or as a substitute for U.S. GAAP measures.

Reconciliation of Total Revenues, GAAP to Total Revenues, as Adjusted:

	Twelve Months Ended		
	12/31/2024	12/31/2023	12/31/2022
Total revenues, GAAP	\$906,949	\$845,268	\$886,379
Consolidated investment products revenues (1)	9,665	9,824	9,162
Distribution and other asset-based fees (2)	(96,223)	(96,802)	(112,612)
Total revenues, as adjusted	<u>\$ 820,391</u>	<u>\$758,290</u>	<u>\$782,929</u>

Reconciliation of Total Operating Expenses, GAAP to Operating Expenses, as Adjusted:

	Twelve Months Ended		
	12/31/2024	12/31/2023	12/31/2022
Total operating expenses, GAAP	\$724,459	\$693,784	\$688,919
Consolidated investment products expenses (1)	(6,987)	(4,224)	(4,408)
Distribution and other asset-based expenses (3)	(96,223)	(96,802)	(112,612)
Amortization of intangible assets (4)	(56,299)	(61,027)	(58,504)
Restructuring expense (5)	(1,487)	(824)	(4,015)
Deferred compensation and related investments (6)	(2,085)	(1,966)	—
Acquisition and integration expenses (7)	1,650	(10,193)	(16,603)
Other (8)	(9,963)	(210)	1,001
Total operating expenses, as adjusted	<u>\$553,065</u>	<u>\$ 518,538</u>	<u>\$493,778</u>

Reconciliation of Operating Income, GAAP to Operating Income, as Adjusted:

	Twelve Months Ended		
	12/31/2024	12/31/2023	12/31/2022
Operating income, GAAP	\$182,490	\$ 151,484	\$197,460
Consolidated investment products operating income (1)	16,652	14,048	13,570
Amortization of intangible assets (4)	56,299	61,027	58,504
Restructuring expense (5)	1,487	824	4,015
Deferred compensation and related investments (6)	2,085	1,966	—
Acquisition and integration expenses, net of tax (7)	(1,650)	10,193	16,603
Other (8)	9,963	210	(1,001)
Operating income, as adjusted	<u>\$267,326</u>	<u>\$239,752</u>	<u>\$ 289,151</u>
Operating margin, GAAP	20.1%	17.9%	22.3%
Operating margin, as adjusted	32.6%	31.6%	36.9%

Reconciliation of Net Income Attributable to Common Stockholders, GAAP to Net Income Attributable to Common Stockholders, as Adjusted

	Twelve Months Ended		
	12/31/2024	12/31/2023	12/31/2022
Net income attributable to Virtus Investment Partners, Inc., GAAP	\$ 121,746	\$130,621	\$ 117,541
Amortization of intangible assets, net of tax (4)	40,453	41,829	39,764
Restructuring expense, net of tax (5)	1,099	599	2,933
Seed capital and CLO investments, net of tax (9)	1,065	(16,842)	39,662
Deferred compensation and related investments (6)	99	(1,097)	—
Acquisition and integration expenses, net of tax (7)	(1,213)	7,401	12,089
Other, net of tax (8)	26,565	(744)	(16,827)
Net income attributable to Virtus Investment Partners, Inc., as adjusted	<u>\$ 189,814</u>	<u>\$161,767</u>	<u>\$195,162</u>
Weighted Average Shares Outstanding—Diluted	7,210	7,375	7,582
Weighted Average Shares Outstanding—Diluted, as adjusted ^A	7,210	7,375	7,582
Earnings Per Share—Diluted, GAAP	\$ 16.89	\$ 17.71	\$ 15.50
Earnings Per Share—Diluted, as adjusted	\$ 26.33	\$ 21.93	\$ 25.74

^A Reflects dilutive impact to shares in all periods; differs from GAAP basis in periods of a GAAP earnings loss, if any

Notes to Reconciliations:

Reclassifications:

1. Consolidated investment products - Revenues and expenses generated by operating activities of mutual funds and CLOs that are consolidated in the financial statements. Management believes that excluding these operating activities to reflect net revenues and expenses of the company prior to the consolidation of these products is consistent with the approach of reflecting its operating results from managing third-party client assets.

Other Adjustments:

Revenue Related

2. Investment management/Distribution and service fees - Each of these revenue line items is reduced to exclude fees passed through to third-party client intermediaries who own the retail client relationship and are responsible for distributing company sponsored investment products and servicing the client. The amount of fees fluctuates each period, based on a predetermined percentage of the value of assets under management, and varies based on the type of investment product. The specific adjustments are as follows:

Investment management fees - Based on specific agreements, the portion of investment management fees passed-through to third-party intermediaries for services to investors in sponsored investment products.

Distribution and service fees - Based on distinct arrangements, fees collected by the company then passed-through to third-party client intermediaries for services to investors in sponsored investment products. The adjustment represents all of the company's distribution and service fees that are recorded as a separate line item on the condensed consolidated statements of operations.

Management believes that making these adjustments aids in comparing the company's operating results with other asset management firms that do not utilize third-party client intermediaries.

Expense Related

3. Distribution and other asset-based expenses - Primarily payments to third-party client intermediaries for providing services to investors in sponsored investment products. Management believes that making this adjustment aids in comparing the company's operating results with other asset management firms that do not utilize third-party client intermediaries.
4. Amortization of intangible assets - Non-cash amortization expense or impairment expense, if any, attributable to acquisition-related intangible assets, including any portion that is allocated to noncontrolling interests. Management believes that making this adjustment aids in comparing the company's operating results with other asset management firms that have not engaged in acquisitions.
5. Restructuring expense - Certain non-recurring expenses associated with restructuring the business, including lease abandonment-related expenses and severance costs associated with staff reductions that are not reflective of ongoing earnings generation of the business. Management believes that making this adjustment aids in comparing the company's operating results with prior periods.
6. Deferred compensation and related investments - Compensation expense, gains and losses (realized and unrealized), and interest and dividend income related to market performance of deferred compensation and related balance sheet investments. Market performance of deferred compensation plans and related investments can vary significantly from period to period. Management believes that making this adjustment aids in comparing the Company's operating results with prior periods.
7. Acquisition and integration expenses - Expenses that are directly related to acquisition and integration activities. Acquisition expenses include certain transaction related employment expenses, transaction closing costs, change in fair value of contingent consideration, certain professional fees, and financing fees. Integration expenses include costs incurred that are directly attributable to combining businesses, including compensation, restructuring and severance charges, professional fees, consulting fees, and other expenses. Management believes that making these adjustments aids in comparing the company's operating results with other asset management firms that have not engaged in acquisitions.

Components of Acquisition and Integration Expenses for the respective periods are shown below:

	Twelve Months Ended		
	12/31/2024	12/31/2023	12/31/2022
Acquisition and Integration Expenses			
Employment expenses	\$ 3,958	\$12,585	\$ 4,542
Other operating expenses	—	3,118	4,041
Change in fair value of contingent consideration	(5,608)	(5,510)	8,020
Total Acquisition and Integration Expenses	<u>\$ (1,650)</u>	<u>\$10,193</u>	<u>\$16,603</u>

8. Other - Certain expenses that are not reflective of the ongoing earnings generation of the business. Employment expenses and noncontrolling interests are adjusted for fair value measurements of affiliate minority interests. Other operating expenses are adjusted for non-capitalized debt issuance costs. Interest expense is adjusted to remove gains on early extinguishment of debt and the write-off of previously capitalized costs associated with the modification of debt. Income tax expense (benefit) items are adjusted for uncertain tax positions, changes in tax law, valuation allowances, and other unusual or infrequent items not related to current operating results to reflect a normalized effective rate. Management believes that making these adjustments aids in comparing the company's operating results with prior periods.

Components of Other for the respective periods are shown below:

	Twelve Months Ended		
	12/31/2024	12/31/2023	12/31/2022
Other			
Non-capitalized debt issuance costs	\$ 6,501	\$ —	\$ —
Employment expense fair value adjustments	4,681	210	(1,001)
(Gain)/loss on extinguishment of debt	(1,219)	—	—
Tax impact of adjustments	(2,624)	(53)	272
Other discrete tax adjustments	412	(2,585)	92
Affiliate minority interest fair value adjustments	18,814	1,684	(16,190)
Total Other	<u>\$ 26,565</u>	<u>\$ (744)</u>	<u>\$(16,827)</u>

Seed Capital and CLO Related

9. Seed capital and CLO investments (gains) losses - Gains and losses (realized and unrealized) of seed capital and CLO investments. Gains and losses (realized and unrealized) generated by investments in seed capital and CLO investments can vary significantly from period to period and do not reflect the company's operating results from providing investment management and related services. Management believes that making this adjustment aids in comparing the company's operating results with prior periods and with other asset management firms that do not have meaningful seed capital and CLO investments.

Definitions:

Revenues, as adjusted, comprise the fee revenues paid by clients for investment management and related services. Revenues, as adjusted, for purposes of calculating net income attributable to Virtus Investment Partners, Inc., as adjusted, differ from U.S. GAAP, namely in excluding the impact of operating activities of consolidated investment products and reduced to exclude fees passed through to third-party client intermediaries who own the retail client relationship and are responsible for distributing the product and servicing the client.

Operating expenses, as adjusted, is calculated to reflect expenses from ongoing continuing operations. Operating expenses, as adjusted, for purposes of calculating net income attributable to Virtus Investment Partners, Inc., as adjusted, differ from U.S. GAAP expenses in that they exclude amortization or impairment, if any, of intangible assets, restructuring and severance, the effect of consolidated investment products, acquisition and integration-related expenses and certain other expenses that do not reflect the ongoing earnings generation of the business.

Operating margin, as adjusted, is a metric used to evaluate efficiency represented by operating income, as adjusted, divided by revenues, as adjusted.

Earnings (loss) per share, as adjusted, represent net income (loss) attributable to Virtus Investment Partners, Inc., as adjusted, divided by weighted average shares outstanding, as adjusted, on either a basic or diluted basis.

Additional Information Regarding Mutual Fund Investment Performance

Additional information on Virtus Funds rated by Morningstar for the period ending December 31, 2024:

Description	Overall	3 yr.	5 yr.	10 yr.
Number of 3/4/5 Star Funds	54	45	45	47
Percentage of Assets	90%	75%	82%	91%
Number of 4/5 Star Funds	32	23	27	30
Percentage of Assets	72%	41%	60%	75%
Total Funds	70	70	66	62

Data quoted represents past performance. Past performance does not guarantee future results. Current performance may be lower or higher than the performance data quoted. Investing involves risk, including the possible loss of principal. The value of your investment will fluctuate over time and you may gain or lose money.

Morningstar Ratings:

The Morningstar Rating™ for funds, or “star rating,” is calculated for managed products (including mutual funds, variable annuity and variable life subaccounts, exchange-traded funds, closed-end funds, and separate accounts) with at least a three-year history. Exchange-traded funds and open-ended mutual funds are considered a single population for comparative purposes. It is calculated based on a Morningstar Risk-Adjusted Return measure that accounts for variation in a managed product’s monthly excess performance, placing more emphasis on downward variations and rewarding consistent performance. The top 10% of products in each product category receive 5 stars, the next 22.5% receive 4 stars, the next 35% receive 3 stars, the next 22.5% receive 2 stars, and the bottom 10% receive 1 star. The Overall Morningstar Rating for a managed product is derived from a weighted average of the performance figures associated with its three-, five-, and 10-year (if applicable) Morningstar Rating metrics. The weights are: 100% three-year rating for 36-59 months of total returns, 60% five-year rating/40% three-year rating for 60-119 months of total returns, and 50% 10-year rating/30% five-year rating/20% three-year rating for 120 or more months of total returns. While the 10-year overall star rating formula seems to give the most weight to the 10-year period, the most recent three-year period actually has the greatest impact because it is included in all three rating periods. Ratings do not take into account the effects of sales charges and loads. A fee was paid to Morningstar to license the use of the Stars, Rankings, and Ratings.
