

## *Press release*

September 13, 2010

### **TransAtlantic executes vessel transaction**

TransAtlantic has divested the RoRo vessel Oak, 12,000 DWT, to foreign buyers. The transaction will result in a capital loss of approximately SEK 5 M, but will have a positive impact of approximately SEK 13 M on the consolidated cash balance. The vessel has been idle since 2009.

*For further information, please contact Acting President Stefan Eliasson or Head of the Industrial Shipping Business Area, Mårten Carlquist at tel: +46 (0)304-67 47 00.*

*Rederi AB Transatlantic is a leading Swedish shipping company. Operations are organized into two business areas: Offshore/Icebreaking and Industrial Shipping. Ships fleet consists of 38 vessels, three anchor handling vessels in order to be delivered 2010-2011, and ships chartered for shorter periods. The company has about 1 100 employees. Its shares are listed on the NASDAQ OMX Stockholm Small Cap segment.*
