Change in Bittium Corporation's Management Group: Teemu Hannula Appointed as Vice President, Operations

Bittium Corporation, Stock Exchange Release, April 15, 2025, at 8.30 am (CEST+1)

Teemu Hannula (MSc.) has been appointed as Vice President, Operations and a member of Bittium Corporation's management group. Hannula will start on June 1, 2025, at the latest. He will report to Petri Toljamo, CEO of Bittium Corporation.

Teemu Hannula has over 25 years of experience in supply chain management and extensive international experience in the electronic products markets in Europe, Asia and the United States. Hannula joins Bittium from Haltian, where he was most recently responsible for the company's operations. Prior to this, he has worked at Microsoft and Nokia being responsible for production ramp-up for new products and scaling the production.

"We are aiming for significant international growth and one of the key pillars of our growth strategy is to strengthen the scalability. I am pleased to welcome Teemu to Bittium to take the responsibility of the operational functions. Teemu has strong experience in production and operations management and extensive international expertise in ramping up and scaling the production of electronic products to meet the growth needs. Ensuring cost-effective production and delivery capabilities is essential to building growth for us," says Petri Toljamo, CEO of Bittium Corporation.
