Pihlajalinna in brief:

20-year-old Pihlajalinna (Nasdaq Helsinki: PIHLIS) is one of the leading private providers of social, healthcare and wellbeing services. The Group provides services to private individuals, companies, insurance companies and public sector entities, such as municipalities and joint municipal authorities, across Finland. The Group provides general practitioner and specialised care services, occupational healthcare and dental care services and also residential and wellbeing services, for example. The Group, in cooperation with the public sector, offers social and healthcare service provision models to public sector entities with the aim of providing high-quality services.
