1. Opening of the Meeting
2. Calling of the Meeting to order
3. Election of persons to confirm the minutes and to supervise the counting of votes
4. Recording of the legality of the Meeting
5. Recording of attendance at the Meeting and adoption of the voting list
6. Resolution regarding share issue with pre-emptive rights for existing shareholders

The Board of Directors of Viking Line has resolved to prepare a share issue with pre-emptive rights for existing shareholders (the "**Rights Issue**") in order to strengthen the capital structure as well as the financial and liquidity position of the company, which have been impacted by the exceptional circumstances caused by the Covid-19 pandemic. Further, the aim of the Rights Issue is to support the execution of Viking Line's strategy and potential for continuation of profitable growth in the post-pandemic environment. A prerequisite for the Rights Issue to be carried out is that the company is granted a waiver for the covenants included in the financing arrangements regarding the new ship under construction.

The Board of Directors therefore proposes that the Extraordinary General Meeting authorises the Board of Directors to resolve on the Rights Issue in accordance with item 6(a) below as well as to amend the Articles of Association in order to enable the Rights Issue in accordance with item 6(b). The proposals of the Board of Directors in items 6(a) and 6(b) form an entirety that requires the adoption of both items by the general meeting by a single resolution.

A group of Viking Line's larger shareholders comprising Maelir Ab, Ångfartygs Ab Alfa, Rederi Ab Hildegaard, Ben Lundqvist, Nils-Erik Eklund, Marie-Louise Sviberg, Dick Lundqvist, Stefan Lundqvist and Gert Sviberg, who represent in aggregate over 50 percent of the shares and votes in the company, have each separately and irrevocably committed to support the proposals of the Board of Directors and, subject to certain conditions, to subscribe for shares in the Rights Issue on the basis of subscription rights allocated to them to a proportion corresponding in aggregate to approximately 54 percent of the shares offered in the Rights

Issue.

6(a) Authorising the Board of Directors to resolve on the Rights Issue

The Board of Directors proposes to the Extraordinary General Meeting that the Board of Directors be authorised to resolve on the issuance of a maximum of 6,480,000 new shares pursuant to the shareholders' pre-emptive subscription right (rights issue) at a subscription price of EUR 8.00 per share. The shareholders of the company would be entitled to subscribe for three (3) new shares for each five (5) shares held by such shareholder at the subscription price.

The authorisation includes the right for the Board of Directors to resolve upon the issuance of shares that at the end of the subscription period of the rights offering may remain unsubscribed for pursuant to the shareholders' pre-emptive subscription right to parties determined by the Board of Directors (i.e. in derogation from the pre-emptive right of the shareholders). The Board of Directors is authorised to resolve on all other terms and conditions of the issuance of new shares.

The authorisation is valid until the end of the next Annual General Meeting, however no longer than until 31 March 2022.

6(b) Amendment of the Articles of Association

In order to enable the issuance of new shares in the Rights Issue pursuant to item 6(a) above, the Board of Directors proposes to the Extraordinary General Meeting that section 2 of the Articles of Association is amended so that the maximum number of shares is increased to 18,000,000 and that the maximum share capital is increased to EUR 4,800,000.

Section 2 of the Articles of Association would following the amendments in its entirety read as follows:

“Section 2. The Company's minimum share capital is EUR 720,000 and its maximum share capital is EUR 4,800,000. Within these limits, share capital may be increased or decreased without amending the Articles of Association.

The minimum number of shares is 3,600,000 and the maximum number is 18,000,000.”
