Digitalist Group Plc　Stock Exchange Release　29 November 2019 at 9:00

Digitalist Group Plc changes its earlier guidance regarding future prospects

Digitalist Group Plc (”Company”) changes its earlier guidance regarding future prospects:

In 2019, the turnover is expected to improve and the operating result is expected to decline when compared to 2018.

The previous guidance of the company was:

In 2019, the turnover and operating result are expected to improve in comparison to 2018.

The Company’s new guidance is based on higher operating expenses in software platforms and delayed launch and timing of the revenues from the platforms. There has also been delays in order intake.
