TRAINERS' HOUSE'S OPERATING PROFIT FOR THE SECOND HALF OF 2010 AND FOR THE ENTIRE FISCAL YEAR WILL BE LOWER THAN IN 2009

In the third quarter's interim report Trainers' House estimated that the operating profit for the second half of 2010, before non-recurring items and depreciations resulting from the allocation of acquisition cost, will reduce slightly year on year, and that operating profit for the year 2010 will most likely stay in the same level year on year.

Based on preliminary and non-audited information concerning the fourth quarter, Trainers' House now estimates that the operating profit for the second half of 2010, before non-recurring items and depreciation resulting from the allocation of acquisition cost, will be clearly lower than the corresponding figure in 2009, and that operating profit for the year 2010 will be slightly lower than the corresponding figure in 2009.

As announced earlier, Trainers' House Plc's financial statements for the year 2010 will be published on Thursday 17 February 2011 at 8:30 am.
