**Ambu** develops, produces and markets diagnostic and life-supporting devices to hospitals and rescue services. Ambu has three business areas: Airway Management, Patient Monitoring & Diagnostics and Emergency Care. The primary products are ventilation products for artificial respiration and electrodes for ECG recordings and neurophysiological examinations as well as manikins for first-aid training. Ambu's products are marketed worldwide. Exports account for 98% of revenue, and sales are handled via Ambu's foreign subsidiaries or via distributors. Ambu has approx. 1,600 employees, of whom 300 work in Denmark and 1,300 abroad.
