Company Announcement No. 26-2008:

Cement plant in Russia

It has been reported in the Russian media that FLSmidth has entered into an agreement with LLC Tambov-cement for supplies of equipment and machinery of a cement plant in the Tambov region in western Russia.

FLSmidth confirms that this information is correct. If and when the contract is finalised and becomes binding, we shall immediately inform the market.

FLSmidth is continuously negotiating many potential contracts on the global market. To be considered binding, such contracts require not only signing but also exchange of down payment and guarantees, etc.

Yours faithfully
