Company Announcement No. 41-2012:

Russian cement order awarded to FLSmidth

FLSmidth has won a contract worth approximately DKK 200m from the Russian company Kaluga Cement Plant LLC to supply additional equipment for their cement plant currently under construction in the Kaluga province, some 300 km southwest of the Russian capital of Moscow.

This contract is an extension of the contract which FLSmidth won in 2011 from Kaluga Cement Plant LLC for the supply of a complete cement plant (see Company Announcement No. 23-2011).

"The award of this order to FLSmidth underlines the strength of our good relations with the customer and the value of our long standing local presence in Russia. The order is also a good example of the general signs of a positive development in the cement market," Group CEO Jørgen Huno Rasmussen says.

The order will be booked by the cement division and will contribute beneficially to FLSmidth's earnings until commissioning in 2014.

Please address any questions regarding this announcement to Group Chief Executive Officer Jørgen Huno Rasmussen, FLSmidth & Co. A/S at +45 36 18 18 00.
