## Aquaporin announces resignation by the CEO

**Kongens Lyngby, Denmark, April 1, 2025** – Aquaporin A/S (ticker: AQP) (“Aquaporin” or the “Company”), an innovative water technology company dedicated to rethinking water filtration with biotechnology, today announces changes to the Executive Management of Aquaporin.

Aquaporin A/S’ CEO since 2021, Matt Boczkowski, has today decided to step down as CEO of Aquaporin in the near future and relocate to North America for personal reasons. Matt will continue in his role and as a member of the Executive Management team until the end of September 2025 at the latest. The Board of Directors has initiated the process of identifying the next CEO of Aquaporin.

Niels Heering, Chair of the Board, says: *“I want to thank Matt Boczkowski for his significant contributions to Aquaporin A/S in the Company’s first years as a listed company on Nasdaq Copenhagen. Matt has played a key role in building the platform for Aquaporin’s commercialization efforts, and the Company is in a strong position to deliver on its growth trajectory. We wish Matt the best of luck in his future career.”*

Aquaporin is an innovative water technology company with operations in Denmark (HQ), Singapore, Turkey, the United States, and China. We are committed to rethinking water filtration with biotechnology to solve global water challenges. By combining three disciplines from the world of natural sciences: biology, chemistry, and physics, we have created the unique, nature-inspired Aquaporin Inside® technology which we embed into all our membranes and solutions. Our technology is based on Nobel Prize-winning research and is used to clean and reuse water in industries, in our homes, and even by NASA in space. We work with customers and partners around the globe to responsibly treat industrial wastewater, concentrate food and beverage products in a natural way, and enhance drinking water quality and accessibility.

**Forward-looking statements**

Matters discussed in this report may constitute forward-looking statements. Forward-looking statements are statements that are not historical facts and that can be identified by words such as “believe”, “expect”, “anticipate”, “intend”, “estimate”, “will”, “may”, “continue”, “should”, and similar expressions, as well as other statements regarding future events or prospects. Specifically, this report includes information with respect to projections, estimates, and targets that also constitute forward-looking statements. The forward-looking statements in this report are based upon various assumptions, many of which are based, in turn, upon further assumptions. Although the Company believes that these assumptions were reasonable when made, these assumptions are inherently subject to significant known and unknown risks, uncertainties, contingencies, and other important factors which are difficult or impossible to predict and are beyond its control. Such risks, uncertainties, and

other important factors include, among others: Limited experience in commercialization of the Company's products, failure to successfully implement strategies, dependence on third parties for manufacturing certain product components and the supply of certain raw materials, manufacturing disruptions, strategic collaboration, protection of the Company's intellectual property rights and other risks disclosed in Aquaporin's annual reports and company announcements. Such risks, uncertainties, contingencies, and other important factors could cause actual events to differ materially from the expectations, projections, estimates, and targets expressed or implied in this report by such forward-looking statements. The information, opinions, and forward-looking statements contained in this report speak only as at its date and are subject to change without notice. Aquaporin expressly disclaims any obligation to update or revise any forward-looking statements, except as required by law.
