Proxy voting by the Chair

The Corporations Act imposes prohibitions on Key Management Personnel and their Closely Related Parties from voting their shares (and/or voting undirected proxies) on, amongst other things, remuneration matters. Resolutions 1, and 9 are connected, directly or indirectly, with the remuneration of Key Management Personnel of the Company,

However, the Chair of a meeting may vote an undirected proxy (i.e. a proxy that does not specify how it is to be voted), provided the shareholder who has lodged the proxy has given an express voting direction to the Chair to exercise the undirected proxy, even if the resolution is connected with the remuneration of a member of Key Management Personnel. The Chair may not vote undirected proxies cast on behalf of Key Management Personnel or their Closely Related Parties on Resolution 1.

If you complete a proxy form that authorises the Chair of the Meeting to vote on your behalf as proxy, and you do not mark any of the boxes so as to give him directions about how your vote should be cast, then you will be taken to have expressly authorised the Chair to exercise your proxy on Resolutions 1 and 8. In accordance with this express authority provided by you, the Chair will vote in favour of Resolutions 1 and 8 (unless you are a member of the Key Management Personnel or a Closely Related Party, in which case your vote can not be cast on the Resolutions). If you wish to appoint the Chair of the Meeting as your proxy, and you wish to direct him how to vote, please tick the appropriate boxes on the form.

The Company's Managing Director and Chairman, Mr Avi Kimelman, will Chair the Meeting and intends to vote all available undirected proxies in favour of each item of business.

Subject to the above, if you appoint as your proxy any Director of the Company, except the Chairman, or any other Key Management Personnel or any of their Closely Related Parties and you do not direct your proxy how to vote on Resolution 1, he or she will not vote your proxy on those items of business.

CORPORATE REPRESENTATIVES

Any corporation which is a member of the Company may appoint a proxy, as set out above, or authorise (by certificate under common seal or other form of execution authorised by the laws of that corporation's place of incorporation, or in any other manner satisfactory to the Chair) a natural person to act as its representative at any general meeting.

Corporate representatives are requested to bring appropriate evidence of appointment as a representative in accordance with the Constitution. Attorneys are requested to bring an original or certified copy of the power of attorney pursuant to which they were appointed. Proof of identity is also required for corporate representatives and attorneys.

SPECIAL RESOLUTIONS

For a special resolution to be passed, at least 75% of the votes validly cast on the resolution by shareholders (by number of shares) must be in favour of the resolution. Resolution 8 is a special resolution.

EXPLANATORY STATEMENT TO NOTICE OF 2018 ANNUAL GENERAL MEETING

This Explanatory Statement accompanies and forms part of the Company's Notice of Annual General Meeting (**Notice**). The Notice incorporates, and should be read together with, this Explanatory Statement.

1. Financial and related reports

Section 317 of the Corporations Act requires the Company's Annual Financial Report, Directors' Report, Remuneration Report and Auditor's Report for the financial year ended 30 June 2018 to be laid before the Annual General Meeting (Meeting). There is no requirement that Shareholders formally approve the reports.

The Financial Report contains the financial statements of the consolidated entity consisting of the Company and its controlled entities.

As permitted by the Corporations Act, a printed copy of the Company's 2018 Annual Report has been sent only to those shareholders who have elected to receive a printed copy. A copy of the 2018 Annual Report is available from the Company's website (www.novaminerals.com.au).

The Chair of the Meeting will allow a reasonable opportunity at the Meeting for shareholders to ask questions. Shareholders will also be given a reasonable opportunity at the meeting to ask the Company's auditor questions about its audit report, the conduct of its audit of the Company's financial report for the year ended 30 June 2018, the preparation and content of its audit report, the accounting policies adopted by the Company in its preparation of the financial statements and the independence of the Company's auditor in relation to the conduct of the audit.

There is no requirement for these reports to be formally approved by shareholders. No resolution is required to be moved in respect of this item.

2. Resolution 1: Adoption of Remuneration Report (Non-binding resolution)

Shareholders are asked to adopt the Company's Remuneration Report. The Remuneration Report is set out in the Company's 2018 Annual Report and is available from the Company's website (www.novaminerals.com.au).

The Company is required pursuant to the Corporations Act to propose a non-binding resolution regarding the 2018 Remuneration Report, which forms part of the Director's Report in the 2018 Annual Financial Statements. The vote is advisory only and does not bind the Directors of the Company.

The Remuneration Report:

- describes the policies behind, and the structure of, the remuneration arrangements of the Company and the link between the remuneration of executives and the Company's performance;
- sets out the remuneration arrangements in place for each Director and for certain members of the senior management team; and
- explains the differences between the basis for remunerating non-executive Directors and senior executives, including the Chief Executive Officer (if any).

The vote on this item is advisory only and does not bind the Directors. However, the Board will take into account any discussion on this item and the outcome of the vote when considering the future remuneration policies and practices of the Company.

Under the Corporations Act, if 25% or more of votes that are cast are voted against the adoption of the Remuneration Report at two consecutive AGM's (treating this AGM as the first such meeting), shareholders will be required to vote at the second of those AGM's on a resolution (a "spill resolution") that another meeting be held within 90 days at which all of the Company's Directors (other than the Managing Director and CEO) must be put up for re-election. The vote on the Remuneration Report contained in the Company's 2017 Annual Financial Statements was passed with the support of more than 75% of votes thus a spill resolution will not be required in the event that 25% or more of votes that are cast are against the adoption of the 2018 Remuneration Report. However, in the event that 25% or more of votes that are cast are against the adoption of the 2018

Remuneration Report, shareholders should be aware that if there is a 'no' vote of 25% or more for the same resolution at the 2018 AGM the consequences are that it may result in the re-election of the Board.

A voting exclusion statement applies to this Resolution, as set out in the Notice.

The Directors unanimously recommend shareholders vote in favour of adopting the Remuneration Report.

Subject to any restrictions, the Chair of the Meeting intends to vote all available proxies in favour of this Resolution.

3. Resolution 2: Election of Mr Louie Simens as a Director

ASX Listing Rule 14.4 and rule 16.4(b)(ii) of the Constitution require that the appointment of any Director who is appointed by the other Directors to fill a casual vacancy on the Board be ratified at the next AGM following that Director's appointment.

Mr Louie Simens was appointed to the Board on 19 December 2017 to fill a casual vacancy. Accordingly, Mr Simens retires as a Director and offers himself for election pursuant to ASX Listing Rule 14.4 and rule 16.4(b)(ii) of the Constitution.

The Board, with Mr Simens abstaining from making recommendations, recommends that shareholders vote in favour of Resolution 2.

4. Resolution 3: Election of Mr Dennis Fry as a Director

ASX Listing Rule 14.4 and rule 16.4(b)(ii) of the Constitution require that the appointment of any Director who is appointed by the other Directors to fill a casual vacancy on the Board be ratified at the next AGM following that Director's appointment.

Mr Dennis Fry was appointed to the Board on 19 December 2017 to fill a casual vacancy. Accordingly, Mr Fry retires as a Director and offers himself for election pursuant to ASX Listing Rule 14.4 and rule 16.4(b)(ii) of the Constitution.

General

Under ASX Listing Rule 7.1, every listed entity has the ability to issue 15% of its issued capital without shareholder approval in a 12 month period. ASX Listing Rule 7.1A permits eligible small and mid-cap ASX-listed entities, subject to shareholder approval, to issue equity securities of up to an additional 10% of its issued capital by way of placements over a 12 month period, in addition to its ability to issue securities under Listing Rule 7.1 (**10% Placement Capacity**).

The Company seeks shareholder approval under ASX Listing Rule 7.1A for the 10% Placement Capacity. The effect of this Resolution will be to allow the Directors, subject to the conditions set out below, to issue equity securities under the 10% Placement Capacity without using the Company's 15% placement capacity under Listing Rule 7.1.

Resolution 8 is a **special resolution**. Accordingly, at least 75% of votes cast by shareholders present and eligible to vote (in person or by proxy) at the meeting must be in favour of this Resolution for it to be passed.

Eligibility

ASX-listed entities which have a market capitalisation of \$300 million or less, and which are not included in the S&P/ASX 300 Index will be considered eligible to seek shareholder approval under Listing Rule 7.1A. As at the date of this Notice, the Company, which has a market capitalisation of less than \$300 million, is not included in the S&P/ASX 300 Index. Accordingly, the Company is considered eligible to seek shareholder approval under Listing Rule 7.1A.

Prior Approval

The Company has previously obtained shareholder approval to make issues under ASX Listing Rule 7.1A at its 2017 AGM and seeks to refresh this shareholder approval so as to continue to be able to make issue under the 10% Placement Facility after the 2018 AGM in accordance with ASX Listing Rule 7.1A.

The Company issued 37,873,648 fully paid ordinary shares on 25 June 2018 under the capacity available to it under Listing Rule 7.1A pursuant to the approval received at its 2017 AGM.

Equity Securities

Any equity securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of equity securities of the Company. The Company, as at the date of the Notice, has two classes of quoted equity securities, ordinary shares (NVA) and listed Options (NVAO).

Formula

The exact number of additional equity securities that the Company may issue under the 10% Placement Capacity will be determined by a formula set out Listing Rule 7.1A.2 as follows:

(A x D) - E

Where:

A is the number of shares on issue 12 months before the date of issue or agreement:

- plus the number of fully paid shares issued in the previous 12 months under an exception in ASX Listing Rule 7.2;
- plus the number of partly paid shares that became fully paid in the previous 12 months (there are presently no partly paid shares on issue in the Company);
- plus the number of shares issued in the previous 12 months with approval of shareholders under ASX Listing Rules 7.1 and 7.4. This does not include an issue of fully paid shares under the Company's 15% placement capacity without shareholder approval; and
- less the number of shares cancelled in the previous 12 months.

A has the same meaning in Listing Rule 7.1 when calculating an entity's 15% placement capacity.

D is 10%.

E is the number of equity securities issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the 12 months before the date of issue or agreement to issue that are not issued with the approval of shareholders under ASX Listing Rule 7.1 or 7.4.

Conditions of issue under the 10% Placement Capacity

There are a number of conditions applicable to the issue of equity securities under Listing Rule 7.1A, including a limitation on the discount to prevailing market price at which they may be issued, and additional disclosure requirements. A summary of these conditions is as follows:

- (a) Equity securities issued under the 10% Placement Capacity can only be in a class of securities already quoted. At the date of this Notice, the Company only has two classes of securities which are quoted, being ordinary shares (NVA) and listed Options (NVAO).
- (b) The issue price of each equity security issued under the 10% Placement Capacity must be no less than 75% of the VWAP for equity securities in that class, calculated over the 15 trading days on which trades in that class were recorded immediately before either:
 - (i) the date on which the price at which the equity securities are to be issued is agreed; or
 - (ii) if the equity securities are not issued within 5 trading days of the date in paragraph (i), the date on which the securities are issued.

ASX Listing Rule 7.1 and ASX Listing Rule 7.1A

The ability of an entity to issue equity securities under ASX Listing Rule 7.1A is in addition to the entity's 15% placement capacity under ASX Listing Rule 7.1.

As at the date of this Explanatory Statement, the Company has on issue 780,495,025 ordinary shares and therefore would have capacity to issue:

- (a) 117,074,253 ordinary shares under Listing Rule 7.1 (15% capacity); and
- (b) subject to shareholders approving this Resolution 8, 78,049,502 ordinary shares under Listing Rule 7.1A (10% capacity).

The actual number of equity securities the Company will have capacity to issue under ASX Listing Rule 7.1A will be calculated at the date of issue of the equity securities in accordance with the formula prescribed in ASX Listing Rule 7.1A.2 (see above).

Period of validity of shareholder approval

In the event that the Company obtains shareholder approval of Resolution 8, such approval will cease to be valid upon the earlier of:

- (a) 12 months after the date of this Meeting, being on and from 29 November 2018; or
- (b) if applicable, the date on which the Company's shareholders approve a change to the nature or scale of the Company's activities under Listing Rule 11.1.2, or the disposal of the Company's main undertaking under Listing Rule 11.2,

referred to herein as the **Placement Period**.

Minimum issue price

The issue price of each equity security issued under the 10% Placement Capacity must be no less than 75% of the VWAP for Equity Securities in that class, calculated over the 15 trading days on which trades in that class were recorded immediately before either:

- (a) the date on which the price at which the equity securities are to be issued is agreed; or
- (b) if the equity securities are not issued within 5 trading days of the date in paragraph (a), the date on which the securities are issued.

Risk of dilution to shareholders

If Resolution 8 is approved by shareholders, any issue of equity securities under the 10% Placement Capacity may present a risk of economic and voting dilution of existing shareholders, including the risk that:

- the market price of the Company's equity securities may be significantly lower on the relevant issue date than on the date of this Meeting; and
- the equity securities may be issued at a price that is at a discount to the market price for the Company's equity securities on the issue date.

The table below shows the potential dilution of existing shareholders under various scenarios on the basis of an issue price of \$0.024 per share which was the closing price of the Company's shares on the ASX on 8 October 2018 and the variable 'A' being calculated as the number of fully paid ordinary shares on issue on the date of this Notice, being 780,495,025.

The table also shows:

- two examples where variable 'A' has increased by 50% and 100%. The number of shares on issue in the Company may increase as a result of the issue of shares that do not require approval of shareholders (for example, pro-rata entitlement issues or scrip issues under takeover offers) or future placements of shares under Listing Rule 7.1 of up to 15% of issued capital that are approved at future general meetings of shareholders; and
- two examples of where the issue price of shares has decreased by 50% and increased by 100%.

VARIABLE 'A'		Dilution		
		50% decrease in issue price \$0.012	Issue price \$0.024 (current)	100% increase in issue price \$0.048
Current Variable 'A' 780,495,025 shares	10% voting dilution	78,049,502 Shares	78,049,502 shares	78,049,502 shares
	Funds raised	\$936,594	\$1,873,188	\$3,746,376
50% increase in current Variable 'A' 1,170,742,537 shares	10% voting dilution	117,074,253 shares	117,074,253 shares	117,074,253 shares
	Funds raised	\$1,404,891	\$2,809,782	\$5,619,564
100% increase in current Variable 'A' 1,560,990,049 shares	10% voting dilution	156,099,004 shares	156,099,004 shares	156,099,004 shares
	Funds raised	\$1,873,188	\$3,746,376	\$7,492,752

The table has been prepared on the following assumptions:

- the Company issues the maximum number of shares available under the 10% Placement Capacity;
- the table is prepared on the basis of the number of ordinary shares on issue at the date of the Notice;
- no options to acquire shares on issue in the Company are exercised into fully paid equity securities before the date of the issue of securities under ASX Listing Rule 7.1A.;
- the 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue;
- the table does not show an example of dilution that may be caused to a particular shareholder as a result of placements under the 10% Placement Capacity based on that shareholder's holding at the date of the Meeting;

- (f) the table shows only the effect of issues of equity securities under the 10% Placement Capacity in accordance with Listing Rule 7.1A and not under the 15% placement capacity under Listing Rule 7.1;
- (g) the issue of equity securities under the 10% Placement Capacity consists only of fully paid ordinary shares and the table does not demonstrate the effect of Listed Options being issued under Listing Rule 7.1A; and
- (h) the current issue price is \$0.024, being the closing price of the Company's shares on the ASX on 8 October 2018. The deemed price is indicative only and does not consider the 25% discount to market that the securities may be placed at.

Period of validity

The Company will only issue and allot the equity securities during the Placement Period. The approval under the Resolution 8 for the issue of the equity securities will cease to be valid in the event that shareholders approve a transaction under Listing Rule 11.1.2 (a significant change to the nature or scale of activities) or Listing Rule 11.2 (disposal of main undertaking).

Reason for issue of shares under 10% Placement Capacity

The Company may seek to issue the equity securities for the following purposes:

- (a) non-cash consideration including in connection with joint venture arrangements or agreements, payment of contractors or consultants or the acquisition of new assets, businesses or investments, in which event the Company will provide a valuation of the non-cash consideration as required by Listing Rule 7.1A.3; or
- (b) cash consideration, the proceeds of which will be applied to fund the Company's existing and future activities, appraisal of corporate opportunities, investment in new businesses (if any), the costs incurred in undertaking placement(s) of shares under Listing Rule 7.1.A and for general working capital.

The Company will comply with the disclosure obligations under ASX Listing Rules 7.1A 4 and 3.10.5A upon issue of any equity securities.

Allocation policy

The Company may not issue any or all the equity securities for which approval is given and may issue the equity securities progressively as the Company places the equity securities with investors.

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Capacity. The identity of the allottees of equity securities will be determined on a case-by-case basis having regard to factors such as:

1. fund raising options (and their viability) available to the Company at the relevant time;
2. the effect of the issue of the equity securities on the control of the Company;
3. the financial situation of the Company and the urgency of the requirement for funds; and
4. advice from the Company's corporate, financial, legal and broking advisers.

The allottees under the 10% Placement Capacity have not been determined as at the date of this Notice. It is intended that the allottees will be suitable professional and sophisticated investors, and other investors not requiring a disclosure document under section 708 of the Corporations Act, that are known to the Company and/or introduced by third parties.

The allottees may include existing substantial shareholders and/or new shareholders, but the allottees will not be related parties of the Company.

In the event that the shares under the 10% Placement Capacity are issued as consideration for the acquisition of businesses, assets or investments, it is likely that the allottees will be the vendors of such businesses, assets or investments.

Previous Approval

The Company has previously obtained shareholder approval under ASX Listing Rule 7.1A at its 2017 AGM. During the 12 month period preceding the proposed date of the 2018 AGM, being 29 November 2018, the Company issued a total of 498,308,391 equity securities (240,560,381 ordinary shares and 257,748,010 listed options) whereas the Company had 768,924,916 equity securities on issue as at the date of the 2017 AGM (an increase of approximately 65%).

Further details of the issues of all equity securities made by the Company during the 12 month period preceding the proposed date of the 2018 AGM are set out in Schedule 2.

Ranking of shares

Equity securities issued under the 10% Placement Capacity will rank equally with all other existing listed equity securities on issue in the Company.

Voting Exclusion

A voting exclusion statement is included in the Notice to which this Memorandum relates. At the date of that Notice, the Company has not approached any particular existing shareholder or security holder or an identifiable class of existing security holder to participate in the issue of the equity securities. No existing shareholder's votes will therefore be excluded under the voting exclusion in the Notice.
