## **Tivoli A/S – Stock Exchange Announcement No. 5 - 2014**

### **Tivoli receives licence to operate international online casino**

Tivoli A/S has received approval to operate an international online casino in Malta from the Maltese gaming authority (Lottery and Gaming Authority Malta).

Tivoli A/S chose to seek an international online casino approval in Malta since the country is a member state of the EU, thus ensuring transparency in legislative and tax matters, furthermore Malta is the only country in Europe which offers international gaming licences. In order to operate the online casino Tivoli A/S has created a fully owned company in Malta.

It is the ambition that profits from the new online casino company will finance the development of Tivoli Gardens in Copenhagen, e.g. new rides, cultural activities and contribute to the Company's on-going operations.

*"Tivoli is an international brand and with the new international casino licence, casino players outside Denmark can play in TivoliCasino.com. It is a strong pat on the back and recognition of our work that only two years after the successful opening of tivolicasino.dk we have been awarded an international gaming licence. With the permit in hand, new prospects and revenue opportunities will appear, which will benefit both the amusement park and the business Tivoli", says Lars Liebst, CEO.*

TivoliCasino.com will be launched starting week number 26, 2014.

Yours sincerely
