

BERGENBIO ASA: INVITATION TO FOURTH QUARTER 2021 RESULTS WEBCAST

Bergen, Norway, 8 February 2022 – BerGenBio ASA (OSE:BGBIO), a clinical-stage biopharmaceutical company developing novel, selective AXL kinase inhibitors for severe unmet medical need, will be announcing its results for the fourth quarter 2021 on Wednesday 16 February 2022.

A briefing by BerGenBio's senior management team will take place at 10:00 am CET via a webcast presentation, followed by a Q&A session.

The live webcast link will be available at www.bergenbio.com in the Investors/Financial Reports section. A recording will be available shortly after the webcast has finished.

The fourth quarter 2021 report and presentation will be available on the Company's website in the Investors/Financial Reports section from 7:00 am CET the same day.

-Ends-

About BerGenBio ASA

BerGenBio is a clinical-stage biopharmaceutical company focused on developing transformative drugs targeting AXL as a potential cornerstone of therapy for aggressive diseases, including immune-evasive, therapy resistant cancers. The company's proprietary lead candidate, bemcentinib, is a potentially first-in-class selective AXL inhibitor in a broad phase II clinical development programme focused on combination and single agent therapy in cancer and COVID-19. A first-in-class functional blocking anti-AXL antibody, tilvestamab, is undergoing phase I clinical testing. In parallel, BerGenBio is developing a potential companion diagnostic test to identify patient populations most likely to benefit from AXL inhibition: this is expected to facilitate more efficient registration trials supporting a precision medicine-based commercialisation

strategy.

BerGenBio is based in Bergen, Norway with a subsidiary in Oxford, UK. The company is listed on the Oslo Stock Exchange (ticker: BGBIO). For more information, visit www.bergenbio.com

Forward looking statements

This announcement may contain forward-looking statements, which as such are not historical facts, but are based upon various assumptions, many of which are based, in turn, upon further assumptions. These assumptions are inherently subject to significant known and unknown risks, uncertainties, and other important factors. Such risks, uncertainties, contingencies, and other important factors could cause actual events to differ materially from the expectations expressed or implied in this announcement by such forward-looking statements.

This information is subject to the disclosure requirements pursuant to section 5 -12 of the Norwegian Securities Trading Act.
