

## BioFish Holding – New Aquaculture license received

NOT FOR DISTRIBUTION OR RELEASE, DIRECTLY OR INDIRECTLY, TO U.S. NEWS WIRE SERVICES OR FOR DISSEMINATION IN OR INTO THE UNITED STATES, AUSTRALIA, CANADA OR JAPAN, OR ANY OTHER JURISDICTION IN WHICH THE DISTRIBUTION OR RELEASE WOULD BE UNLAWFUL.

BioFish is pleased to announce that its subsidiary BioFish AS (org.#816 984 122), received the new aquaculture license for its production site in BioFish from “Vestland Fylkeskommune”.

This granted aquaculture license includes all the formal licenses from legislations concerning producing post smolt.

With this granted aquaculture license from “Vestland Fylkeskommune”, BioFish will increase its production accordingly in line with our Green Fish-Farming philosophy.

### About BioFish:

BioFish is a land-based producer of smolt – juvenile fish destined for aquaculture facilities. The company's production takes place in its production facility in Kvam on the Norwegian west coast using a Recirculating Aquaculture System (RAS), which recycles at least 99% of the water used. BioFish' deliver smolt to salmon farms along the entire Norwegian coast and may also deliver its products to customers across Northern Europe.
