

BioFish – New customer contracts

NOT FOR DISTRIBUTION OR RELEASE, DIRECTLY OR INDIRECTLY, TO U.S. NEWS WIRE SERVICES OR FOR DISSEMINATION IN OR INTO THE UNITED STATES, AUSTRALIA, CANADA OR JAPAN, OR ANY OTHER JURISDICTION IN WHICH THE DISTRIBUTION OR RELEASE WOULD BE UNLAWFUL.

BioFish Holding AS is pleased to announce that BioFish has received a new contract for deliveries of Post - Smolt, the customer is new to BioFish. The contract value is confidential, and the forthcoming delivery will take place ending third quarter 2023.

BioFish has received a significant increase in requests for new deliveries of Post - Smolt, and more firm contracts are thus expected to be formalized.

About BioFish:

BioFish is a land-based producer of smolt – juvenile fish destined for aquaculture facilities. The company's production takes place in its production facility in Kvam on the Norwegian west coast using a Recirculating Aquaculture System (RAS), which recycles at least 99% of the water used. BioFish' deliver smolt to salmon farms along the entire Norwegian coast and may also deliver its products to customers across Northern Europe.
