

SPARTA CAPITAL LTD. PROVIDES OPERATIONS UPDATE

Not for distribution to U.S. Newswire Services or for dissemination in the United States of America. Any failure to comply with this restriction may constitute a violation of U.S. Securities laws.

FOR IMMEDIATE RELEASE

CALGARY, ALBERTA – NOVEMBER 1, 2017 – Sparta Capital Ltd. (TSXV: SAY.H) (the “Corporation” or “Sparta”) is pleased to provide an update regarding three of the Corporation’s divisions.

Illumineris, Sparta’s energy optimization division, has recently expanded its business significantly; securing over \$1.5 million in contracts this past quarter. The division is starting to gain traction, developing a reputation for its process of helping clients understand where and how to save money on energy.

ReECO Tech Electronic Conversions Ltd. (“ReECO Electronics”), is pleased to announce it has completed a transaction to acquire all of the liquidated assets of ERS International (“ERS”), a Toronto based electronics recycling firm (the “Acquisition”). Pursuant to the Acquisition, the Corporation has agreed to purchase the assets of ERS for a purchase price of \$506,178.98. With this acquisition the Company will use the purchased assets to expand its current e-waste operations.

ReECO Conversion Technologies Ltd (“ReECO Conversion”), Sparta’s biomass conversion division, has continued to move forward with its plans to develop a strong hydro excavation fleet. They have recently added to their fleet of four tractors and nine heavy-duty, walking-floor, bulk, trailers to include eight hydro-vac trucks, which are used for non-destructive, environment-friendly digging, as well as two tank tractor-trailer units used to transport material extracted during the hydro-vac digging process. ReECO Conversion intends to continue the expansion of the fleet as the demand for services continue to grow.

About Sparta

Sparta Capital Ltd. fosters and distributes a range of energy efficient solutions. Following the acquisition of Canadian based Newport Environmental Technologies Ltd. (“Newport”) Sparta continued the process of securing several other licenses for technologies developed to save fuel, while reducing carbon emissions in various markets. Since the acquisition of Newport, Sparta established three new divisions: Sparta Technologies 4 Mining Ltd; to cater to the special needs of the mining industry, Illumineris, a division with a comprehensive suite of smart-building, energy-optimizing technologies; including a line of glow-in-the-dark safety products, and ReECO Tech; a materials conversion division. In addition, Sparta recently

acquired Supernova Performance Technologies Ltd., who focuses on green initiatives for the transportation sector. For a closer look at the company profile, please visit: [Sparta Environmental Technologies](#).
