### **About Cambi:**

Cambi is a global technology and solutions supplier for sustainable biosolids management at wastewater treatment plants and other anaerobic digestion facilities. Since 1992, Cambi has built a portfolio of proven and patented technologies, developed strong marketing, sales, and support capabilities, and can reference a broad portfolio of well-performing plants delivered in 25 countries on six continents. The thermal hydrolysis process increases biogas output, reduces greenhouse gas emissions, and destroys pathogens and other harmful substances, enabling the production of excellent quality organic fertilisers and various soil products. Cambi is listed on Euronext Growth Oslo, a multilateral trading facility part of Euronext, the largest stock exchange platform in Europe. Find out more at [cambi.com](http://cambi.com)
