Cambi ASA: CEO on paternity leave – acting CEO appointed

Asker, Norway, 17 November 2023

The CEO of Cambi ASA, Eirik Fadnes, will be away on paternity leave until March 2024.

Cambi is pleased to announce that Lars-Petter Traa, currently employed as Chief Commercial Officer, has accepted to fill the position as acting CEO for the entire period that Fadnes is away on paternity leave.

“During my paternity leave, I will maintain involvement to the best of my ability considering my family responsibilities. I am grateful that Lars-Petter is stepping up as the acting CEO, and I am confident that he will drive our strategic and operational achievements forward”, said Cambi CEO Eirik Fadnes.

About Cambi:

Cambi is a global biogas technology and solutions supplier for wastewater treatment plants and anaerobic digestion facilities. Since 1992, Cambi has retained market leadership through continuous innovation and a robust portfolio of proven and patented technologies. With strong project delivery and customer support capabilities, the company has delivered many well-performing installations in 27 countries on six continents.

Cambi's thermal hydrolysis process increases renewable energy output, reduces operational costs, and minimises greenhouse gas emissions. It is suitable for all biosolids outlets, including land application and thermal processes such as drying, pyrolysis, and incineration. Thermal hydrolysis is compatible with all sludge and waste treatment regulations and easy to integrate at new and existing anaerobic digestion sites.

Cambi is listed on Euronext Growth Oslo, a multilateral trading facility in Euronext, Europe's largest stock exchange platform. Find out more at cambi.com.
