Press Release

Sierra Wireless and Tech Mahindra Sign Agreement to Provide Turnkey M2M Solutions Globally

*Companies' synergies bring best-in-class M2M solutions to key global markets
such as energy, transportation, industrial, and healthcare*

Barcelona – February 25, 2014 – Tech Mahindra Ltd. a specialist provider of connected solutions to the connected world and Sierra Wireless (NASDAQ: SWIR) (TSX: SW), today announced that they have signed a formal teaming agreement to work collaboratively to develop and deploy end-to-end M2M solutions for customers worldwide. The collaboration leverages Sierra Wireless device-to-cloud offerings and Tech Mahindra's system integration and application development expertise to offer cost-effective, turnkey solutions tailored for prospective M2M customers in markets such as energy, transportation, industrial, and healthcare.

*"Our collaboration with Tech Mahindra leverages our complementary offerings and skill sets to deliver complete M2M solutions that can be deployed within existing IT infrastructures, and extend to new web and mobile applications" said **Jason Krause, Senior Vice President, Corporate Development and Marketing for Sierra Wireless.** "Customers can rely on our partnership to develop, deploy and support a complete M2M solution on any of the world's mobile networks."*

As part of the collaboration, Sierra Wireless will provide prospective joint customers with AirPrime® embedded wireless modules or AirLink® gateways and modems, along with enterprise platform and device management capability through AirVantage M2M Cloud. Tech Mahindra will provide consulting and solutions integration services.

*"Tech Mahindra's global telecommunication partnerships, advanced analytics, and renowned system integration capabilities allow us to rapidly prototype, collaboratively develop, and launch fully integrated M2M solutions on a fully managed or hosted basis" said **Raju Wadalkar, CTO of Telecom for Tech Mahindra.** "Sierra Wireless is a leader in M2M and our agreement to work together ensures both companies will maintain and grow their respective market leadership as we meet the demands of a rapidly evolving connected world."*

Tech Mahindra is a global system integrator with vertical expertise in many industries as well as a strong ecosystem of M2M partners to bring solutions to the market. The company brings wide-ranging expertise to solution partnerships which include: Application Development, Back-end System Integration, Device Design & Engineering and Managed Services.

Mahindra Comviva and Tech Mahindra will be present at Hall No. 5, Stand 5G51 at GSMA Mobile World Congress, Barcelona 2014 from February 24-27, 2014.

END

About Tech Mahindra

Disclaimer

Certain statements in this release concerning the future prospects of Tech Mahindra Limited ("the Company" or "TechM") are forward-looking statements. These statements by their nature involve risks and uncertainties that could cause Company's actual results differ materially from such forward looking statements. The Company, from time to time, makes written and oral forward-looking statements based on information available with the management of the Company and the Company does not undertake to update any forward-looking statement that may be made from time to time by or on behalf of the Company

Forward Looking Statements

This press release contains forward-looking statements that involve risks and uncertainties. These forward-looking statements relate to, among other things, plans and timing for the introduction or enhancement of our services and products, statements about future market conditions, supply conditions, channel and end customer demand conditions, revenues, gross margins, operating expenses, profits, and other expectations, intentions, and plans contained in this press release that are not historical fact. Our expectations regarding future revenues and earnings depend in part upon our ability to successfully develop, manufacture, and supply products that we do not produce today and that meet defined specifications. When used in this press release, the words "plan", "expect", "believe", and similar expressions generally identify forward-looking statements. These statements reflect our current expectations. They are subject to a number of risks and uncertainties, including, but not limited to, changes in technology and changes in the wireless data communications market. In light of the many risks and uncertainties surrounding the wireless data communications market, you should understand that we cannot assure you that the forward-looking statements contained in this press release will be realized.
