Note 1 – General information

Carasent ASA ("Carasent", the "Company" or the "Group") is a public Company registered in Norway and traded on the Oslo Stock Exchange with a registered business address at c/o Advokatsenteret Kristian Augusts gate 14, Oslo, Norway.

The condensed consolidated financial statements for the third quarter of 2019 were approved by the Board of Directors for publication on 12 November, 2019.

The condensed consolidated financial statements comprise Carasent ASA and it subsidiary Evimeria EMR AB. The interim financial statements are prepared in accordance with the International Accounting Standard (IAS) 34. The condensed consolidated financial information does not include all information and disclosure required in the annual financial statements and should be read in conjunction with the consolidated financial statements for the year ended 31 December 2018, which have been prepared in accordance with International Financial Reporting Standards as adopted by the EU (IFRS).

The accounting policies applied by Carasent in these interim financial statements are consistent with those of the financial year 2018, except for the adoption of new standards effective 1 January 2019. The Group applies for the first time IFRS 16 Leases. See note 3 for implementation effects. The interim financial statements are unaudited. The presentation currency is NOK (Norwegian Krone). All financial information is presented in NOK thousands, unless otherwise stated.

The entire operations of the Group during 2018 and first nine months of 2019 is related to Evimeria EMR AB. Evimeria EMR AB was acquired in May 2018 and was consolidated in Carasent from that date.

Note 2 – Revenue and Segment Information

The Company has assessed its internal organizational structure, internal reporting system and geographical business units, and concluded that it does not have any reportable segments that should be reported separately.

All revenues are related to Evimeria EMR AB, Webdoc related services to customers in Sweden. Evimeria EMR AB was acquired in May 2018 and has been consolidated in Carasent from that date.

The following table summarizes the components of the Company's revenue to customers for the period 1 July to 30 September 2019.

Note 3 – Right of use assets and lease liabilities

Carasent has implemented IFRS 16 Leases with effect from 1 January 2019. IFRS 16 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under IAS 17. The standard includes two recognition exemptions for lessees - leases of 'low-value' assets and short-term leases (i.e., leases with a lease term of 12 months or less). At the commencement date of a lease, a lessee will recognise a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right-of-use asset). Lessees are required to separately recognise the interest expense on the lease liability and the depreciation expense on the right-of-use asset.

Lessees are also required to remeasure the lease liability upon the occurrence of certain events (e.g., a change in the lease term, a change in future lease payments resulting from a change in an index or rate used to determine those payments). The lessee will generally recognise the amount of the remeasurement of the lease liability as an adjustment to the right-of-use asset.

The Group has applied the simplified transition approach and has not restated comparative amounts for the year prior to first adoption. Right-of-use assets have been measured on transition date to an amount equal to the ease liability on adoption (adjusted for any prepaid or accrued lease expenses). Carasent has elected to apply the standard to contracts that were previously identified as leases applying IAS 17 and IFRIC 4.

The Group has elected not to recognize right of use assets and lease liabilities for short-term leases that has a lease term of 12 months or less and leases of low value assets, including IT-equipment. The Group recognizes the lease payments associated with these leases as an expense on a straight line basis over the lease term.

Under IAS 17, leases classified as operational leases was presented as operating expenses. Under the new IFRS 16 the capitalized right-of-use assets are depreciated over the lease term and presented as depreciation, and the interest effect from the discounted liability is presented as a financial item in the statement of income.

The lease of office space for Evimeria EMR AB in Gothenburg is identified as an IFRS 16 lease and presented as a right of use asset in the statement of financial position. The right of use asset is depreciated on a straight line basis over the remaining lease term. The Group's external borrowing rate is used in measuring the lease liability.

Below is an overview of the impact of implementation of IFRS 16 Leases.

Impact on the Statement of financial position based on contracts as at 31 December 2018:

(Amounts in NOK 1000)		Quarter Ended September 30	9 months Ended September 30	Implementation effect Janaury 1
Right of use assets		130	130	3 747
Lease liabilities non-current		-	-	(721)
Lease liabilities current		(131)	(131)	(3 026)
Impact on the Income Statement:		(0)	56	
Other operating expenses	•	(230)	(677)	
Depreciation and amortization	•	227	692	
Finance expenses	•	3	41	

Cash flow from operating expenses has increased with NOK 0,2 million and cash flow from financing activities has decreased correspondingly, in the third quarter, as a result of implementation of IFRS 16 since repayment of the principal portion of the lease liability is classified as a finance activity. During the third quarter Evimeria terminated the current lease agreement for office space. The contract will run through mid November 2019 and the lease liability has been remeasured to reflect this revised lease term. The right of use asset has been adjusted accordingly. The company has entered into a contract for a 5 year lease of new offices with a commencement date on 15 November 2019

About Carasent

Founded in 1997, Carasent ASA was previously the parent company of Apptix, Inc. Carasent withdrew from the US market in 2017. In May 2018 Carasent acquired the Swedish Company Evimeria EMR AB, a company providing cloud-based medical record services to the health care industry.
