

## **Contract awards in Brazil**

The DOF Group has been awarded several contracts for its fleet in Brazil commencing during the next months.

Norskan Offshore has been awarded a contract from Total in Brazil for the AHTS Skandi Rio. The vessel will perform anchor handling and supply activities supporting Totals growing operations in Brazil. The contract will commence shortly and has a maturity of 13-months firm and 2 x 6 months option.

DOF Subsea Brasil has been awarded a contract from Sapura Energy do Brasil in Northeast of Brazil for final Client CELSE (Centrais Elétricas de Sergipe S.A.). Skandi Seven will be utilised for this project and will perform a Riser and Umbilical installation for a Floating Storage and Regasification Unit (FSRU) for natural gas supply to Celse's power plant. The project is 20 days firm and 4 x 5 days options commencing last week of May.

The PLSV Skandi Niterói has been committed with TechnipFMC for the Peregrino Phase II SURF Project of Equinor in Brazil. She will start operations in the next few months on this project announced by TechnipFMC on September 28th, 2017. The Skandi Niterói, a Brazilian flagged flexible lay and construction vessel was built in Brazil and is owned by a Joint-Venture formed by DOF (50%) and TechnipFMC (50%).

The CEO Mons Aase states that he is very pleased with this contract awards, which confirms the DOF Group's strong position in the South America region.
