Results 1st Quarter 2015

(in million NOK, Gain on sale excluded)

Operating revenue Q1

The results in 1st Quarter compared to last year are influenced of:

- The subsea vessel "Viking Neptun" was delivered and commenced contract shortly after delivery
- The supply vessel "Viking Queen" has been operated on a contract with higher revenues in Q1 2015
- The subsea vessels «Viking Poseidon» and «Subsea Viking» had yard stays in Q1 2014
- Viking Princess and Viking Nereus have been operated in the spot market in Q1 2015

EBITDA Q1

EBIT Q1

Contract backlog (per 31.03.2015)

Contract status seismic

Contract status subsea

Contract status supply

Market

We still operate in a very challenging market within all three segments. There is excess weight on the supply side and we do not see any tendency of vessels being taken out of operations sufficient enough to restore balance. Some of our vessels will end their contracts in the current year, and continuous efforts for further utilization for these vessels are being made. Eidesvik has a good contract coverage for 2015.
