About Elkem

Founded in 1904, Elkem is one of the world's leading companies in the environmentally responsible manufacture of metals and materials. Elkem is a fully integrated producer with operations throughout the silicon value chain from quartz to silicon and downstream silicone specialities as well as speciality ferrosilicon alloys and carbon materials. Elkem's more than 6,200 employees and significant R&D activities provide a solid basis for further technology-driven growth and optimisation. Elkem is headquartered in Oslo and listed on the Oslo Stock Exchange. The company's 27 production sites and extensive network of sales offices and agents around the world ensure proximity to customers and access to attractive end markets. In 2018 Elkem's total group revenue amounted to NOK 25,887 million. Visit www.elkem.com to read more.
