1 PARTIES

Nordic Trustee ASA (formerly Norsk Tillitsmann ASA) (the "**Bond Trustee**") acts as trustee for the holders of the bonds (the "**Bondholders**") in the bond issues HAVI04, HAVI06/07 and HAVI08 (the "**Bonds**" or the "**Bond Issues**") issued by Havila Shipping ASA (Norwegian company registration number 882 811 972) (the "**Issuer**" or the "**Company**").

All capitalised terms used herein shall, unless otherwise defined in this summons, have the meanings assigned to them in the bond agreements dated 5 November 2010 for HAVI04, 28 March 2011 for HAVI06/07 and 27 August 2012 for HAVI08 (each as amended from time to time) (the "**Bond Agreements**" and each a "**Bond Agreement**").

References to Clauses and paragraphs are references to Clauses and paragraphs of each of the Bond Agreements.

The information in this summons regarding the Issuer, market conditions and described transactions are provided by the Issuer, and the Bond Trustee expressly disclaims all liability whatsoever related to such information.

2 BACKGROUND

Reference is made to previous information concerning the Company's financial situation. Amongst others, reference is made to the press release issued by the Company on 5 January 2016, to the summons to Bondholders' Meetings dated 5 January and 12 February 2016, and to the notices of cancellation dated 19 January and 16 February 2016.

After the last cancellation of the Bondholders' Meeting, the Company's financial position has been and remains highly challenging. The Company has continued negotiations with its financial creditors with the aim to reach an agreement that will enable the Company to come through the current market downturn. After a period of negotiations, the Company wishes to put forward the proposal described in this summons. Subject to the Restructuring Term Sheet (as defined below) and final documentation, the proposal includes contributions from key stakeholders and the Company, including:

- (i) commitment from the main shareholder to contribute new cash in the form of equity and a shareholder loan to the Company;
- (ii) commitment from the secured lenders to convert accrued but unpaid interest and certain principal amounts to equity in the Company and to accept amendments to interest payment terms, amortisation profiles and certain other amendments to the terms of their loan and guarantee facilities;
- (iii) commitment from the unsecured Bondholders and unsecured bank lenders to accept full repayment at discounted levels; and
- (iv) commitment from the Company to sell certain vessels, make changes to its corporate and operational structure and implement certain other changes to its business.

The terms and conditions for (a) the proposed amendments to HAVI04, HAVI06/07 and HAVI08 (the "**Bond Amendments**") and (b) the contributions and support from other relevant stakeholders are set out and described in the term sheet dated 8 November 2016 attached hereto as Schedule A (the "**Restructuring Term Sheet**"). The Bond Amendments and the other parts of the restructuring shall be implemented at the latest by 28 February 2017.

The Proposal is supported by the Company's largest shareholder, Havila Holding AS, and subject to final credit committee approval, by the Company's secured bank lenders and the Company's unsecured bank lenders.

On this basis, the Company has requested the Bond Trustee to convene a Bondholders' Meeting for each of the Bond Issues in order to seek consents and approvals for the Proposal (as defined below).

3 PROPOSAL

Based on the above, the Issuer has approached the Bond Trustee in accordance with Clause 16.2.1 of each of the Bond Agreements, and requested a Bondholders' Meeting to be convened to consider the Proposal (as defined below).

The Issuer proposes that the Bondholders of each of the Bond Issues resolve the following (the "**Proposal**"):

- (i) To approve the Bond Amendments on the terms as described in the Restructuring Term Sheet, authorise and instruct the Bond Trustee to take such steps on behalf of the Bondholders as may be necessary or desirable in connection with the implementation of the Bond Amendments, including without limitation to (a) prepare, finalise and enter into the

necessary amendment agreements and other documentation it deems appropriate in connection with documenting the decisions made by the Bondholders' Meeting according to this summons, (b) to subscribe for shares, warrants or any other financial instruments to be issued under the Restructuring Term Sheet on behalf of the Bondholders, and (c) for and on behalf of the Bondholders, take such further actions and negotiate, agree, enter into, sign and execute such agreements and documents that are required to complete and give effect to the Proposal, including the granting of waivers, giving of instructions, consents, approvals and directions (including to the securities depository (VPS));

- (ii) To agree that the Bond Trustee may consent and agree to further amendments of the Bond Amendments and the terms in the Restructuring Term Sheet where such amendments (a) are of minor or technical nature, (b) are otherwise consistent with the principles of the Bond Amendments, or (c) in the opinion of the Bond Trustee do not have an adverse and material effect on the rights and interests of the Bondholders;
- (iii) To agree that the Bond Trustee may exercise (or refuse to exercise) any discretion, consent or approval required or contemplated in the exercise (or non-exercise) of any such discretion which is connected with the matters referred to in this summons (including without limitation waive any time periods or deadlines); and
- (iv) To waive any breaches of clauses in the Bond Agreements that is reasonably necessary in order to implement and complete the Bond Amendments.

4 CONDITIONS

Implementation of the Proposal in each of the Bond Issues shall be subject to approval of the Proposal by the required majority of Bondholders in each of the Bond Issues as well as the other conditions set out in the Restructuring Term Sheet.

5 COUPON CLAIMS

The Issuer announced on 17 February 2016 that they would not pay its financial creditors, including the scheduled interest payments and amortizations on the Bonds. Separate coupon claims have since then been established in relation to the scheduled Interest Payment Dates, and registered in the Norwegian Central Securities Depository (VPS) as separate coupon claims ("**Coupon Claims**"). The new bonds, shares, cash and warrants (as applicable) delivered to each Bond Issue will be allocated pro rata to the holders of the principal claim ("**Principal Claims**") and Coupon Claims (both including relevant accrued interest and default interest). Allocations shall be made to the registered holders of Principal Claims and Coupon Claims in VPS on the record date (Restructuring Implementation Date) with settlement two Business Days thereafter.

The Coupon Claims can be traded independent of the principal claim in VPS. However, the Coupon Claims do not have an ISIN and cannot be traded within the ordinary settlement system. Settlement of trades of the Principal Claims in VPS will by default not include the Coupon Claims unless it is manually transferred account-to-account. Any disputes with respect to the future distributions to the Coupon Claims need to be settled between the parties of the transaction assisted by the broker of the

transaction. Particular care needs to be taken with respect to the Coupon Claims when trading the Bonds in the period prior to the Restructuring Implementation Date.

6 NON-RELIANCE, EVALUATION AND FURTHER INFORMATION

6.1 Non-reliance

The Proposal is put forward to the Bondholders without further evaluation or recommendations from the Bond Trustee. Nothing herein shall constitute a recommendation to the Bondholders by any of the Bond Trustee or the Issuer or any of their respective advisors. The Bondholders must independently evaluate whether the Proposal is acceptable and vote accordingly.

6.2 Further information

The Issuer has engaged Swedbank Norway and Fearnley Securities as the Issuer's financial advisors (the "Advisors") with respect to the Proposal. Accordingly, Bondholders may contact Swedbank Norway at + 47 23 11 62 60 or Fearnley Securities at + 47 22 93 63 77 for further information.

The Advisor is acting solely for, and relying on information from, the Issuer in connection with the Proposal, and does not assume any liability in connection with the Proposal or the information herein.

If no right is exercised, interest on that vessel shall be PIKed and, from the date falling 30 months from the Restructuring Implementation Date, the relevant Secured Creditor shall cover all net costs relating to that vessel. principal debt (which amount shall be raised as new equity), a Non-Performing Vessel may be re-declared as a Core Vessel.

EQUITY ISSUES AND CONVERSION RIGHTS

1	New Equity and ROR Interest Conversion	The Shares will have a face value of NOK 0.01 immediately prior to the equity issues and execution of the conversion rights as set out herein. Equity issues in the Company shall be made by way of (a) injection of new capital from Sævik and (b) conversion of ROR Interest ((a) and (b) together, the "Equity Issues"). The details of the Equity Issues shall be as follows: (a) New Equity: (i) The Company shall conduct an offering of new Shares raising NOK 118.2 million in gross proceeds to the Company directed towards Sævik (the "New Equity") which Sævik shall accept. The New Equity will give a right to 615 663 840 Shares each with a face value of NOK 0.01 and a subscription price estimated to NOK 0.125; and (ii) A part of the New Equity may, without reducing the number of shares stated in (i) above, be provided to the Company by way of a subordinated convertible loan (the "Anti-Dilution Protection Loan") or similar instruments. The sole purpose of the Anti-Dilution Protection Loan shall be to provide protection for Sævik in respect of the Shares subscribed for by the New Equity from the dilutive effect of the Non-Core Vessel Group I Conversion and the Non-Core Vessel Group III Conversion referred to in clauses 3 and 4, and thereby secure that Sævik is holding 51 % of the Shares post conversion of debt to Shares as set out in clauses 3 and 4. Upon expiry of the Restructuring Period, the balance of the Anti-Dilution Protection Loan (if any) shall be converted to one Share. The Anti-Dilution Protection Loan shall not accrue interest and shall not be repaid (other than through conversion). The Anti-Dilution Protection Loan shall further be fully subordinated to all other debt. (b) ROR Interest Conversion: The Secured Creditors will convert the amount of ROR Interest (approximately NOK 135 million) into 561 340 560 new Shares in the Company each with a face value of NOK 0.01 and a subscription price of NOK 0.240 (the "ROR Interest Conversion"). (c) The completion of the Equity Issues, the Anti-Dilution Protection Loan and the ROR Interest Conversion will take place on the Restructuring Implementation Date. (d) Following the New Equity and the ROR Interest Conversion, the then existing Shares in the Company will be held as follows: (i) Sævik: 51% of the Shares;
---	---	--

		(ii) the Secured Creditors: 46.5% of the Shares; and (iii) Existing Shareholders: 2.5% of the Shares. It is understood that, save as otherwise explicitly stated herein, these shareholdings are subject to further dilution in accordance with this Term Sheet.
2	Shareholder Loan	Sævik shall provide an additional cash contribution by way of granting a 5 year unsecured subordinated (to the Secured Creditors only) convertible shareholder loan in the amount of NOK 46.2 million (the "Shareholder Loan"). The Shareholder Loan shall be documented by a separate term sheet and, inter alia, have the following main terms: (a) Maturity date 5 years after the Restructuring Implementation Date. (b) No interest (in cash or in kind). (c) Pre-payable at par in whole or in part at the option of the Company at any time, subject to such repayment being approved by the Secured Facility Lenders. (d) Convertible at Sævik's option upon: (i) any conversion in accordance with clause 5 below. Conversion shall be at the same share price as the subscription price in the New Equity (cf. item 1 (a) (i) above); (ii) the completion of the Repair Issue. Conversion shall be at par value of the Shares; and (iii) any new equity issue in the Company (other than those contemplated by this Term Sheet). Conversion shall be at the same share price as the subscription price in such new equity issue.
3	Non-Core Vessel Group I Conversion	The Secured Creditors having financed vessels pertaining to Non-Core Vessel Group I shall convert a part of such financing to equity in the Company. The conversion rights shall be granted by the issue of warrants (the "NCV I Warrants") in the Company with the following terms: (a) The conversion shall occur (by exercise of the NCV I Warrants) (i) upon each completion of a sale of a vessel in the Non-Core Vessel Group I, and (ii) (if applicable) on the date falling 18 months from the Restructuring Implementation Date. (b) Nothing shall be payable upon subscription of the NCV I Warrants. The total amount to be converted to equity upon exercise of the NCV I Warrants shall be as follows: (i) in the case of conversion due to the sale of a vessel in the Non-Core Vessel Group I, the NCV I Loss on that vessel; and (ii) on the date falling 18 months from the Restructuring Implementation Date, if not all vessels in the Non-Core Vessel Group I have been sold and less than NOK 250 million of NCV I Loss has been converted, such amount of the Non-Core Vessels 'Group I' Debt

		required for the aggregate amount converted to reach NOK 250 million, with the subscription price per Share upon exercise of each NCV I Warrant to be NOK 0.981 (which equals a conversion rate of 12.7%) (so that the amount of NCV I Loss determines the number of shares that may be subscribed for in total under this clause 3). (c) The NCV I Warrants, if not exercised, shall lapse without compensation to the holder at the expiry of the Restructuring Period. (d) The NCV I Warrants may be held by a party nominated by and on behalf of the relevant Secured Creditors and shall be transferrable together with the relevant part of debt between the relevant Secured Creditors (but not to any third party). (e) Upon exercise of NCV I Warrants by a Secured Creditor pursuant to this clause 3, Sævik shall be entitled to convert such part of the Anti-Dilution Protection Loan required in order for the dilutive effect on the Shares subscribed for by New Equity to be neutralized and consequently securing that Sævik thereafter is holding 51% of the Shares (but subject to any potential dilution pursuant to clause 5 below).
4	Non-Core Vessel Group III Conversion	The Secured Creditors having financed vessels pertaining to Non-Core Vessel Group III shall convert a part of such financing to equity in the Company. The conversion shall be granted by the issue of warrants (the "NCV III Warrants") in the Company with the following terms: (a) The conversion shall occur (by exercise of the NCV III Warrants) upon each completion of a sale of a vessel in the Non-Core Vessel Group III. (b) Nothing shall be payable upon subscription of the NCV III Warrants. Upon exercise of the NCV III Warrants each such warrant shall give a right to 1 Share and NOK 0.981 (which equals a conversion rate of 12.7%) shall be payable per Share by conversion of NCV III Loss (so that the amount of NCV III Loss determines the number of shares that may be subscribed for in total under this clause 4). (c) The NCV III Warrants, if not exercised, shall lapse without compensation to the holder at the expiry of the day falling 18 months after the Restructuring Implementation Date. (d) The NCV III Warrants may be held by a party nominated by and on behalf of the relevant Secured Creditors and shall be transferrable between the relevant Secured Creditors (but not to any third party). (e) Upon exercise of NCV III Warrants by a Secured Creditor pursuant to this clause 4, Sævik shall be entitled to convert such part of the Anti-Dilution Protection Loan required in order for the dilutive effect on the Shares subscribed for by New Equity to be neutralized and consequently securing that Sævik thereafter is holding 51% of the Shares (but subject to any potential dilution

		pursuant to clause 5 below).
5	Non-Performing Core Vessel Debt Conversion	The Secured Creditors having financed Core Vessels which have been declared as Non-Performing Vessels and which incur a Non-Performing Sale Shortfall shall have the right to convert such loss to equity in the Company as follows: (a) The subscription price per Share shall be NOK 0.981 (which equals a conversion rate of 12.7%). The subscription price may only be settled through conversion of the Non-Performing Sale Shortfall. (b) Upon a conversion as described in this clause 5, Sævik shall be entitled to convert the Shareholder Loan (in whole or in part) to equity in accordance with Clause 2 (d) above in order to reduce or prevent the dilutive effect of the conversion.
6	Unsecured debt warrants issue	The Unsecured Creditors shall, in consideration for accepting to be fully repaid in accordance with clause 8 (<i>Cash Offer</i>) below, have a right to subscribe for warrants in the Company (the "Unsecured Debt Warrants"). The Unsecured Debt Warrants shall be issued as follows: (a) 500 million Unsecured Debt Warrants will be issued, each giving a right to one Share. The warrants shall be allotted to the Unsecured Creditors pro rata in relation to the principal amount of debt outstanding at the Restructuring Implementation Date, and shall be freely transferable. (b) Nothing shall be payable for the Unsecured Debt Warrants upon subscription. Upon exercise of the warrants, NOK 0.156 shall be payable in cash for each Share. (c) The Unsecured Debt Warrants shall be issued on the Restructuring Implementation Date to the relevant Unsecured Creditors (except for the Unsecured Bondholders). For the Unsecured Bondholders the Restructuring Implementation Date will be the record date with distribution of the Unsecured Debt Warrants on the day falling two business days thereafter. (d) The Unsecured Debt Warrants will be exercisable from and including the date falling 2 years after the Restructuring Implementation Date and at any time thereafter until they lapse. (e) The Unsecured Debt Warrants will lapse, without any compensation to the holders, on the expiry of the date falling 5 years after the Restructuring Implementation Date. (f) If the Company resolves to issue new Shares against cash consideration (other than as contemplated by this Term Sheet) for a total consideration of more than NOK 100 million, the holders of the Unsecured Debt Warrants shall have a preferential right of subscription as if the Unsecured Debt Warrants had been Shares (and on equal terms as other shareholders in the Company). There shall be no adjustment of the price to be paid for each Share upon exercise of the warrants as a consequence of such equity issue. (g) The warrant agreement shall include anti-dilution provisions such as adjustments to deal with

		recapitalizations (stock splits, reverse splits etc.), reduction in capital, certain new share issuances and dividends.
7	Repair Issue	A repair issue (the "Repair Issue") shall be launched on the Restructuring Implementation Date whereby shareholders pre-restructuring (ex. Sævik) shall have preferential right of subscription. (a) The subscription price in the Repair Issue shall be NOK 0.125 and the face value NOK 0.01 per share. (b) A total of up to 240 334 046 new Shares shall be issued by the Company in the Repair Issue, for a total consideration of up to NOK 30 million. (c) Upon completion of the Repair Issue, Sævik shall be entitled to convert the Shareholder Loan (in whole or in part) to equity in accordance with Clause 2 (d) above, in order to reduce or prevent the dilutive effect of the Repair Issue.
UNSECURED CREDITORS		
8	Cash Offer	The total outstanding amount (principal and accrued/unpaid interest) of the Unsecured Creditors shall be repaid in full by (i) receipt of the Unsecured Debt Warrants and (ii) 15% of their total outstanding principal claims (not including interest) as follows: (a) Islandsbanki will be paid MNOK 22.5 in cash (equal to 15% of the outstanding amount) under the Islandsbanki Facility. (b) Arion will be paid MNOK 45.0 in cash (equal to 15% of the outstanding amount) under the Arion Facility. (c) the Unsecured Bondholders and holders of any related coupon claims will be paid MNOK 75.0 in cash (equal to 15% of par value of the Unsecured Bonds, such amount to be distributed pro rata between the Bonds and any accrued, but unpaid interest on the Bonds). (d) The Unsecured Creditors shall accept the above payments (together with the Unsecured Debt Warrants) as full and final settlement of the Company's debts under and in relation to the Unsecured Loan Facilities and the Unsecured Bonds (including interest and any other amounts) and the relevant debt shall thereby be considered redeemed and discharged in full. (e) Payment under the Cash Offer shall take place on the Restructuring Implementation Date as regards Islandsbanki and Arion, and, as regards the Unsecured Bondholders, with the Restructuring Implementation Date as the record date and payment to be made two business days thereafter.
