About Huddlestock Fintech:

Huddlestock Fintech AS was listed on Euronext Growth Market 26 November 2020, as Norway's first fintech company to be publicly traded. Huddlestock Fintech is a company that develops unique software as a service-solutions for digitizing work processes for custody banks, asset managers and trading venues.

The open, compliance-optimized and data centric platform allows our customers to offer a differentiated real-time product that reduces cost and increases efficiency. Huddlestock Fintech's technology enables

end-to-end digital services such as onboarding, client communication, reporting, order execution and portfolio management, all executed on the same platform.

Huddlestock has two main products: Apex (Custody) and Bedrock (Connectivity). Apex is a software as a service-solution that links custody services with asset managers and individual investors. Bedrock provides a white label solution that is primarily a product for financial services firms wanting to add low cost-efficient trading and investing services to their client web and app offerings.

Huddlestock has offices in Oslo, Stavanger, Kuala Lumpur, Copenhagen, Stockholm, Munich and London.
