

Ready for start of concrete works for comminution and wet processing plant at Engebø

Sunnfjord Municipality has approved the building application for comminution and wet processing plant for the Engebø Rutile and Garnet Project (the "Engebø Project"). The permit is fully in line with the zoning plan for the Engebø Project. The approval is subject to right of appeal within three weeks.

The necessary building permits are now in place to start further construction work at Engebø. The concrete works for the comminution and wet processing plant will start now in June 2023, and we are on track to start with structural and mechanical installations in the third quarter of this year, as planned.

For questions, please contact Managing Director - Engebø Rutile and Garnet, Kenneth Nakken Angedal, telephone +47 92640645.

Oslo, 5 June 2023
Nordic Mining ASA

Nordic Mining ASA (www.nordicmining.com)

Nordic Mining ASA ("Nordic Mining" or the "Company") is a resource company with focus on high-end industrial minerals and metals. The Company's project portfolio is of high international standard and holds significant economic potential. The Company's assets are in the Nordic region.

Nordic Mining is undertaking a large-scale project development at Engebø on the west coast of Norway where the Company has rights and permits to a substantial eclogite deposit with rutile and garnet. In addition, Nordic Mining holds interests in other initiatives at various stages of development. This includes patented rights for a new technology for production of alumina and exploration of seabed minerals.

Nordic Mining is listed on Euronext Expand Oslo with ticker symbol "NOM".
