## Norse Atlantic delivers 97% load factor and 31% passenger growth YoY for November

In November, Norse Atlantic Airways recorded a load factor of 97, representing a 5%-points increase from the same month the previous year. The load factor in own scheduled network was 94%, compared to 89% in November 2024. The Company operated 459 flights and transported 123,580 passengers across its network and ACMI/charter operations, a 31% increase year-over-year (YoY). 73% of the flights departed within 15 minutes of their scheduled departure time, a 9%-point increase YoY. Air Traffic Control (ATC) delays and airport congestions continue to negatively impact on-time performance. Norse operated 225 ACMI/charter flights in November 2025, compared to 128 in the same month a year earlier.
