

Nenad Keseric joins Ocean Sun as Chief Operating Officer (COO)

Ocean Sun AS is pleased to announce the appointment of Nenad Keseric as the new Chief Operating Officer of Ocean Sun. The present COO, Alexander Telje will take position as Chief Commercial Officer.

Keseric holds a PhD degree in Energy Economics from Vienna University of Technology (TU Wien). He has more than 15 years of experience from the energy industry, most recently as operations manager of the floating wind turbines in Equinor. His CV also contains management experience from major international energy companies, such as Statkraft in Norway and Verbund in Austria. Nenad has also experience as a Board Member in the Marine Energy Test (MET) Centre at Karmøy where he has been representing Equinor since 2012.

"We are pleased to have Nenad joining the Ocean Sun executive leadership team in the important role of Chief Operating Officer. With his extensive expertise of the energy markets and a depth of operational leadership experience from floating renewable technologies, I am confident that he can help Ocean Sun scale to the next level" says Børge Bjørneklett, Founder and CEO.

Nenad is expected to take up the COO role on 1(st) of May 2021.

"I am truly excited to join the Ocean Sun team. I look forward to accelerating development of Ocean Sun to become a global leader in the floating solar industry. With the world in the middle of energy transition, I'm pleased to work with the Ocean Sun team to create and maintain healthy operations and capitalize on the enormous growth opportunities that exist in today's global market" says Nenad.

About Ocean Sun:

By combining the Norwegian maritime expertise and knowledge within photovoltaics, Ocean Sun has developed an innovation that offers a bold solution to our global energy needs. The patented technology is based on solar modules mounted on hydro-elastic membranes and offers cost and performance benefits not seen in any other floating PV system today. With offices in Oslo, Singapore and Shanghai, Ocean Sun is embarking on its vision to be the world's leading technology provider of floating solar.
