ITEM 10 AUTHORIZATION TO ACQUIRE TREASURY SHARES

The General Meeting of the Company has on an annual basis authorised the Board of Directors to acquire treasury shares. The Board of Directors proposes to renew this authorization.

The purpose of such share repurchase authority is to allow for adjustments to the Company's capital structure. Further, in the opinion of the Board of Directors, treasury shares will give the Company flexibility in terms of satisfying employee share incentive plans and to fund possible acquisitions and other possible corporate transactions by the Company.

Proposed resolution:

- (i) *The Board of Directors is authorized to acquire shares in the Company on behalf of the Company.*
- (ii) *The shares are to be acquired at market terms in a regulated market where the shares are traded.*
- (iii) *The shares may be disposed of either to meet obligations under employee incentive schemes, as part of consideration payable for acquisitions made by the Company, as part of consideration for any mergers, demergers or acquisitions involving the Company, by way of cancellation of the shares in part or full, to raise funds for specific investments, for the purpose of paying down loans (including convertible loans), or in order to strengthen the Company's capital base. The Board is free to choose the method of disposal considered expedient for such purposes.*
- (iv) *The maximum face value of the shares which the Company may acquire pursuant to this authorization is in total NOK 65,339,999. Under no circumstances can the Company acquire shares leading to an aggregate number of treasury shares exceeding 10 percent of the total number of shares. The minimum amount which may be paid for each share acquired pursuant to this power of attorney is NOK 3, and the maximum amount is NOK 300.*
- (v) *This authorization is valid from registration in the Norwegian Register of Business Enterprises and expires on 30 June 2015.*
- (vi) *The authorization to acquire Treasury Shares granted on 14 May 2013 is revoked with effect from the time the above authorization in this item 10 becomes effective.*

ITEM 11 STATEMENT FROM THE BOARD REGARDING REMUNERATION PRINCIPLES FOR SENIOR EXECUTIVES

In accordance with section 6-16a of the Public Companies Act, the Board of Directors has issued a statement with respect to the principles for remuneration for senior executives of the Company. The statement is presented in Appendix VII.

Proposed resolution:

The Board statement pursuant to section 6-16a of the Public Companies Act is approved.

ITEM 12 APPROVAL OF PERFORMANCE BASED RESTRICTED STOCK PLAN

The Board of Directors proposes to the General Meeting a long term incentive plan for employees similar to the plan approved at the 2012 and 2013 AGM.

The Board proposes to the General Meeting to approve a performance based restricted stock plan for the period as from the date of the General Meeting and until 8 May 2019 (the “Restricted Stock Plan”). Pursuant to the Restricted Stock Plan, the Company may grant restricted stock units (“RSUs”) to employees. Any RSU awarded will, subject to the participant’s continued employment with the Company (or a subsidiary), be settled three years after grant. Upon settlement, the participant will receive a number of shares in the Company which equals the number of RSUs awarded. Delivery of shares will take place from the Company’s pool of treasury shares or, if an insufficient number of treasury shares exists, by cash payment of an equivalent value. Therefore there will be no dilutive effect for the Company’s shareholders.

Pursuant to the proposed Restricted Stock Plan, the Board shall propose the maximum number of RSUs available for grant based on the Company’s performance in the previous year (2013) on three specified criteria which were set at the beginning of 2013. The 2013 goals, the Company’s achievements in respect of these goals and the Board of Directors assessment of the achievement are given in Appendix VIII. Based on an evaluation of achievement towards these criteria the Board proposes that the maximum number of RSUs to be granted under the 2014 Restricted Stock Plan is 750,000. Consequently, the maximum number of shares to be delivered to participants equals 750,000.

In the Board’s opinion, a performance based restricted stock plan aligns the compensation of key employees with the interests of the Company and the shareholders. Further, the program creates a retention effect on key employees as the RSUs will always have a value to the participant.

The complete terms and conditions of the new Restricted Stock Plan are seen in Appendix IX.

On June 5 and July 20 2014 a total of 486,282 options awarded under the 2009 option program will expire. Following approval of the proposed RSU program and

expiry of the mentioned 2009 option program the outstanding RSUs and options awarded to employees will be 4,738,125 which amount to 2.22% of the Company's total share capital.

The General Meeting is requested to approve the Restricted Stock Plan.

Proposed resolution:

The Restricted Stock Plan is approved.

ITEM 13 MOTION TO AUTHORIZE THE COMPANY'S BOARD OF DIRECTORS TO INCREASE THE SHARE CAPITAL

The General Meeting of the Company has on an annual basis authorized the Board of Directors to issue new shares. The Board of Directors proposes to renew the authorizations granted in 2013. The Board of Directors further proposes to continue to split the authorization in two, resulting in one general authorization and one authorization solely linked to the issuance of new shares in connection with the Company's share option programmes. The number of shares to be authorized under item 13.2 below is calculated so that the authorization covers the options still outstanding under the existing stock option programs.

The Board of Directors is of the opinion that the limited general authorization is necessary to provide flexibility in terms of potential acquisitions and other corporate transactions and settlements thereof, and therefore, is in the best interest of the Company. It is further proposed to authorize the Board of Directors to waive existing shareholders' preferential rights in order to allow the possibility for new shareholders subscribing shares.

Further, the Board has proposed to restrict the general authorization in item 13.1 so that the number of shares to be issued under the authorization and the authorization in item 14 to issue convertible loans in the aggregate cannot exceed 10% of the Company's share capital.

Item 13.1 General authorization to issue new shares

Proposed resolution:

The General Meeting hereby approves the following authorization:

- (i) *The Board of Directors is authorized to increase the Company's share capital by a total amount of NOK 65,339,999 through one or more subscriptions. The authorization is, however, restricted so that the number of shares to be issued under this authorization and the authorization to issue convertible bonds set out in item 14 of the minutes from the Annual General Meeting held 8 May 2014 in the aggregate cannot exceed 10% of the Company's share capital at the time of the resolution to issue shares. The Board of Directors is further authorized to determine the price and terms of such offerings and subscriptions, including but not limited to, whether in the*

Norwegian and/or the international markets, whether private or public and whether or not underwritten.

- (ii) *The authorization includes the right to increase the Company's share capital in return for non-cash contributions and the right to assume special obligations on behalf of the Company.*
- (iii) *The authorization shall be utilised in connection with potential acquisitions of companies or businesses within the oil and energy sector, including the oil service sector, settlement of obligations (including convertible loans), funding of material investments or to raise funds in order to strengthen the Company's capital base.*
- (iv) *The Board of Directors is further authorized to set aside the preferential rights pursuant to Section 10-4 of the Public Limited Companies Act. The rationale behind each such resolution must be given by the Board, and must be based on this being in the interest of the Company due to strategic benefits or need for capital contributions.*
- (v) *The authorization includes a resolution to merge, c.f. the Public Limited Companies Act Section 13-5.*
- (vi) *The authorization shall be effective from the date it is registered in the Norwegian Register of Business Enterprises and shall be valid until 30 June 2015.*
- (vii) *The general authorization to issue new shares that was granted on the General Meeting 14 May 2013 is revoked with effect from the time the above authorization in this item 13.1 becomes effective.*

Item 13.2 Authorization to issue new shares in connection with existing share option programs

Proposed resolution:

The General Meeting hereby approves the following authorization:

- (i) *The Board of Directors is authorized to increase the Company's share capital by a total amount of NOK 9,000,000 through one or more subscriptions. The Board of Directors is further authorized to determine the price and terms of such offerings and subscriptions within the limits and in accordance of the terms of the Company's share option programs in force at any time.*
- (ii) *The authorization shall only be utilised in connection with the Company's share option programs in force at any time.*
- (iii) *The Board of Directors is further authorized to waive the preferential rights pursuant to Section 10-4 of the Public Limited Companies Act. The reason*

for this is that the objective of the share option program is to create incentives to employees.

- (iv) *The authorization shall be effective from the date it is registered in the Norwegian Register of Business Enterprises and expires on 30 June 2015.*
- (v) *The authorization to issues new shares in connection with the share option program that was granted at the General Meeting on 14 May 2013 is revoked with effect from the time the above authorization in this item 13.2 becomes effective.*

ITEM 14 MOTION TO AUTHORIZE THE COMPANY'S BOARD OF DIRECTORS TO ISSUE CONVERTIBLE LOANS

The General Meeting of the Company has previously granted the Board of Directors the authority to issue convertible loans. The Board of Directors is continually considering how to further develop the Company in accordance with its identified strategy. Identifying and setting up the right financial structure is vital in this respect. In order to continue to provide the Board of Directors with sufficient flexibility to be able to put in place a cost efficient and flexible financial structure, it is desirable that the Board of Directors is granted a new power of attorney authorizing the Board of Directors to agree and enter into convertible loans. It is further proposed to authorize the Board of Directors to waive existing shareholders' preferential rights in order to allow the possibility for new investors subscribing the loan. The Board has, however, proposed to restrict the authorization so that that the number of shares to be issued pursuant to convertible loans under the authorization and the authorization in item 13.1 to issue shares in the aggregate cannot exceed 10% of the Company's share capital.

Proposed resolution:

The General Meeting hereby approves the following authorization:

- (i) *The Company may raise new convertible loans at a total amount of NOK 3,500,000,000 (or the equivalent in other currencies). The Board of Directors are authorised to negotiate and enter into convertible loan agreements within the limits and in accordance with the terms of this authorisation.*
- (ii) *The share capital of the Company may be increased by a total of NOK 65,339,999 as a result of the loans referred to in sub item (i) above being converted into equity. The authorization is, however, restricted so that the number of shares to be issued under this authorization and the general authorization to issue shares as set out in item 13.1 of the minutes from the Annual General Meeting held 8 May 2014 in the aggregate cannot exceed 10% of the Company's share capital at the time of the resolution to issue convertible bonds.*
- (iii) *The shareholders' preferential rights to subscribe the loans may be set aside. The rationale behind each such resolution must be given by the Board, and*

must be based on this being in the interest of the Company due to strategic benefits or need for capital contributions.

- (iv) *The authorization to issue new convertible loans shall be effective from the date it is registered in the Norwegian Register of Business Enterprises and shall be valid until 30 June 2015. The authorization to increase the share capital in accordance with sub item (ii) above shall be valid as long as required to meet the Company's obligations under the loan agreements.*
- (v) *The authorization to issue convertible loans granted on 14 May 2013 is revoked with effect from the time the above authorization in this item 14 becomes effective.*

ITEM 15 INDEMNIFICATION OF BOARD OF DIRECTORS AND CEO

It has been the practice of the Company that the Annual General Meeting passes a resolution providing an indemnification for the Board members and the CEO relating to liability and claims made against them arising out of their service for the Company. At the Extraordinary General Meeting of the Company held 13 December 2006, the general indemnification agreement for the Board of Directors was approved.

Proposed resolution:

The General Meeting accepts indemnification for the Board members and the CEO for the period between 14 May 2013 and 8 May 2014.

ITEM 16 CORPORATE GOVERNANCE STATEMENT

Pursuant to new legislation, the corporate governance statement of the Company should be a separate item on the agenda for the Annual General Meeting. The statement is also referred to in the 2013 Board of Directors' Report and included in the annual report setting out the Financial Statements and attached separately hereto as Appendix X.

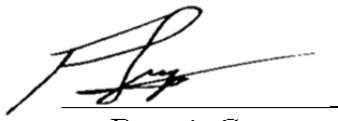

This is a non-voting item as the corporate governance statement is subject to discussions only and not to separate approval by the shareholders.

Nomination Committee Report to 2014 AGM

Introduction

The Nomination Committee in PGS was established at the Annual General Meeting June 8th 2005. The current committee consists of Roger O’Neil (Chairperson), Hanne Harlem and C. Maury Devine. None of the members of the Nomination Committee are employees of PGS or members of the Board of Directors of PGS.

The Nomination Committee had four meetings in 2013.

The main duties of the Nomination Committee are to propose nominees for election as members and chairperson to the Board of Directors and the Nomination Committee, and to propose the fees to be paid to the members of the Board and the Nomination Committee. The duties of the Nomination Committee are further regulated in the Nomination Committee Mandate and Charter (the “Charter”). The Nomination Committee has reviewed the Charter and found no reason to amend it this year. The Charter is available on www.pgs.com.

Nominees for the Board of Directors

The Nomination Committee has in preparation of its work on proposing nominees for election as members and chairperson to the Board of Directors interviewed existing members of the Board of Directors and the CEO. For the Annual General Meeting (AGM) May 8 2014, the Nomination Committee emphasizes the importance of PGS’ need for a balance of experience and expertise among the members to the Board of Directors, which will provide knowledge of the strategic, international, financial and technological and management issues which face PGS and PGS’ management.

PGS currently meets the requirements for both male and female directors of the Public Limited Companies Act Section 6-11 a (1). The same will apply if the Board proposed by the Nomination Committee is adopted by the AGM.

Two new directors were elected to the Board on the EGM November 21, 2013: Walter Qvam and Anne Grethe Dalane. The proposal is to re-elect for a one year term the Directors Francis Gugen (chairperson), Harald Norvik (vice chairperson), Daniel J. Piette, Holly Van Deursen, Carol Bell, Ingar Skaug, Walter Qvam and Anne Grethe Dalane.

The Nomination Committee is of the opinion that the proposed Board will have the competence necessary to establish an Audit Committee in accordance with competency requirements of the Public Companies Act § 6-42.

Details of the Board members experience and expertise can be found on www.pgs.com.

The Nomination Committee has put considerable effort in assessing the needs of PGS' Board of Directors. The Nomination Committee believes that the existing Board of Directors will provide the necessary industry knowledge, technical competence and corporate experience needed for PGS' corporate governance.

Nominees for the Nomination Committee

The Nomination Committee has carefully considered whether to propose new members to the Nomination Committee on the 2014 Annual General Meeting. In this work, the Nomination Committee has specifically evaluated PGS' need for a Nomination Committee which has knowledge of the strategic, international, financial and technological and management issues which face PGS in order to identify qualified and suitable nominees to the Board of Directors. The Nomination Committee also emphasize the importance of both male and female members and both Norwegian and international members.

On this basis, the Nomination Committee proposes that Nomination Committee members Roger O'Neil, C. Maury Devine and Hanne Harlem be re-elected for a one year term. The Nomination Committee has started a process with the long term aim of replacing members to ensure appropriate renewal of the Nomination Committee.

It is proposed that Mr. O'Neil is elected chairperson of the Nomination Committee.

Remuneration of the shareholder elected Board of Directors

The Nomination Committee has reviewed remuneration practice for Directors in both international and Norwegian peer companies in order to establish a recommendation to the AGM. The Nomination Committee has concluded that it is not necessary to increase the compensation for the Chairperson of the Board of Directors or for the other Directors. Therefore current compensation levels are proposed to remain unchanged. The remuneration scheme thus proposed for the period between the 2014 AGM and the 2015 AGM is seen in Appendix V to the calling notice for the 2014 AGM.

The remuneration payable to the Directors for the previous period between the 2013 AGM and the 2014 AGM is set forth in Appendix III to the calling notice. This remuneration is calculated in accordance with the principles for Director remuneration that were adapted by the 2013 AGM, see Appendix IV to the 2014 AGM calling notice.

Remuneration of the Nomination Committee

The principles for and levels of Nomination Committee member fees for the period between the 2014 AGM to the 2015 AGM proposed by the Nomination Committee are seen in Appendix VI to the calling notice for the 2014 AGM. The proposal is to keep the remuneration on the same level as it has been in the period between the 2013 AGM and the 2014 AGM.

APPENDIX II

In presenting this for approval, the Nomination Committee has considered, among others, the need for a compensation structure reflecting the amount of work in the Nomination Committee as well as the structure of such work. The Nomination Committee has also considered comparable data for Norwegian companies.

The fees payable to the Nomination Committee members for the period between the 2013 AGM and the 2014 AGM are set forth in Appendix III to the calling notice. These numbers are calculated on basis of the principles for remuneration that were adapted by the 2013 AGM, see Appendix IV to the 2014 AGM calling notice.

Shareholders who wish to propose new board members to PGS could do so by sending an e-mail to Mr. O'Neil at ir@pgs.com. Such proposals should be sent to the Nomination Committee at least two months prior to the Company's AGM.

Board of Directors' statement on remuneration to the CEO and the Executive Officers

In accordance with §6-16a of the Norwegian Public Limited Companies Act, the Board of Directors has prepared a statement related to the determination of salary and other benefits for our CEO and other executive officers. The guidelines set out below for our CEO and other executive officers salary and other benefits, for the coming fiscal year, will be presented to the shareholders for their advisory vote at the May 2014 Annual General Meeting.

PGS is an international company operating in the global geophysical industry. Our operations are conducted world-wide and our employment base is and needs to be largely international. The total compensation package for our CEO and other executive officers shall therefore be competitive both within the Norwegian labour market and internationally. Both the level of total compensation and the structure of the compensation package for our CEO and other executive officers shall be such that it may attract and retain highly qualified international leaders. This will require the use of several different instruments and measures also meant to provide incentives for enhanced performance and to ensure common goals and interest between the shareholders and management.

The current remuneration package for our CEO and other executive officers includes fixed elements and variable elements. The fixed elements consist of a base salary and other benefits. Other benefits include car allowance, newspaper subscription, mobile phone, internet and similar benefits. The fixed elements also include a defined benefit and a defined contribution pension plan.

The CEO and three executive officers have an early retirement plan allowing for termination of employment without cause when the CEO or the executive officers reach the age of 62. Provided that the CEO or executive officers have been employed as a CEO or an executive officer for 10 years (or in some cases longer) the CEO or the executive officers are entitled to a yearly payment of up to 60% of the last base salary beginning in the year of retirement until the CEO or the executive officers reach the age of 67.

The variable elements today consist of a performance bonus scheme, participation in earlier years' share option program and participation in restricted stock unit programs.

Participation in the performance bonus scheme and the target levels and the maximum levels of the annual performance bonus scheme are determined annually. Payment under the performance bonus scheme is based partly on achievements of agreed financial key performance indicators ("KPIs") for the group and partly on achievements of agreed operational, financial and organizational KPIs included in a personal performance contract.

The Group KPIs are financial targets set by the Board of Directors at the start of each fiscal year. The Group KPIs are then broken down to business unit KPIs. The CEO and other executive officers' personal performance contract for a given year therefore contains such Group or business unit KPI goals as well as KPI goals linked to other personal measures of success such as HSE, operational effectiveness and organizational development.

The annual performance bonus for the CEO is approved by the Board of Directors in a meeting, based on recommendations from the Remuneration and Corporate Governance Committee. The annual performance bonus scheme for the other executive officers are reviewed and approved by the Remuneration and Corporate Governance Committee on the CEO's recommendation, and the executive officers' achievements under the scheme are also reviewed by the Remuneration and Corporate Governance Committee.

In 2013 the CEO participated in a performance bonus scheme where he was entitled to a cash bonus provided the Company and the CEO met certain financial and non-financial performance targets. The target bonus for the CEO which assumes that the company goals and the CEO's individual goals are met is a cash bonus of 85% of the CEO's annual base salary. This target bonus can be increased or decreased in cases of performance above or below the targets set for the CEO and the Company. Other executive officers, listed above, who were employed by the Company during 2013 and remain employed as of March 1, 2014 are participants in a bonus scheme where they are entitled to a cash bonus targeted at 57% of the respective executive's annual base salary. The target bonus can be increased or decreased in cases of performance above or below the targets set for the executive and the Company. The CEO's performance bonus is capped at 150% of base salary, the executive officers' at 100% of base salary.

The Board of Directors will continue to use this scheme for determining the level of annual performance bonus in the coming financial year.

The Annual General Meetings in 2012 and 2013 authorized a performance based restricted stock unit program in order to ensure continued long term incentives which are linked to the development of the Company's share price. The Board of Directors will propose to the 2014 Annual General Meeting a Performance based Restricted Stock Unit program similar to the 2013 program. Under the 2014 Performance based Restricted Stock Unit program the Board of Directors will, based on the previous year's performance against specific targets, propose a pool of Restricted Stock Units which will be granted to eligible employees in 2014. The targets and achievement against such targets are disclosed in the calling notice to the 2014 Annual General Meeting.

Settlement of these Restricted Stock Units and subsequent transfer to the eligible employee of shares in the Company will take place three years later subject principally to further employment by the Company. The full Performance based Restricted Stock Plan including all terms and conditions will be presented to the Annual General Meeting in May 2014 for approval.

This statement deals primarily with the remuneration of our CEO and other executive officers. However, the above described remuneration policy is to a large extent applicable to a broad group of key employees within the Company. Enhanced performance by the management groups is not achieved by our CEO and other executive officers alone but rather is dependent on a large number of managers and key employees throughout the Company. Therefore, a large and increasing number of managers and key employees are included in performance based remuneration schemes, which contain all or some of the above mentioned elements. More than 500 employees within the Company are currently eligible for performance based remuneration. In addition, all other employees may receive up to a maximum of one month salary in annual bonus. The level of this bonus is determined by the Board of Directors based on the financial results of the Company.

Remuneration of the CEO and other executive officers are evaluated regularly by the Remuneration and Corporate Governance Committee and the Board of Directors. The Remuneration and Corporate Governance Committee annually reviews the total compensation level, the mix between fixed and performance related compensation and the mix between short, medium and long term compensation. The Remuneration and Corporate Governance Committee has developed an annual schedule in order to ensure and facilitate a structured approach to the annual review of executive compensation. The committee has also engaged an external advisor for this work.

A specific peer group of comparable companies and an executive remuneration philosophy has been adopted. The peer group currently consists of seventeen companies from Norway, Europe and the Americas. All companies are of comparable size and with international operations within the oil service sector. The external advisor collects and combines relevant information on the companies in the peer

group. This is used by the Remuneration and Corporate Governance Committee and the Board of Directors for benchmarking of executive remuneration. The executive remuneration philosophy document includes certain targets and guidelines on how the Company's CEO and executives should compare to the peer group. These tools amongst others, are used by the Remuneration and Corporate Governance Committee and the Board of Directors to decide on an appropriate remuneration structure and to set appropriate total remuneration for the CEO and executive officers.

Since the Annual General Meeting in May 2013 the Board of Directors have followed the guidelines then approved by the Annual General Meeting with respect to remuneration of the CEO and the other executive officers.

AWARD – PERFORMANCE CRITERIA

PGS 2014 PERFORMANCE RESTRICTED STOCK UNIT PLAN

The Board of Directors of Petroleum Geo-Services ASA (“PGS”) has decided to adopt a practice of proposing a Performance Restricted Stock Unit Plan to the Annual General Meeting (AGM) of PGS in order to ensure that key employees in PGS and its subsidiaries have long term incentives which are in line with shareholders’ interests and which have a retention effect on such key employees. For the terms, reference is made to the 2014 Performance Restricted Stock Unit Plan (the “2014 Plan”).

The Board has adopted this document in order to provide transparency on the relevant performance criteria and application of these to determine the Board’s proposal to the 2014 AGM for the total pool of Restricted Stock Units (RSUs) available for award under the 2014 Plan.

- I. *Proposal for RSU Pool:* The total pool of RSUs available for award to employees under the 2014 Plan is proposed to be 750,000. This pool shall be distributed to no less than 150 key employees in the Company in accordance with the rules of the 2013 Plan.
- II. *Goals set in 2013 for 2014 Plan:* The total number of RSUs proposed for award under the 2014 Plan has been subject to a review by the Remuneration and Corporate Governance Committee and the Board of Directors based on achievements in 2013, by reference to a set of strategic goals related to business growth and profitability, HSEQ, operational performance and efficiency, and internal control all set at the beginning of the year. The first three goals are generally given equal weight in the assessment of the total pool which shall be made available for award. Non-achievement of the internal control goal may lead to a reduction in the pool.
 1. *Business growth and profitability:* The goals set by the Board of Directors for 2013 were an EBIT of MUSD 460 and an EBITDA of MUSD 969. The Company achieved an EBIT of MUSD 382 and an EBITDA of MUSD 829.
 2. *HSEQ:* The goals set for 2013 were a LTIF of 0.17 and a TRCF of 0.66 (rolling 12 month) as of 31 December 2013. The Company achieved a LTIF of 0.16 and a TRCF of 0.94.
 3. *Operational Performance:* The goal set for 2013 was an operational performance of 91%. The Company achieved 93.4%.

Internal control: The Board has considered whether there were reasons to reduce the RSU pool based on weaknesses in internal control or non-compliance with corporate policies for 2013 or earlier years. No such reason has been identified.

- III. *Overall assessment of achievements in 2013:* The Remuneration and Corporate Governance Committee and the Board of Directors have assessed the Company’s achievements in 2013 in respect of the above given strategic goals and proposed a pool of RSUs available for award under the 2014 Plan to the Board based on this assessment:

It is noted that the Company has grown both the EBIT and the EBITDA in 2013 over 2012. The Board is also satisfied that the Company in 2013 has delivered superior EBIT margins compared to other vessel owing seismic companies. However, the Board has

taken into account that the achievements on *Business Growth and Profitability* are below the targets and this is the main reason for the proposed reduction of the RSU pool in 2014 over 2013. The Company has mixed achievements (one above and one below) in *HSEQ* compared to its very challenging goals, but the Company continues to outperform its peers in the seismic industry by a large margin (2012 seismic industry average were LTIF 0.61 and TRCF 1.93). On *Operational Performance* the Company continues to deliver superior results and 93.4% is both significantly above the target and the highest recorded Performance to date by the Company. Based on the above consideration the Board has decided to propose a pool of RSUs of 750,000, which represents a reduction of the number of RSUs available for Award of approximately 12% from the 2013 award. This represents approximately 0.35% of the total outstanding shares in the Company.

- IV. Individual performance measured against goals within the above mentioned strategic goal categories and others are considered as basis for the individual award process, see Article 8 of the 2014 Plan. In addition position in the Company and assessments of the competitiveness of the total compensation for each individual is considered. No member of the executive team (including the CEO) may receive more than 7% of the total pool.
- V. The Board recommends the pool and the 2014 Plan for approval by the AGM.

(b) Subject to the provisions hereof, the Committee shall have full and exclusive power and authority to administer this Plan and to take all actions that are specifically contemplated hereby or are necessary or appropriate in connection with the administration hereof. The Committee shall also have full and exclusive power to adopt such rules, regulations and guidelines for carrying out this Plan as it may deem necessary or proper and which are either (i) not materially adverse to the Participant to whom such Award was granted, (ii) consented to by such Participant, or (iii) made pursuant to the adjustment provisions in Paragraph 16. The Committee may correct any defect or supply any omission or reconcile any inconsistency in this Plan or in any Award in the manner and to the extent the Committee deems necessary or desirable to further the Plan purposes.

(c) No member of the Committee or officer of the Company to whom the Committee has delegated authority in accordance with the provisions of Paragraph 7 of this Plan shall be liable for anything done or omitted to be done by him or her, by any member of the Committee

or by any officer of the Company in connection with the performance of any duties under this Plan, except for his or her own willful misconduct or as expressly provided by statute.

7. *Delegation of Authority.* The Board or the Committee may authorize a committee of one or more members of the Board to grant individual Awards pursuant to this Plan. The Committee may delegate to the Chief Executive Officer or to other employees of the Company or its Subsidiaries its administrative duties under this Plan (excluding its granting authority) pursuant to such conditions or limitations as the Committee may establish. The Committee may engage or authorize the engagement of a third-party administrator to carry out administrative functions under the Plan. The Board shall itself determine any Award to the Chief Executive Officer and shall not delegate this or any authority under this Plan related to the Award to the Chief Executive Officer.

8. *Awards.*

(a) The Committee (or other committee to whom such authority is delegated under Paragraph 7) shall designate from time to time the Employees who are to be the Participants. Any Award shall be granted in the Committee's discretion based on amongst other considerations the position in the Company and a review on the individual Participant's performance prior to award.

(b) Each eligible Participant has an annual individual performance contract with performance goals set at the beginning of the year. For the top management group strategic goals within categories such as Financial Performance, HSEQ and Operational Efficiency are key elements of each manager's individual performance contract. Participant's performance relevant for Award is achievement towards the individual performance contract in the year prior to award.

(c) Each Award may, in the discretion of the Committee, be embodied in an Award Agreement, which shall contain such terms, conditions, and limitations as shall be determined by the Committee in its sole discretion and, if required by the Committee, shall be signed by the Participant to whom the Award is granted and signed for and on behalf of the Company. Awards may be granted singly, in combination or in tandem. Awards may also be granted in combination or in tandem with, in replacement of, or as alternatives to, grants or rights under this Plan or any other employee plan of the Company or any of its Subsidiaries, including the plan of any acquired entity. All or part of an Award may be subject to conditions established by the Committee.

9. *RSU Terms.*

(a) An Award shall be in the form of RSUs, subject to the terms and conditions of the Plan and the Award Agreement. Unless otherwise provided by the Committee, the following terms shall apply to all RSUs:

(i) *Settlement of RSUs:* Subject to the terms and conditions of this Plan and the Award Agreement, and further subject to Paragraph 19, all RSUs will automatically be settled at the applicable Settlement Date. Following settlement, and subject to Paragraph 5, last sub-paragraph and the further terms and conditions of the Plan and the Award Agreement, a number of Shares equal to the number of RSUs settled will be

delivered by the Company to the Participant's VPS Account as soon as practicable. Any delivery of Shares is conditional upon the Participant having registered a VPS Account and notified the Committee of the account details. Until the date that Shares are registered with a Participant's VPS Account, the Participant shall have no rights as a shareholder pursuant to the Plan or any Award Agreement. From the date when the Shares are registered with the Participant's VPS Account, the Participant will have the right to receive dividends thereafter declared with respect to such Shares and to exercise other shareholder rights.

(ii) *Termination of Employment:* A "Good Leaver" is someone who leaves due to retirement at the normal retirement age or early retirement with Company (or a Subsidiary) consent, incapacity, serious ill health or death. For a Good Leaver, all RSUs continue with full effect and will automatically be settled at the applicable Settlement Date pursuant to the terms and conditions of the Plan and the Award Agreement. In the event of the death of the Employee, the RSUs shall be settled in cash as full and final settlement of all RSUs within 60 days after the time of death. If more than one heir (whether by will, statute or otherwise) of the Employee claims the cash payment, the Committee can require as a condition for making the cash payment that the heirs within 30 days from written notice from the Committee agree among themselves who shall have the right to the cash payment, and if no such confirmation has been received in writing by the Committee within the 30 day deadline, the RSUs will terminate without any cash payment taking place and without any further liability or obligations for the Company (or any Subsidiary). For an Employee who is not a Good Leaver, all RSUs outstanding at the time the Employee resigns, gives or receives a notice of termination with the Company (or a Subsidiary) will terminate immediately without any further liability or obligations for the Company (or a Subsidiary). For the avoidance of doubt, a transfer of employment between the Company and a Subsidiary or between Subsidiaries shall not be considered a termination of employment for purposes of this Plan.

10. *Change of Control.* Notwithstanding any other provisions of the Plan, including Paragraphs 7 and 8 hereof, unless otherwise expressly provided in the applicable Award Agreement, in the event of the occurrence of a Change of Control, each RSU granted under this Plan to the Participant shall be immediately settled in full; *provided, however,* that with respect to a Participant subject to United States taxation, no Change of Control shall be deemed to have occurred unless such event also constitutes an event specified in Code Section 409A(2)(A)(v) and the Treasury Regulations promulgated thereunder.

11. *Participants in Different Jurisdictions.* The Committee may grant awards to persons in a particular country under such terms and conditions as may, in the judgment of the Committee, be necessary or advisable to comply with the laws of the applicable foreign jurisdictions and, to that end, may establish sub-plans, modified RSU settlement procedures and other terms and procedures. Notwithstanding the above, the Committee may not take any actions hereunder, and no Awards shall be granted, that would violate any securities law, any governing statute, or any other applicable law.

12. *Securities Law regulations.*

(a) As the Company is a public company and is listed on Oslo Børs, there are certain laws, rules and regulations that apply for subscription, sale and purchase of the Company's securities (including Shares and other financial instruments in the Company), including but not limited to insider trading rules and notification obligations. Each Participant is obliged, and is personally responsible, to make him or her self familiar with such rules and to abide by the same.

(b) Furthermore, the Company has rules (which might be amended from time to time in the Company's sole discretion) for its employees and employees of its Subsidiaries trading in its securities, and each Participant is also obliged, and is personally responsible, to make him or her self familiar with such Company rules and to abide by the same.

(c) The Committee may adopt additional rules and procedures regarding the settlement of RSUs from time to time, provided that such rules and procedures are not inconsistent with the provisions of this Plan.

13. *Taxes.* The Participant shall be fully liable for any and all tax liabilities imposed upon the Participant pursuant to an Award and any and all rights conferred to the Participant under an Award Agreement, including but not limited to, taxes imposed by the settlement of RSUs and delivery of Shares or payment of cash. The Company will declare any Award and any delivery of Shares or payment of cash on the basis of an Award Agreement to the Norwegian and/or other relevant tax authorities in accordance with applicable laws at all times. The Company or its designated third-party administrator shall have the right to deduct applicable taxes (including withholding taxes) from any Award payment and withhold, at the time of delivery of cash or Shares under this Plan, an appropriate amount of cash or number of Shares or a combination thereof for payment of taxes (including withholding taxes) or other amounts required by law or to take such other action as may be necessary in the opinion of the Company to satisfy all obligations for withholding of such taxes.

14. *Amendment, Modification, Suspension, or Termination of the Plan.* The Board may amend, modify, suspend, or terminate this Plan for the purpose of meeting or addressing any changes in legal requirements or for any other purpose permitted by law, except that (i) no amendment or alteration that would adversely affect in any material respect the rights of any Participant under any Award previously granted to such Participant shall be made without the consent of such Participant and (ii) no amendment or alteration shall be effective prior to its approval by the shareholders of the Company to the extent such approval is required by applicable legal requirements or the applicable requirements of the securities exchange on which the Shares are listed.

15. *Assignability.* Unless otherwise determined by the Committee and provided in the Award Agreement or the terms of the Award, no Award or any other benefit under this Plan shall be assignable or otherwise transferable except by will or by the laws of descent and distribution. The Committee may prescribe and include in applicable Award Agreements or the terms of the Award other restrictions on transfer. Any attempted assignment of an Award or any other benefit under this Plan in violation of this Paragraph 14 shall be null and void.

16. *Adjustments.*

(a) The existence of outstanding Awards shall not affect in any manner the right or power of the Company or its shareholders to make or authorize any or all adjustments, recapitalizations, reorganizations, or other changes in the share capital of the Company or its business or any merger, demerger or consolidation of the Company, or any issue of Shares, bonds, debentures, preferred or prior preference stock (whether or not such issue is prior to, on a parity with or junior to the existing Shares) or the dissolution or liquidation of the Company, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding of any kind, whether or not of a character similar to that of the acts or proceedings enumerated above.

(b) In the event of any subdivision or consolidation of outstanding Shares or a Share split, any other recapitalization or capital reorganization of the Company, any consolidation, merger or demerger of the Company with another corporation or entity (which do not qualify as a Change of Control), the adoption by the Company of any plan of exchange affecting the Shares, then the number of RSUs covered by the Awards shall be proportionately adjusted by the Company as appropriate to reflect such transaction; provided that such adjustments shall only be such as are necessary to maintain the proportionate interest of the holders of the RSUs and to preserve, without increasing, the value of such RSUs.

17. *Restrictions.* No Shares or other form of payment shall be delivered with respect to any Award unless the Company shall be satisfied based on the advice of its counsel that such delivery will be in compliance with applicable law. Shares delivered under this Plan may be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations and other requirements of the applicable securities regulatory authority, any securities exchange or transaction reporting system upon which the Shares are then listed or to which it is admitted for quotation and any applicable law. The Committee may cause a legend or legends to be placed or coded upon the Shares to make appropriate reference to any such restrictions.

18. *Right to Employment.* Nothing in this Plan or any Award Agreement shall interfere with or limit in any way the right of the Company or its Subsidiaries to terminate any Participant's employment or other service relationship at any time, or confer upon any Participant any right to continue in the capacity in which he or she is employed or otherwise serves the Company or its Subsidiaries.

19. *Postponement of the Settlement Date.* If, due to securities law restrictions, the Committee in its discretion finds it appropriate, the Committee may elect to postpone the applicable Settlement Date. The Settlement Date may, however, only be postponed for as long as the securities law restrictions apply.

20. *Governing Law and Disputes.* This Plan and all determinations made and actions taken pursuant hereto shall be governed by and construed in accordance with the laws of the Kingdom of Norway. Any disputes arising out of or in connection with this Plan and any Award shall be settled by the ordinary courts in Norway with Asker og Bærum tingrett as the legal venue.

21. Section 409A.

(a) Awards made under this Plan are intended to comply with or be exempt from Code Section 409A, and ambiguous provisions hereof, if any, shall be construed and interpreted in a manner consistent with such intent. No payment, benefit or consideration shall be substituted for an Award if such action would result in the imposition of taxes under Code Section 409A. Notwithstanding anything in this Plan to the contrary, if any Plan provision or Award under this Plan would result in the imposition of an additional tax under Code Section 409A, that Plan provision or Award shall be reformed, to the extent permissible under Code Section 409A, to avoid imposition of the additional tax, and no such action shall be deemed to adversely affect the Participant's rights to an Award.

(b) If the Participant is identified by the Company as a "specified employee" within the meaning of Code Section 409A(a)(2)(B)(i) on the date on which the Participant has a "separation from service" (other than due to death) within the meaning of Treasury Regulation § 1.409A-1(h), any Award payable or settled on account of a separation from service that is deferred compensation subject to Code Section 409A shall be paid or settled on the earliest of (1) the first business day following the expiration of six months from the Participant's separation from service, (2) the date of the Participant's death, or (3) such earlier date as complies with the requirements of Code Section 409A.

22. *Effectiveness and Term.* The Plan is effective as of 8 May, 2014. No Award shall be made under the Plan after 8 May, 2019.

Corporate Governance

Petroleum Geo-Services is committed to maintaining high standards of corporate governance. We believe that effective corporate governance is essential to our Company's success and establishes the framework by which we conduct ourselves in delivering services to our customers and creating value for our shareholders.

Petroleum Geo-Services ASA is registered in Norway as a public limited liability company, and our corporate governance model is based on Norwegian corporate law and the Norwegian Code of Practice for Corporate Governance (the NUES Recommendations). To the extent practicable, PGS adheres to requirements applicable to registrants of foreign securities in the United States, where our American Depository Shares (ADS) are publicly traded. We have also implemented corporate governance guidelines particularly suited to our Company and the industry in which we operate.

The Norwegian Public Limited Liability Companies Act section 5-6 (4) requires that the Ordinary General Meeting approves the statement of Corporate Governance. Consequently, this report will be presented to the General Meeting on May 8, 2014.

Our corporate governance principles, which have been adopted by our Board of Directors, are summarized below. Our website provides full versions of our basic corporate governance documents. These items include the Company's articles of association, corporate governance policy, the Board of Directors' Rules of Procedure, and the charters for the Company's Audit Committee, Remuneration and Corporate Governance Committee, and Nomination Committee. The documents can be downloaded from our website: www.pgs.com.

In accordance with the Norwegian Accounting Act section 3-3b, PGS is required to give a statement of our corporate governance in the Board of Directors report. In the Board of Directors report we refer to this document.

1. Code of Conduct, Core Values and Corporate Responsibility

We have adopted a Code of Conduct that reflects our commitment to our shareholders, customers, and employees to carry out our business with the utmost integrity. Our Code of Conduct and Core Values are available in full on our website: www.pgs.com.

At the heart of our Core Values is also a serious approach to Corporate Responsibility. We have built our framework for Corporate Responsibility around four key areas: People, Environment, Conduct, and Stakeholders. For a further description, see our Corporate Responsibility Report, which is available at www.pgs.com.

2. Business

PGS is a focused geophysical company providing a broad range of seismic and reservoir services, including acquisition, processing, interpretation, and field evaluation. The company also possesses the world's most extensive multi-client data library. PGS operates on a worldwide basis with headquarters in Oslo, Norway.

Our business purpose, as presented in the Company's Articles of Association, is as follows:

"The business of the Company is to provide services to and participate and invest in energy related businesses."

Our business operations and the goals and strategies for our business areas are presented in greater detail in the Company's annual report.

3. Equity and Dividends

Shareholders' equity as of December 31, 2013 was \$2,065.6 million, corresponding to 58% of total assets. The Board of Directors believes that the Company's net interest-bearing debt should be at moderate levels and not exceed two times annual EBITDA in the weak part of a business cycle and not exceed one times annual EBITDA at the peak of the cycle. The current net interest-bearing debt of \$666.7 million is well within this range, and the Company's funding and equity positions are considered satisfactory by the Board of Directors. The Board continually monitors the adequacy of the Company's equity in light of its objectives, strategy, and risk profile.

The Board of Directors has adopted a dividend policy whereby it is the intention to distribute 25 to 50 percent of net income as dividends.

The Board of Directors is authorized to buy back up to 10 percent of the Company's share capital. The current authorization expires on June 30, 2014. However, the authorization will – as always – be replaced by a new authorization at the next AGM.

It has been an ongoing practice of PGS shareholders to grant limited authorizations to the Board of Directors permitting it to increase the Company's share capital and/or acquire the Company's shares (treasury shares) for certain defined purposes. Separate General Meeting votes are held for (a) authorizations related to employee stock option programs and (b) authorizations for other purposes. When a proposed authorization encompasses share capital increases and/or acquisition of treasury shares for various purposes, the Company does not find it practical to hold separate votes on each proposed purpose. Authorizations are time-limited, cf. the paragraph above.

4. Equal Treatment of Shareholders and Transactions with Close Associates

PGS has a single share class and all shares carry the same rights. At our General Meetings, each share carries one vote. Our Board of Directors is committed to equal treatment of shareholders in all respects.

When applicable, transactions involving the Company's own shares should be carried out through a stock exchange, or at prevailing stock-exchange prices if carried out in an alternative manner.

Transactions between the Company and shareholders, a shareholder's parent company, members of the Board of Directors, executive officers, or close associates of any such party (referred to as "Close Associates") shall be conducted at arm's length and at market terms. Material transactions with Close Associates will be subject to independent valuation by third parties. According to PGS' Code of Conduct, our employees shall not have any personal or financial interest that might conflict with those of PGS nor influence, or appear to influence judgments or actions in carrying out their responsibilities on behalf of the Company. According to our Rules of Procedure, a member of our Board of Directors may not participate in discussions or decision-making as to issues in which the director or any person closely associated with the director has a material personal or financial interest. The Code of Conduct and Rules of Procedure are available on our website: www.pgs.com.

5. Freely Transferable Shares

The Company's shares are freely transferable.

6. General Meetings

Through participation in General Meetings, our shareholders exercise ultimate authority over the Company and elect the members of its Board of Directors and the chairperson of the Board of Directors.

Pursuant to PGS' Articles of Association, the notice of an AGM is distributed at least four weeks in advance of the meeting to shareholders or their depository banks. For ADS holders, the record date for notice-distribution purposes is set at approximately five weeks prior to the AGM. A copy of the call notice with appendices will be posted on our website: www.pgs.com.

Notices convening Extraordinary General Meetings (EGM) must be distributed at least two weeks ahead of the meeting. The Board of Directors is to call shareholders to an EGM upon a written demand by the Company's independent auditor or shareholders representing at least five percent of the share capital, or for other purposes.

Shareholders who wish to attend a General Meeting must notify the Company's registrar or PGS by the deadline stated in the meeting notice, which must be at least two working days before the General Meeting.

According to the Company's Articles of Association, documents to be considered at the General Meeting may be published on our website. The same applies to documents that, due to statutory requirements must be attached to, or included in the notice calling the General Meeting. If the documents are published in such a manner, the statutory requirements for distribution shall not apply. Nevertheless, shareholders are entitled to request that documents to be considered by the General Meeting be sent to them via regular mail.

To vote at General Meetings, in person or by proxy, a shareholder must be registered with the Norwegian Central Securities Depository (VPS). Holders of American Depository Shares ("ADS") may vote according to the underlying shares by: (a) having the underlying shares transferred to an account with the Norwegian Central Securities Depository in the name of the holder, (b) attending the meeting as a shareholder by providing their name and address and a confirmation from Deutsche Bank, depositary for the ADS, to the effect that they are the beneficial owner of the underlying shares, or (c) authorizing Deutsche Bank to vote the ADS on their behalf in accordance with specific guidelines.

An owner with shares registered through a custodian has voting rights equivalent to the number of shares covered by the custodial arrangement, provided that the owner of the shares, within two working days ahead of the General Meeting, provides PGS with his or her name and address together with written confirmation from the custodian to the effect that he or she is the beneficial owner of the shares held in custody.

Written and/or electronic voting in accordance with the Norwegian Public Limited Liability Companies Act, section 5-8b, shall be allowed for meetings where such method of voting is arranged by the Board of Directors.

All directors generally attend the AGM together with the chairman of the nomination committee and the auditor. In accordance with our Articles of Association, the chairperson of the Board of Directors chairs General Meetings. This is a deviation from the NUES Recommendation (identified below) No. 6 for making arrangements to ensure an independent chairman for the General Meetings. The reason for this deviation is that the Company has found this more practical and that PGS wishes to ensure that General Meetings are chaired by a competent person having proper insight into PGS' overall operations.

7. Nomination Committee

According to our Articles of Association, the Company has a Nomination Committee comprised of three members to be elected by our shareholders at the AGM. Nominations should take into account the interests of shareholders in general. The members and the chairperson of the Nomination Committee are elected at the General Meeting. The majority of Nomination Committee members shall qualify as independent parties, pursuant to the Norwegian Code of Practice for Corporate Governance. The term of service shall be two years unless the General Meeting determines that the period shall be shorter.

The Nomination Committee's main responsibilities, which are set out in its charter, are to propose nominees for election as members and chairperson of the Board of Directors and the Nomination Committee. Further, the Committee proposes remuneration to be paid to members of the Board of Directors and Nomination Committee. Remuneration is approved by the General Meeting. Annually, the Nomination Committee produces a written report containing its nominations and proposals, which is distributed in advance of each AGM.

Once a year, the Nomination Committee meets with each director individually and discusses how the Board and its committees function and whether there is a need for changes to the Board.

Current Nomination Committee

The current Nomination Committee comprises Roger O'Neil (chairperson), C. Maury Devine, and Hanne Harlem. All three were reelected at the AGM held May 14, 2013 for a service period ending with the 2014 AGM.

Shareholders who wish to propose new Board members may do so by submitting a candidate's name to PGS' investor relations staff via the Company's website: www.pgs.com by following the link, "Nominate a Board Member." The deadline for submissions each year is the end of February. Alternatively, candidates can be proposed by letter to PGS or via email to: ir@pgs.com. PGS does not employ any Nomination Committee members and none is a member of the Board of Directors.

In 2013, the Nomination Committee held four meetings. The Nomination Committee's report on its work and recommendations will be distributed with the notice of the 2014 Annual General Meeting.

8. Board of Directors — Composition and Independence

According to PGS' Articles of Association, our Board of Directors shall have from three to thirteen directors. The period of service for members of the Board of Directors shall be one year.

The Board has adopted its own Rules of Procedure that establish in more detail its roles and responsibilities, including:

- Directors' qualifications
- Requirement that a majority of the Board, a majority of the members of the Remuneration and Corporate Governance Committee, and all members of the Audit Committee are considered to be independent directors
- Annual review and determination of the independence of each director.

The composition of the Board of Directors is a reflection of the Company's commitment to protect the common interests of all shareholders and the Company's need for expertise, capacity, and diversity.

All directors are independent of the Company's management. All directors are also per December 31, 2013, independent of our major business relations and major shareholders. The Board of Directors has considered whether Walter Qvam, who was appointed to the Board of Directors in November 2013, can be considered independent as he is the Chief Executive Officer of Kongsberg Gruppen ASA. Kongsberg Gruppen ASA, through its subsidiaries, is a provider of various services and equipment to PGS. However, this activity is not significant for either of the two companies involved, and PGS' Board has concluded that Mr. Qvam is to be regarded as independent of the Company. No member of our Board of Directors may be an executive of PGS. Directors are not permitted to perform paid consultancy work for PGS. Five board members, directly or indirectly, own PGS shares.

Shareholders and other interested parties may communicate directly with our independent directors by written correspondence addressed to Petroleum Geo-Services, Board of Directors (Independent Members), Secretary of the Board of Directors or to the Company's General Counsel Rune Olav Pedersen, PO Box 251, NO-0216 Oslo, Norway. Further, our website: www.pgs.com invites shareholders wishing to discuss corporate governance or corporate responsibility matters to contact Mr. Pedersen by phone or arrange a meeting with him.

Current Board of Directors

As of December 31, 2013, the Board of Directors comprised nine shareholder representatives. Current board members are presented on the Company's website: www.pgs.com and in the Company's annual report.

9. The work of the Board of Directors

In accordance with Norwegian corporate law, our Board of Directors has overall responsibility for management of the Company, while the Company's Chief Executive Officer ("CEO") is responsible for day-to-day management.

The Board of Directors provides oversight of the CEO's day-to-day management and company activities in general. The Board of Directors is also responsible for ensuring that appropriate management, guidelines, and control systems are in place and are followed. The CEO, as agreed with the chairperson of the Board of Directors, annually submits a schedule for the meetings of the Board of Directors in the upcoming calendar year. The schedule is subject to Board approval. In 2013, the Board of Directors held nine meetings including conference calls. During 2013, all directors participated in all meetings and conference calls, with the exception of one director who missed one meeting and another director who missed one conference call.

Key elements of the Rules of Procedure cover the Board of Directors' responsibilities to determine the Company's financial targets, set strategies along with the CEO and executive committees, and approve business plans, budgets, and budgetary and risk frameworks. In its supervision of the Company's business activities, the Board of Directors will seek to ensure that satisfactory procedures are in place for monitoring and follow-up of Board-approved corporate principles and guidelines covering areas such as ethical conduct; adherence to laws, rules, and regulations; health, safety and environment; and corporate social responsibility.

The Rules of Procedure also require an annual self-evaluation to determine whether the Board of Directors and its committees are functioning effectively. The annual self-evaluation is prepared and facilitated by the Remuneration and Corporate Governance Committee. An anonymous survey is carried out and the findings are discussed by the Board of Directors. The survey's findings are made available to the Nomination Committee. The Chairperson of the Nomination Committee also shares with the Board relevant information for improvement of Board processes that may come up in their annual interviews with individual directors.

Each scheduled Board of Directors meeting includes a separate session at which issues may be discussed without the presence of management.

The tasks and duties of the CEO vis-à-vis the Company's Board of Directors are also outlined in the Rules of Procedure, along with the tasks and duties of the chairperson of the Board of Directors. The CEO participates in all board meetings other than closed sessions. The Board of Directors elects a vice chairperson to chair board meetings in the chairperson's absence. The full text of the Board of Directors' Rules of Procedure is available at: www.pgs.com.

Our governance structure is organized as described below.

Our Board of Directors is responsible for the development and supervision of our business activities. The Board has established an Audit Committee and a Remuneration and Corporate Governance Committee to assist in organizing and carrying out its responsibilities.

Board responsibilities include:

- The Board of Directors appoints the Company's CEO
- The Board of Directors, along with the CEO, is committed to operating PGS in an effective and ethical manner in order to create value for the Company's shareholders. Our Code of Conduct requires management to maintain an awareness of the risks involved in carrying out our business strategies. Personal interests must not override or conflict with the interests of PGS.

The responsibilities of the CEO include:

- Day-to-day management of company activities
- Organizing PGS' Executive Committees and the Disclosure Committee to further assist the CEO
- The CEO, under the guidance and supervision of the Board of Directors and the Audit Committee, is responsible for ensuring that the Company's financial statements in all material respects, fairly present the Company's financial condition and the results of its operations. Timely disclosure of issues to the Board of Directors is also essential to the assessment of the Company's financial condition, business performance and risks.

Board of Directors Committees

Our Audit Committee comprises board members Harald Norvik (chairperson), Carol Bell, Daniel J. Piette, and Anne Grethe Dalane. All committee members are considered independent of the Company. The committee's functions are to assist the Board of Directors in its supervision of the integrity of PGS' financial statements; to monitor the independent auditor's qualifications, independence and performance; to monitor the performance of the internal audit function; and to promote and review compliance with laws and regulatory requirements.

PGS' Remuneration and Corporate Governance Committee comprises board members Holly Van Deursen (chairperson), Annette Malm Justad, Ingar Skaug, and Walter Qvam. The function of the committee is to assist in matters relating to compensation, benefits, and perquisites of the CEO and other senior executives. Review and modification of the Company's guidelines for good corporate governance are also committee responsibilities.

10. Risk Management and Internal Control

The Board of Directors is responsible for ensuring that appropriate guidelines, monitoring, and internal control systems are in place and effective. These are to include embedding risk management, designating risk ownership, and implementing risk responses and controls.

The Board of Directors has systems in place to ensure that the CEO exercises appropriate and effective management. The Board of Directors' Audit Committee assesses the integrity of PGS' accounts. It also inquires into, on behalf of the Board of Directors, issues related to financial review and external audit of PGS' accounts. Further, the Board of Directors and the Audit Committee supervise and verify that effective internal control systems are in place, including systems for risk management and financial reporting.

The Board of Directors and the Audit Committee take steps to ensure that the Company's internal control functions are working as intended and that necessary measures are taken to reduce extraordinary risk exposure. Furthermore, the Board of Directors makes certain that there are satisfactory routines for follow-up of principles and guidelines adopted by the Board of Directors governing ethical conduct; compliance with laws, rules and regulations; health, safety and working environment; and corporate social responsibility.

The Company's anti-corruption program includes a policy, a management statement, and procedures as to several ethical issues, periodic training, high risk area assessment and monitoring, compulsory contract wording, etc. The policy and procedures are available at www.pgs.com. The program is evaluated on a regular basis by the Audit Committee.

Management maintains and regularly reviews a risk matrix setting out the main risks for the Company. These risk factors and the Company's risk mitigating activities are subject to discussion in the Board of Directors at least once a year.

Management conducts day-to-day follow-up of financial management and reporting. Management has established a structured process to ensure that Internal Control over Financial Reporting is effective. The process includes identification and assessment of all material financial reporting risks, identifying and documenting relevant controls to address these risks, and monitoring that controls are implemented and performed. For controls that are not operationally effective at year-end, their potential financial exposure and impact on the consolidated financial statements are evaluated.

Internal Audit Department

PGS has an Internal Audit Department reporting directly to the Audit Committee on its audit planning and audit reports. The purpose of the Internal Audit Department is to perform independent, objective assurance and consulting activities that add value and improve the Company's initiatives in financial, operational and compliance areas.

The scope of work for the Internal Audit Department includes determining whether the Company's risk management, control, and governance processes, as designed and represented by management, are adequate and well-functioning. The department has established a process for ensuring that adequate internal control-related activities are integrated into significant PGS business operations worldwide and that focus is directed towards areas of perceived high risk.

Any non-conformance is systematically followed up and corrective measures are implemented and their effects monitored.

11. Remuneration of the Board of Directors and Executive Management

Remuneration of board members is not linked to performance but is based on participation in meetings and is subject to annual approval by the General Meeting. Board members shall not solicit or accept specific assignments for PGS beyond their role as Board members. Board members do not hold any PGS share options.

For details on compensation to individual board members, please see Note 34 to the financial statement of PGS.

Remuneration payable to board members will be proposed by the Nomination Committee according to its charter, and submitted to the AGM for approval.

Executive remuneration is one of the primary tasks of the Remuneration and Corporate Governance Committee. The committee annually reviews the total compensation level, the mix between fixed and performance related compensation and the mix between short, medium and long-term compensation. The Remuneration and Corporate Governance Committee has developed an annual schedule in order to ensure and facilitate a structured approach to the annual review of executive compensation. The committee has also engaged an external advisor for this work.

A specific peer group of comparable companies and an executive remuneration philosophy have been adopted. The peer group currently consists of seventeen companies from Norway, Europe, and the Americas. All companies are of comparable size and have international operations in the oil service sector. The external advisor collects and compiles relevant information on peer group companies. This information is used by the Remuneration and Corporate Governance Committee for benchmarking executive remuneration. The executive remuneration policy document includes certain targets and guidelines on how the Company's executives should compare to the peer group. These tools amongst others, are used by the Remuneration and Corporate Governance Committee to decide on an appropriate remuneration structure and to set appropriate total remuneration.

Compensation for the CEO adheres to the same process as that used for other executives, but is also subject to approval by the Board of Directors.

PGS currently has a compensation structure for executive managers that includes a base salary, benefits such as newspaper and mobile phone subscriptions, cash bonuses, pension plans, and stock-based long-term incentive programs. Features of these programs include an absolute ceiling on performance-related remuneration and a cap on maximum gain on option programs.

For further details on the compensation structure and total compensation to executive team members, see Note 34 to the financial statement of PGS.
