## Photocure ASA - Initiation of a share buyback

Oslo, Norway, June 7, 2021

Photocure ASA ("**Photocure**" or the "**Company**") has decided to initiate a buyback of up to 50,000 of its own shares for a total maximum amount of NOK 12,500,000. The buyback program may be carried out in the period from this announcement and until June 30, 2021.

The purpose of the program is to acquire shares that can be used as settlement in the Company's share-based incentive scheme. Any acquired shares may also be used for subsequent reduction of the capital of the Company or to meet obligations arising from debt financial instruments that are exchangeable into equity instruments in compliance with the EU Market Abuse Regulation article 5, and as approved by the general meeting of the Company.

The buybacks will be made in accordance with the authorisation granted to the board of directors by the Company's annual general meeting held on May 20, 2021. According to the authorisation, up to 2,682,000 shares may be purchased at a minimum of NOK 0.50 and a maximum of NOK 250 per share. The authorisation is valid until the annual general meeting in 2022, however no later than June 30, 2022.

All acquisitions under the buyback program will be executed on Euronext Oslo Børs. The execution of any repurchases will depend on market conditions, the buyback programme may be discontinued at any time and the Company may resolve to terminate the buyback programme before the threshold set out above is reached.

Photocure owns 21,010 own shares in the Company as of the date of this announcement.
