Photocure ASA: Exercise of employee share options and share capital increase

Oslo, Norway, 30 August 2021: Participants in Photocure ASA's ("**Photocure**" or the "**Company**") share option program have on 30 August 2021 exercised a total of 25,500 options distributed as follows:

- 3,000 options exercised according to the option program for 2019 at a strike price of NOK 50.72; and
- 22,500 options exercised according to the option program for 2019 at a strike price of NOK 56.83.

Each option gives a right to receive one share in the Company. The share options are described in note 7 and 23 in Photocure's annual financial statements for 2020.

Following the exercise, the Board of Directors, pursuant to authorisation granted by the Company's Annual General Meeting, has decided to increase the Company's share capital by NOK 12,750 by issuing 25,500 new shares, of par value NOK 0.50. Subsequent to the transaction, Photocure's share capital will be NOK 13,471,910 divided into 26,943,820 shares, each share having a par value of NOK 0.50 and carrying one vote in the Company's general meeting.

22,500 options are exercised by primary insider of the Company Geoffrey Coy, VP & General Manager US Operations:

Primary insider notification pursuant to the market abuse regulation article 19 is attached.

The primary insider mentioned above has transferred his rights to receive shares resulting from the exercise of options to a third party. Following a sale of shares, the primary insider will receive the net proceeds after deduction of the strike price and accrued tax. The primary insider will use the full net proceeds to purchase shares in Photocure. The sales amount and the number of shares purchased will be finally determined on the basis of the price subsequently obtained by the third party in the market. The results of the sales process will be announced in a separate stock exchange notice when known.
