

## Rana Gruber ASA – Production update Q2-23

Rana Gruber has today published the production update for the second quarter of 2023. The concentrate production of the second quarter was 427.000 metric tons, up from 393.000 metric tons last year.

Volume sold of hematite was 432.000 metric tons, which corresponds to seven shipments. Final settlement of these shipments will be in July (3), August (2) and September (2).

As previously announced, two shipments were sent to China. There has been a change in the destination for one of these shipments. One shipment was redirected to India, while the other was delivered to China as planned. Final settlements for these shipments will be in July and August.
