

Maarten Roef as Supervisory Board member

By Alfen

Read time: 1 minute

Alfen N.V. confirms that all resolutions that were brought up for vote were adopted by the general meeting of shareholders earlier today.

Mr. Maarten Roef was appointed to the Supervisory Board of Alfen N.V. for a period of four years. Maarten Roef brings extensive senior leadership experience in the energy transition, supported by broad national and international expertise. An experienced professional with a strong background in technology and innovation, Roef's profile aligns with the strategic priorities of Alfen. Roef will succeed Mr. Henk ten Hove as Chair of the Supervisory Board and member of the HR Committee. Henk ten Hove served as a Supervisory Board member and Chair since March 2018.

Michael Colijn, CEO of Alfen: *"We welcome Maarten Roef as new member and Chair of the Supervisory Board. Maarten Roef brings excellent vision and international experience around transformation and technology innovation, which is highly relevant for the markets where we operate. I also want to express my deep appreciation to Henk ten Hove, the departing Chair of our Supervisory Board, for his significant and invaluable contribution to Alfen over the past eight years. He has provided consistent and thoughtful guidance and oversight throughout his time in the Supervisory Board."*

The voting results per agenda item will be published on the Alfen website on 8 April 2026.
