### **Ctac subsidiary Yellow2B and Sybase sign partner contract**

#### ***Yellow2B appointed as Sybase Business Solution Alliance Partner***

**Yellow2B, Ctac specialist in creating more accessible, enriched and user friendly SAP systems, and SAP subsidiary Sybase sign a partner contract. Following the signing of this contract, Sybase will appoint Yellow2B as Business Solution Alliance Partner.**

Following the collaboration, Yellow2B will add the Sybase Unwired Platform to its portfolio. This platform complements the unique maKLIK concept and the Yellow2B software components which were specially developed for SAP. In doing so, SAP will be available to a wider audience. With the Sybase Unwired Platform a SAP user securely and efficiently accesses company data through mobile devices. Sybase is market leader in managing, analyzing, distributing and offering mobile access to information. SAP acquired Sybase in July 2010.

Artie Jasperse, Regional Sales Manager Benelux at Sybase: "Yellow2B is a great addition to our existing partner portfolio. The company has its roots in SAP system accessibility. Moreover, for the past ten years Yellow2B has won its spurs in making SAP more user friendly."

André Zandberg, Managing Consultant at Yellow2B: "Mobile business applications are emerging. Through the Sybase Unwired Platform we can now support our clients even better in developing and securely distributing mobile applications. This platform seamlessly integrates with our maKLIK approach to offer access 24/7 to SAP systems for everyone and everywhere. We are looking forward to further 'mobilize' SAP, using the Sybase platform."
